

King's Platers

It is a wise man who keeps to the regular King's Plates in the matter of hats—the everlasting favorites of Henry Heath of London, England. Heath makes hats almost exclusively for His Majesty King Edward and for most of the crowned heads of Europe. To wear a Heath hat is to be in style absolute. We are their sole Canadian agents.

SILK HATS

Henry Heath of London and Dunlap of New York. Tress, Hillgate, Dineen Christy—\$5.00 to \$8.00.

DERBY HATS

Stiff Felt Derby Hats by the world's best makers—Heath, Dunlap, Tress, Christy, Stetson—\$2.00 to \$5.00.

ALPINE HATS

Everything new in Alpine Hats. The kind that look stylish for semi-dress and street wear and for outings—\$2.00 to \$5.00.

DEER PARK.

Pupils Gave Splendid Program Last Night.

DEER PARK, May 22.—Invitations are out announcing the wedding of Miss Isabella Bredin, De Lisle-street, daughter of Ald. Mark Bredin, to Charles Reginald Holmes of Toronto. The marriage ceremony will be performed in the Church of the Messiah, Avenue-road, on Wednesday, June 10. The pupils and ex-pupils of the public school gave an excellent musical program to-night. Those who contributed to the program were Miss Blanche Thomas, Miss Dolly Lee Reynolds, Miss Annie Murray, Miss Myrna E. Grainger, Miss Effie McCaul, Mrs. Clement and Messrs. Grant Thomson and Malcolm Stobie. Several choruses were rendered by the school. The board of control this morning advocated the annexation of Wyckwood and Bracendale.

NORTH TORONTO.

Methodist Church Will Spend \$5000 on Enlargement.

NORTH TORONTO, May 22.—The trustees board of the Eglington Methodist Church met last night to consider a plan for enlarging and improving the church and Sunday school room. The plan submitted to the board was accepted by the board and a congregational meeting will be held on Thursday, June 4. The estimated cost for a new organ, a new system of heating and lighting, with the church improvements will amount to a little over \$5000.

George Horn of Victoria-avenue is the lay representative of the Eglington church at the central district meeting.

Mr. and Mrs. A. H. St. Germain left on this morning's C.P.R. train to connect with one of the C.P.R. steamships for England. Their trip will be by the St. Lawrence pleasant and interesting route.

Sydney Whaley of Whaley Bros., who met with a bad accident to his back last Tuesday, is a little improved to-day.

The Conservatives of Eglington, east ward, will meet at the residence of T. A. Gibson on the evening of Tuesday, May 26.

St. Clement's Cricket Club yesterday defeated the De Lisle team of Deer Park by 80 to 21.

The flags were hoisted to-day over the public school buildings in celebration of Empire Day.

SCARBORO.

The members of Christ Church, Scarboro, held a meeting last Monday evening and decided to hold their annual lawn social on Wednesday, June 24, on the paragon grounds.

IN WEST TORONTO REGISTRATION IS SLOW

Saturday is Last Day Available—Rally in East Toronto—Funeral of Late Mr. Slater.

WEST TORONTO, May 22.—The work of registration for the coming election in West York closes as far as the City of West Toronto is concerned to-morrow (Saturday) night. Every young man 21 years of age or over who has lived in West Toronto for three months, and in the Dominion of Canada for twelve months, is entitled to register and have his vote. He does not have to pay taxes because he is registered. This seems to have prevented quite a number from registering up to date. Another thing to be borne in mind is that those who wish to have a vote in the Dominion election must register now as this may be the last chance of getting on the voters' list. The places of registration are as follows:

District No. 1 consists of polling subdivisions Nos. 1 and 2 in Ward No. 1, and Nos. 1, 2 and 3 in Ward No. 2. District No. 2 consists of polling subdivisions Nos. 1, 2 and 3 in Ward No. 3, and comprises that portion of the city lying south of the Canadian Pacific Railway tracks and east of the centre line of Keele-street. Place of registration at the city hall.

District No. 3 consists of polling subdivisions Nos. 1, 2 and 3 in Ward No. 4, and comprises that portion of the city lying to the south of the Canadian Pacific Railway tracks and between the centre line of Keele-street on the east and the centre line of McMurray and High Park-avenues on the west. Place of registration at the city hall.

District No. 4 consists of polling subdivisions Nos. 1, 2 and 3 in Ward No. 5, and comprises that portion of the city lying to the south of the Canadian Pacific Railway tracks and west of the centre line of McMurray and High Park-avenues. Place of registration at Mr. Daniels' house, No. 185 West Annette-street. It is the intention of Dr. Godfrey to hold a big meeting here Saturday night. He is making a very interesting factory canvass through the riding at the present time.

A delegation of the business men and residents of Guelph, together with the mayor, members of the council and Dr. Godfrey, chairman provincial board of health, visited the D. B. Martin Model Abattoir at West Toronto this afternoon and inspected the premises preparatory to the establishment of a municipal plant in that city. It is proposed that all meats will bear the government stamp, showing that all meat products have been found free from disease. The gentlemen composing the party were greatly pleased with the sanitary appliances used in the new Martin plant and intend to see that the people of Guelph get government inspected meat, so that no danger will exist from the contraction of tuberculosis or other diseases. Accompanying the party were Dr. Gilmour, medical health officer, and Chairman Rydman of the local board of health.

Still another hold-up has occurred in town. About 10 o'clock last night Mrs. E. and her son, who live in the cottage just outside the city limits, were going home with her little daughter past the corner of Elm-street and St. Clair-street when she was stopped by two young men who desired to have her purse and its contents. Mrs. Paton had her money in her possession, but she shouted for help and ran to James Barber's house, nearby, and Mr. Barber took her and the little girl home. Nothing further has been seen of the would-be thieves.

Some Back Taxes Yet.
City Treasurer Jackson reports that taxes of last year, totalling \$12,000, are still unpaid. Last year the tax collections and arrears paid amounted to \$12,843.

To-morrow will be a busy day in the registration booths, if anything like the number of men who yet have to register make an appearance.

In ward three there were 26 names registered on Wednesday, 20 yesterday and 30 to-day, making a total of 76 out of a printed list of 412, besides other names since added.

In ward four there have been 85 names registered during the past three days, out of a printed list of 305. Only 38 of this 305 have yet registered. The others are names not on the printed list.

In ward five there are to-night 33 names all told, out of a list of about 400 voters. There were 22 registered on Wednesday, 34 yesterday and 37 to-day.

The returning officers at the booths for wards one and two state that the registration on Wednesday and Thursday was very light, but that a great improvement was noticed to-day.

Visit Local Factories.
Dr. Godfrey and W. F. Maclean, M.P., visited the local factories this afternoon in automobiles to talk over the political situation. To-night all thru the town the foot-trot of Dr. Godfrey and G. V. Ferris' autos are heard.

Peter Hanson, August Mark and Henry Klimmster were arrested last night by C.P.R. constables for trespassing on railway property. Two of them were caught at Leaside Junction, the other one came in on train No. 6, and was beating his way. In police court this morning, Magistrate Ellis fined each of them \$1 and costs or 15 days in jail. In spite of the fact that all three had money, they refused to pay the fines and went to jail. Hanson had \$40 in his possession, but he wanted to keep it to pay his way back to Denmark.

Two plumbers from Toronto came here to-day to fix some radiators in Joseph Key's house at 20 Pacific-avenue. Late in the afternoon they were gathered in by the police on a charge of

The highest or any tender not necessarily accepted.
All tenders must be addressed to:
J. L. ORMEROD,
Chairman Property Committee East Toronto Public School Board, 82 Lyall-avenue, East Toronto.

EAST TORONTO.

Conservative Candidate Gets Good Reception at Public Rally.

EAST TORONTO, May 22.—Ex-Mayor Dr. Walters presided over a Conservative rally held in the Y.M.C.A. Hall here to-night, in the interest of Alex McCowan, the Conservative candidate, in East York.

The attendance was fairly large, and while the meeting was not wildly demonstrative there was a heartiness in the reception accorded Mr. McCowan which augurs well for the success of his candidature.

On the platform were W. F. Maclean, M.P., Kelly-Evans, Capt. T. G. Wallace, Mayor McMullan, Frank Gray, K.C., and Mr. McCowan.

W. F. Maclean, M.P., referred briefly to the timber policy of the Whitney government, as tending to the conserving of the forests of the province, and emphasized the necessity for even greater care in the future. Mr. Maclean referred to the interest taken in Germany in forestry matters. "My own idea," said the member for South York, "is that a man ought to be required

JEWELLERY REPAIRING

WANLESS & CO.
168 Yonge Street

before cutting down a tree to agree to plant two in its place." He referred to the wealth of the province, and to the wealth that would accrue from a royalty on the silver and nickel mines. He re-affirmed his belief in the ultimate triumph of the principles of public ownership and his advocacy of the candidates supporting these views. He had spent a busy week campaigning in the interests of public ownership advocates. On Wednesday night he had spoken for Dr. Godfrey in West York, on Tuesday evening for Joseph Russell in East Toronto, on Thursday night for A. W. Wright in West Toronto. He paid a well-merited tribute to the practical worth of Mr. McCowan in the legislature.

Kelly-Evans spoke at some length in support of the preservation of the fish and game of the province, and stated that the Whitney government would accord the movement a generous support.

Capt. Wallace made a capital address and elicited hearty applause. He dealt trenchantly with the sins of the late government, and declared that the Whitney administration to fulfil every pledge made in opposition.

Dr. Walters took up in detail the planks in Mr. Curry's platform, and proceeded to show that the Liberal candidate, if sincere in his profession, ought to support Premier Whitney. The doctor aroused considerable enthusiasm and was repeatedly cheered.

Alex McCowan was accorded a reception which left no doubt as to his popularity, and in return spoke briefly, declaring that while he was not an orator he knew better than Mr. Curry the needs of the electors. "If the government have done nothing else they have done away with the numbered ballot," said the candidate, and the gathering cheered him to the echo.

Empire Day was duly honored in all the public schools, the Union Jack being very much in evidence. The high school board invited the parents of the pupils and others, and the ladies served refreshments. In the public schools several teachers gave addresses on the empire and the flag. The pupils sang patriotic songs and executed some nice marching.

PICKERING.

Large Traffic for Holiday—Careless Use of Firearms Resented.

PICKERING, May 22.—Clarkson Rogers fell from a ladder recently and sustained severe injuries about the head. His condition is causing anxiety among his friends.

The Women's Institute meeting here next Thursday will be addressed by an American lady speaker. All ladies are welcome.

Dr. Byron Fields, late of this place, is at present on the ocean en route to the old land. A wireless message from mid-ocean was received by his father here.

Robert Bell, G.T.R. station agent here, won the \$500 lot offered in the Pickering prizes by the Canadian and Quebec Railway.

The police trustees owe a duty to the residents here in taking some action with respect to the reckless use of firearms at present in vogue in the village. Several cases of escapes from flying bullets have made it imperative that these careless users of firearms be brought to time. There is no part of the village where rifle practice can be safely indulged in, and parties doing so are, to say the least, criminally negligent. Action ought to be taken at once.

Subsidies Rejected.
WASHINGTON, May 22.—Practically all hope of a ship subsidy was abandoned to-day when the house rejected the conference report on the postoffice appropriation bill containing a provision therefor.

George Wears, 34 years, employed at the Toronto Brass Co.'s plant, cut his finger while at work yesterday morning. In dressing it he fainted and, in falling, struck his head, inflicting a severe gash.
