Baseball history interesting to Toronto will be made to-day, when the so-called outlaws convene in New York. There are 16 club-owners, including McCaffery, and they may become reconciled or they may decide to go it alone as a rival major league to the National and American.

According to the official averages of the Eastern Baseball League, that will be out next week, there are only four 300 hitters in the lot, Hugh Duffy ke-ing the leader, followed by Poland, alze of Providence, and then Jimmy Jones of Montreal, the real champion, because be participated in practically, all the he participated in practically all the sames. Last of the quartet is Pfeffer of Baltimore. Bill Phyle is Toronito's best with the stick, but he is away down in the list. Considerable satisfaction is expressed on Varsity's selection of captain for the next Rugby campaign! President Hendry of the Canadian declares New-ton is the wisest possible pick. May he have some luck and win the Cana-dian championship in 1909. Of all sports designed for use in

colleges, football is superior, says one of the former star quarterbacks. He reasons thus with considerable logic: Rowing is purely physical sport.
