Second Floor, Queen St.

Store Opens at 8.30 a.m.—Closes at 5 p.m. Closing Saturdays at 1 p.m.

LOEW ENTERPRISES HAVE GREAT YEAR

Propose to Introduce Many Innovations in Chain of Theatres.

Reaching New York on Washington's birthday, after a triumphant trip to the coast, where he consummated a deal for the purchase of the Metro Film Corporation properties, Marcus Loew, head of the great chain of theatres, bearing his name in Canada and the United States, cast aside business cares for a few hours to go to a private hospital to see a grandson born while he was in California. Mr. Loew was accompanied by a few members of his executive staff, who added joy to the occasion by the announcement that the close of the business and financial year of the Loew theatrical enterprises had been productive of the greatest year's business in the history of the company. All records for receipts and attendance were broken all over the circuit, which now extends from coast to coast in Canada and the United States. In view of the tremendous success recorded, Mr. Loew announced that the ensuing year will be marked by the introduction of many innovations in his string of theatres on a scale never before attempted in popular-priced theatres. With the addition of a number of big-time acts that will greatly reinforce the army of entertainers now playing the Loew circuit, Mr. Loew intimated that with the acquisition of the Metro Film Corporation properties, he had also engaged a number of film stars who will appear in a series of pictures to be shown exclusively at his theatres. Respecting his operations in Canada, Mr. Loew said he proposes building theatres in all the large amusement centres of the Dominion, and thus establish one of the greatest chains of theatres ever attempted by a theatrical corporation on the North American continent. Mr. Loew will be in Toronto in a few weeks to inspect the new theatre under construction in North Toronto, and also at Ottawa and London, the latter being opened a few weeks ago.

NEW RAILWAY APPOINTMENT

Announcement is made today at Canadian National Railway offices here of the appointment of Edward Broderick to be right of way and property agent of western lines of that company with office at Winnipeg. Mr. Broderick was formerly chief clerk in the right of way department at that point.

SHILOH 30 DROPS COUGHS

McMASTER GRADS. LEAVE FOR MISSION FIELD

Three graduates of McMaster University are about to leave for the foreign mission field. Norman W. D. Davis, 14, son of Mr. and Mrs. William Davis, 998 St. Clarens avenue, Toronto, leaves tonight for northern Nigeria. He has spent five years among the Yoruba tribe, and after a year's furlough is returning to resume his work and especially to train a native ministry. He is accompanied by his bride, who was Miss Esther Ericsson of Moody Institute, Chicago. During his absence another graduate of McMaster, J. S. Hall, 16, has been carrying on in Nigeria. Percy F. Ziemann, 16, of Preston, sails next week from San Francisco for Japan, where he will act as instructor in English and supervisor of athletics in Waseda University, Tokio. Since his graduation he served in the R.A.M.C., and was pastor of the St. John's Road Baptist Church. In his new position he will be one of two English-speaking instructors on a staff of 400 Japanese teaching 11,000 students. A Stewart Woodburne, '06, formerly of London, is returning to India, after a furlough, during which he obtained his Ph.D. at Chicago, and was for seventeen months with the American Red Cross in the training camps. He has accepted appointment as principal of the high school at Kurnool, Madras Presidency.

CAPTAIN SEEKS ACCOUNTING.

Evidence was heard yesterday by Mr. Justice Rose in the action brought by Capt. F. J. Eber of Orono against Noel Marshall and the Standard Fuel Company, for an accounting of the profits of the steamer Veronika, in which he claims to have one-fourth interest, and for \$3500 which he claims as his share of demurrage due to the boat. The defendants allege that the plaintiff received \$8750 as his one-fourth share when the boat was sold, since when, they state, plaintiff has been acting as captain of the boat on salary. The defendants have paid \$4000 into court, which they say is more than sufficient to satisfy plaintiff's claim. Defendants say they already had offered \$3516 to plaintiff in satisfaction of his claim. The case is proceeding.

NO TROUBLE ANTICIPATED.

Machinists in America, according to the latest report issued by Harry Harper, general organizer for Canada, have achieved immense organization during the past six years. In 1914 the members in the international totalled \$1,000; today they number 400,000, an increase of 320,000. No trouble is anticipated relative to the new schedule, which calls for between 80 and 90 cents an hour.

WANT MORE MONEY.

Railroad teamsters in Toronto have refused to consider the schedule drawn up by their special committee, and they have instructed this committee to prepare a schedule at a minimum rate of \$25 a week, believing that no one can live on less.

"TIGER" UNABLE TO VISIT FAIR

Former French Premier Sends Regrets to National Exhibition Board.

"M. Clemenceau, who had already perfected all arrangements for his trip to Egypt, was very much pleased with your kind invitation and sincerely regretted his inability to take advantage of it. He feels very deeply about what was accomplished for France and civilization by Canada during the war, and would have been delighted to show his appreciation to our country by going to Canada next summer, but he feels that his advanced age prevents his taking advantage of such engagements." Above is an extract from a letter received yesterday by General Manager John G. Kent from M. Philippe Roy, commissioner-general for Canada in France, in answer to an invitation extended some time ago by President T. A. Russell to open the Exhibition this year. Mr. Roy, who was a visitor to the Exhibition last year, and at that time predicted that France would have a national building on the grounds within two years, sends his regrets at being unable to induce the "Tiger" to visit the Exhibition, and adds: "I am still working on the project of getting the French government to have a permanent pavilion at your fair. I feel that I will succeed in getting it, but at the present moment international matters are so unsettled that it is difficult to make headway."

OTHER PEOPLE'S MONEY.

J. Harold Walker of Toronto has applied for probate of the will of his sister-in-law, Elizabeth Langlois Woher, who died in San Anselmo, California, on December 10 last, leaving an estate of \$5180. The estate is to be held in trust until the youngest of testator's four children is 25 years of age, when the estate is to be divided equally between them. Mrs. Ruby Pearl Jeffers of Toronto left an estate of \$4081. After providing for certain legacies to relatives, deceased bequeathed the residue of her estate to her husband, Frederick T. Jeffers.

TO BUILD NEW BUNGALOWS.

Fifty bungalows will be erected this year by Dodds Ltd. on a subdivision which they control, west of the Humber, adjoining the Home Smith property. The building restrictions call for a high type of residence.

MURINE Eyes, Restores, Soothes, Heals—Keep your Eyes Strong and Healthy, if they Tingle, Smart, Itch, or Burn, if Sore, Irritated, Inflamed or Granulated, use Murine often. Safe for Infant or Adult. At all Druggists in Canada. Write for Free Eye Book. Murine Company, Chicago, U. S. A.

ARE ADDING TO STRENGTH.

That the Canadian Federation of Labor is determined to add to its strength and numbers, and is fast doing so, is said to be evident from figures presented by its chiefs. In Montreal recently nearly three thousand new members, comprising four locals, were taken in, and in Toronto all unions report a definite increase in membership. The latest move is connected with the patternmakers, an organization with comparatively few members, most of whom, however, are men of great skill, and therefore receiving high wages. It is the intention of the federation to gather in the international members, and thus capture the whole trade.

CITIZENS' LIBERTY LEAGUE.

The Barlscourt branch of the Citizens' Liberty League intend holding a public meeting on Tuesday evening next, March 2, in the Belmont Hall, when the president, Lieut.-Col. Marchin, and others will deliver addresses. It is expected that the meeting will also be attended by a large body of the G.W.V.A. and U. V. L.

DANFORTH ANNEXATIONS

Three Petitions or More to Come Before the Board of Control.

At least three petitions from residents of the township north of Danforth avenue, asking that they be taken into the city, will come before the board of control today or next week. One is from the district between Carleton and Donlands avenues, and south of Cronyn avenue; another from the owners of the acreage blocks north of Danforth and lying between Bathgate and Woodbine avenues, known as the Harris and Synod lands; a third from the residents immediately north of the Synod acreage, between Poulton and Sammon avenues.

The Synod lands, consisting of about 72 acres, have been sold, as The World reported yesterday, to a syndicate, who will put this area on the market at once. Most of the land in the block north of this is owned by W. N. McEachern & Son, who erected and sold 70 brick houses in this district three years ago. Ninety-five per cent. of the residents have signed the petition to come into the city. This block contains only about 30 acres. There is also said to be a considerable sentiment further east in favor of making Sammon avenue the northern limit of the city, right thru to the Scarborough line. This step would be in sympathy with the petitions already prepared, and with the wishes of the Davies estate, who have acreage south of this proposed boundary, just west of Broadview avenue.

Judge Scores Gambler

Who Tries to Evade Debt

Samuel Gluckliok was defendant in the division court yesterday in an action brought by George Wright & Co. for \$51, the contents of a promissory note signed by defendant and given by him to A. G. Gray, now serving three years at Kingston penitentiary for theft from the plaintiffs, to cover his losses in a poker game with Gray, who endorsed the note to the plaintiffs. Gluckliok pleaded that as the note was given for a gambling debt it could not be collected. Judge Morson had some scathing remarks to pass on this kind of defence. "If you had won you would have collected. A man who will not pay what he loses at poker should be ashamed of himself. I have no use for such a man and I do not like a man who squeals when he is bitten." Case adjourned for a week.

AUTOIST SENTENCED.

John Dodds was committed to jail for seven days for being in charge of an automobile while under the influence of liquor. An appeal will be made.

Appeal to the Public!

Telephone operators, have not escaped in the prevailing epidemic, the result being a very high percentage of absentees in all our eleven city exchanges.

Numbers of citizens, kept at home through illness, are using the telephone more than under normal conditions. As a result the calling rate is very heavy.

There are, of course, necessary telephone calls that must be made. But may we ask that, until the situation clears, all telephone users assist us by making only necessary calls.

The Bell Telephone Company of Canada
