Earthquake record taken at the weather bureau

GREAT NEED OF CONTRIBUTIONS.

MELBOURNE, April 23.—Funds have been started at the various Australian capitals in aid of the sufferers by the San Francisco earthquake.

Premier Seddon, on behalf of New Zealand, has offered \$25,000.

Mayor Schmitz, of San Francisco, cabled yesterday to the Mayor of Sydney that there is urgent need of contributions to the relief of the distressed inhabitants.

SAN FRANCISCO, April 23.—The fire which seemed to have died out yesterday broke out with renewed vigor in the coal bunkers north of the ferry building shortly after midnight. The fire reached these bunkers Saturday but was apparently checked after a hard fight although the blaze stubbornly resisted all efforts of the firemen to extinguish it.

Unless the flames can be subdued, there is grave danger that they will eat their way across to the docks, north of the ferry buildings, and reach this great structure.

Early this morning the fire was burning fiercely.

OAKLAND, Cal., April 23.—That the chances of an epidemic breaking out among the refugees may be lessened, Governor Pardee last night issued an order that all the large camps be broken up into as small communities as possible.

The governor has received a message from Secretary of the Interior Hitchcock, offering to care for 200 of California insane patients at the St. Elizabeth Hospital, at Washington, D. C.

Gen. Funston has notified Gov. Pardee that the prisoners who were taken from San Francisco to Alcatraz Island, a government fortress in Frisco Bay, at outbreak of the fire, must be immediately removed from the island on account of the lack of water and crowded conditions.

Telegraph Companies

Installing New Plants

OAKLAND, Calif., April 23.—Three carloads of dynamo, telegraph instruments, etc., and a dozen vibration operators, arrived here last night from Chicago, consigned to the Western Union.

A plant will be immediately established at West Oakland, and by tomorrow night it is believed the congestion of messengers will be greatly relieved.

The Postal Telegraph Co. is rapidly installing its dynamo plants and instruments in this city. The offices will be the headquarters of the company will be at Oakland for a fortnight at least, possibly longer.

The Commercial Cable Co. reports that its underground city lines in San Francisco suffered no damage from the earthquake shock.

The Burnt District

Seven Square Miles

SAN FRANCISCO, April 23.—The area of the burnt district is seven square miles.

More Shocks Felt

in Other Places

GRANTS PASS, Ore., April 23.—An earthquake shock was felt here a few minutes past one o'clock this morning.

PORTLAND, Ore., April 23.—A special to the Oregonian from Glendale, Ore., says that an earthquake shock was felt there at 1:11 o'clock this morning. The shock was sufficiently severe to rock buildings and rattle china in the closets.

LONDON, April 24.—According to a despatch from Tokyo, to the Times newspaper in the Imperial University says that the San Francisco earthquake reached Japan in eleven minutes. The Red Cross society of Japan is sending a hospital ship to San Francisco.

GRANTS PASS, Ore., April 23.—No serious damage was done, although the houses were shaken and windows broken. The shock lasted for fifteen or twenty seconds.

Winnipeg Gives \$10,000 to San Francisco Relief

WINNIPEG, April 23.—(Special)—The city council on Saturday voted ten thousand dollars for the relief of San Francisco, half of this was wired to Vancouver to purchase supplies and work was received on Saturday night that supplies purchased there would go forward on Tuesday by steamer Amur, which the C. P. R. had kindly placed at the disposal of the relief committee.

Bodies Recovered

From Insane Asylum

OAKLAND, Cal., April 23.—That the bodies of 80 patients and 11 attendants have been recovered from the ruins of the Agnew asylum for the insane, near Santa Rosa, is the telegraphic information conveyed to Gov. Pardee last night by Dr. Hatch, superintendent of the state hospital.

Many Steel Buildings

Found Almost Intact

SAN FRANCISCO, April 23.—Property owners had an opportunity yesterday to inspect some of their holdings and in a measure what damage had been done. The modern steel buildings were found to be almost intact. In every instance it seemed that the earthquake had not damaged them.

The steel frame were in perfect plumb and apparently as strong as ever. Cornices and fancy trimmings (all) but that was all. Even when the fire swept through them only the wood work was damaged.

The Fairmont Hotel on Nob Hill will be rushed to completion.

The Spreckels building at Market and Third streets, will be occupied in a few days; the Union Trust building at Montgomery and Market has lost only the interior woodwork, and the St. Francis Hotel is in the same category. An inspection of the Call building at Third and Market streets disclosed the fact that several of the floors of the building were in good condition and could, after slight repairs, be used as formerly. The new Monadnock building on Market street, next to the Palace Hotel, was found to be in first class condition, even the woodwork in the interior of the building was unharmed, and the owner, Herbert E. Law, announced that within ten days he would be renting offices in this building. The Monadnock is a large structure of steel and brick, and was almost completed when the fire came.

Survivors Tell

of Their Escape

SALT LAKE, Utah, April 23.—Scores of Salt Lake people were in San Francisco at the time of the earthquake and many of them returned home yesterday. J. J.

Daly, a wealthy mine owner, escaped with his wife and four children. He left the Charlemagne Hotel in his automobile, but the police made him give it up to carry the wounded.

Speaking of his experiences he said: "The polling of the city was perfect under the circumstances, and I want to give unqualified praise to the chief and his brave men. We finally got over to Oakland and in a half-dressed condition entered a restaurant there. Six of us ate a meal and the check was only \$1.00. We were astonished, but it is law among those people that no more than cost should be charged any one from San Francisco.

Ending our eyes affected by the heat and ashes, we sought an oculist who treated us with more than ordinary care. When he finished I asked for the bill, and he said, "No, sir, we charge nothing to the people who come from that trial over yonder."

St. John People

Who Have Escaped

W. Fenwick received a telegram Saturday from his brother George in Berkeley, near San Francisco, saying all relatives were safe. This is taken to mean his only family and the family of Mr. Fenwick's brother-in-law, in San Francisco.

John Robertson of Kerr & Robertson, received word from Boston this morning that Mrs. Thos. P. Robertson of San Francisco had visited her father, in Boston, as follows: "We are all safe and free from damage."

A telegram was received this morning by Mrs. Frederick J. Kee, No. 182 St. James street, from her sister, Mrs. William J. Morgan, 1224 Guerrero street, San Francisco, stating that her family were safe and well.

H. K. T. Barbach has received word that his sister Bertha Barbach, and Mr. and Mrs. John Tredwell left New York on Saturday for their home in Oakland, California.

Harry McDonald, son of Mrs. Sarah McDonald, of 32 Brussels street, is living in El Cajas, near San Francisco. El Cajas has not been mentioned as being within the danger zone, so it is not considered that he is in danger.

Want Architects

and Draughtsmen

NEW YORK, April 23.—Mayor McCall today received this telegram from

Mayor Schmitz, of San Francisco: "How many architects and architectural draughtsmen can you furnish us? How quickly can they leave for San Francisco?"

Mayor McCallan suggests that all architects and architectural draughtsmen who are in a position to do anything for San Francisco send their names at once to the permanent secretary of the city relief committee. Arrangements were made by the officers of the Red Cross to open stores here to receive supplies for the San Francisco sufferers.

REV. W. CAMP

WILL COME

Sussex Preacher Announces

Acceptance of Call to Leinster Street Church.

SUSSEX, N. B., April 23 (Special)—Rev. W. Camp, pastor of the United Baptist church, Church Avenue, announced to his congregation last evening that he had accepted the call to Leinster street Baptist church, St. John, and would begin his pastoral work there on July first.

REBUKED FROM THE PULPIT

Rev. H. P. Adams, who was supplying in Germain Street Baptist church yesterday, had to stop during his address and ask some young people who were talking and giggling to keep quiet. The incident was rather unusual and had caused quite a bit of comment among some of the people who were present.

There were one or two other rather unusual incidents in the course of the two services that have caused some talk, but most of the members who were seen asked that no comment be made as they were trivial matters of no interest to the public.

THE RELIEF FUND

Contributions are coming in well for the relief of the sufferers in San Francisco, and THE TIMES and THE TELEGRAPH fund is rapidly growing. For St. John people to give in this case is like helping their own, for many from here are numbered among the sufferers in the stricken city. It is not true that aid from outside will not be accepted; it is true that all aid is needed and welcome. Governor Pardee of California has already wired the thanks of the people for the offer of aid from this city. The following contributions are acknowledged:—

POLICE COURT

Emma Lester Returns to Jail for a Sojourn of Two Months.

This morning in the Police Court, Joseph Quinn, for improper conduct was fined \$8.

Emma Lester was released from jail on Saturday afternoon, and Saturday night Officer Crawford was summoned to Courtenay Bay track, at the foot of Orange street. When the officer arrived Emma had her head across one rail and her feet across the other, and was very reluctant about going to her old home. She fought valiantly, but the officer managed to get her to the foot of Clarence street, where a sloop was substituted for the patrol in potentia, and Emma was taken to central.

This morning she came very near being treated as a vagrant, but pleaded not to be put in jail all summer as she was there all last summer. She was fined \$8 or two months in jail.

The two boys, Henry Currier and Frank Haley, arrested on suspicion of stealing grain, were remanded.

Oty McDonald, Keltie Wilson, Eric Briton, Mathias Hamm, Charles Ingraham and Robert Roundston, all boys, were reported for disorderly conduct on the complaint of Mrs. Margaret Campbell, of Summer street. The youths were playing ball and "eggs-in-the-hat," and the ball struck the complainant's steps. Judge Hightree stated that boys had no right to be absent from school and should not be brought to court except on Saturdays.

His Honor lectured the boys and told them to go back to school, much to the disgust of Mrs. Campbell and her witness, Miss Wilson, both of whom said that a great injustice had been done them.

Bishop Neville, of Dunedin, New Zealand, was a passenger on this express today en route from Montreal to Halifax, where he will sail on the Victorian for England.

THE TIMES NEW REPORTER

A DARK PLOT FOILED.

That it is the duty of St. John to extend a proper welcome to Prince Arthur of Connaught, when he visits us has been agreed upon by the city council, and the only question now agitating the citizens is the welcome should take.

It has been suggested that he should be given a trip on the harbor in the Ludlow. This was at first held as a very practical suggestion, but this morning "The Times New Reporter" discovered that a dastardly plot was being hatched to deprive the innocent and well intentioned invitation to the prince. It appears that some of those who were unable to participate in

the reception to Prince Louis of Battenberg were determined to get even and have sought it to themselves. There has been an election since Prince Louis was here and some of the men who will be aldermen when Prince Arthur arrives had no particular claim to recognition on the former occasion. Consequently they decided to get the Prince on the Ludlow and then steer her straight for the Navy Island Bar, where they would hold the distinguished visitor a prisoner until after the Halifax train had gone. But their dark design has been discovered. Prince Arthur will not go aboard the Ludlow. Instead, he will inspect the hard labor prison brigade at work in the park.

A LIBERAL CITIZEN.

Mr. O. Whatawood stopped the New Reporter this morning and said he desired to contribute to the fund for the San Francisco sufferers. "I heartily concur in the plan," said he, "and believe all good citizens should contribute. Just put me down for 15 cents." Just at this moment a messenger imparted to Mr. Whatawood the information that a recent sale of his holdings in P. D. Q. stocks had netted him \$7,804. "Here," he called to the New Reporter, "make that subscription 30 cents. I'd hate like the mischief to do rash." Mr. Whatawood's generosity is appealing.
