MUCH DAMAGE IN
BERMUDA STORMWind Eighty to Ninety Miles
an Hour—Hotel Losses are
Heavy.

Hamilton, Bermuda, Sept. 22.—Bermuda was in the grip of a full hurricane yesterday morning. The wind reached a velocity of from eighty to ninety miles an hour.

The damage caused is the heaviest from such a cause since 1897. The hotels suffered heavily, their losses reaching \$50,000. Some smaller buildings at the Isle of Wight, a pleasure resort were destroyed. No loss of life has been reported, nor was damage done to vessels in the harbor.

C. N. R. TRAINS HELD
UP AT DORCHESTER

Moncton, N. B., Sept. 22.—Due to tides and winds the C. N. R. main line in the vicinity of the Dorchester yards was inundated today necessitating the hold-up of several passenger trains. The Ocean Limited express, north-bound was reported held up about one hour until the water recedes.

COAL FOR FORD

Cincinnati, Sept. 22.—An order for coal for the Ford Motor Company of Detroit was signed here today by a representative of the Ford Company with the American Export and Inland Coal Corporation of this city.

It was said by an official of the Ford Company that the coal was purchased at "the Hoover fair price" and that the company has ordered enough to run the plants for thirty days. By the end of thirty days they hope to have enough to run indefinitely.

The U. S. interstate commerce commission order No. 23 permitted the flow of fuel to auto plants which had previously been put in the non-essential class.

Canada's Fire Losses.

Toronto, Sept. 22.—Fire losses in Canada during the week ended Sept. 20, are estimated by the Monetary Times at \$807,000, compared with \$1,189,000 the previous week.

NEW COMPANIES.

Toronto, Sept. 22.—Authorized capital of \$9,132,250 is represented by companies whose incorporations were reported to the Monetary Times during the week ended Sept. 16, compared with \$8,959,000 the previous week.

GOOD THINGS COMING
TO THE THEATRES
OF ST. JOHNNEW SHOW AND THE
KIDDIES TOMORROW

Imperial Theatre will conclude its big week Saturday with a brand new picture bill, "Devotion," by the First National Co., and serial "White Eagle," also the Rossie Kiddies for two final performances. The children will appear at the end of the matinee, namely about four o'clock, continuing until closing time, after five. They will introduce several new things in this extra engagement, including a school-room scene which is very funny. In the evening the Kiddies will appear at 8.30 as before.

LOCAL NEWS

AWAY AGAIN.

Albert and Samuel Leyden, aged seven and nine years, who disappeared from their home at 149 Millidge avenue, last evening, have not as yet been found. The detective department is looking for them.

DIED IN WINTHROP.

Mrs. Elizabeth Hintze, wife of O. J. Hintze, died at her home in Winthrop, Mass., on Sept. 21, after a long illness. She was a daughter of the late Alexander Griffiths, a well-known resident of the west side. Besides her husband, she is survived by one brother and one sister, Frank M. Griffiths, 271 Duke street, West St. John, and Miss, of Winthrop, Mass. Mrs. Hintze had a large circle of relatives and friends in the city, who will receive the news of her death with sorrow and regret. The burial will take place at East Boston, Mass.

PERSONALS

The Misses Austin of 164 Carmarthen street, have returned after a very pleasant and enjoyable visit to friends at Grand Lake.

James A. Hennessy and his bride arrived in the city on the Boston train on Thursday night from Edmonton and are visiting Mr. Hennessy's parents at 81 Main street, Fredericton. They were accompanied by Mr. Hennessy's sister, Miss Pauline.

Mrs. Robert Graves and two children, in Halifax, are visiting her mother, Mrs. Robt. Thompson, Rothesay avenue. Miss Joan Thompson has arrived home after visiting Mrs. Graves for three months.

VIEWS OF SENATOR
ROBERTSON ON IMMIGRATION

Winnipeg, Sept. 22.—Senator Gordon Robertson, interviewed here last night on his arrival from the east, declared every legitimate effort should be made to encourage people with a little capital to settle on the land in Canada. Any immigration policy should be framed to avoid importing industrial workers who could not be absorbed into industry and while there was unemployment in the country.

IN WALL STREET.

New York, Sept. 22.—(10.30)—Inability to overnight margin calls forced an additional supply of stocks into the market at today's opening, causing further recessions in prices. Selling pressure, induced largely by liquidation of weakened accounts, extended over most of the list, public utilities, rails and some specialties being the hardest hit. Losses of a point or more took place in Columbia Gas, Public Service of New Jersey, People's Gas, Missouri Pacific preferred, Erie second preferred, Chicago and Northwestern, Baldwin and Studenacker. American Ice dropped two points. Elsewhere, the declines were largely fractional. There were a few exceptions to the downward trend. Jones Brothers Tea was pushed up 11-2 in response to an announcement of an increased dividend. Rock Island, rest of the weak features yesterday, rallied feebly and St. Louis Southwestern moved up a point. Standard Oil of New Jersey and Gulf States Steel also extended their gains of yesterday.

Noon Report.

New York, Sept. 22.—(noon)—Completion of early forced selling, which failed to uncover any acute weakness, caused extensive short cover deal in the later dealings. Speculative belief that the reaction had gone far enough was indicated by the ready absorption of all offerings. Buoyancy of the Standard Oil shares and renewed accumulation of Gulf States Steel were contributing causes to the rally. Trading slackened somewhat when the renewal rate for call money was fixed at five per cent., the highest since June 28. Standard Oil of New Jersey extended its gain to four points and Gulf States Steel to three. Other oils, railroads, equipments, motors, coppers and high grade industrials also participated in the advance.

Fredericton, N. B., Sept. 22.—The Fredericton branch of the G. W. V. A. adopted a resolution approving the steps taken by the British government relative to the Near East.

These illustrations show some of the several steps in the inspection and grading of the wheat crop of Western Canada on its way to the markets of the world. One picture is of a grader and his helper in a car of wheat, taking samples from the same; another a collector of small sample bags from the railroad cars; a third is a scene in the office of the graders at the head of the Lakes, classifying and tabulating the various samples.

MILITARY
COURSES HERE

Announcements Made at
Headquarters—Certificates,
Appointments, Promotions
and Transfers.

In district orders issued recently by Colonel John Houston, D. S. O., officer commanding military district No. 7, attention has been called to several courses of instruction to be given.

Brigade and battery commanders in the artillery units have been asked to send in the names of any officers who they think qualified to take examinations with the understanding that these men will have to take the regular course, which will commence on November 6 or January 8, if they fail. It is stated in the orders that three officers and six N. C. O.'s of the 12th Brigade, C. F. A., and the 3rd Heavy Brigade, C. F. A., may send in applications although there may not be vacancies for all.

A twenty-eight day course for the Canadian Engineers will be commenced on January 15 and the officer commanding the 1st Brighton Field Company has been informed that he may send applications from three officers and three N. C. O.'s to take the course.

A machine gun course will be held from November 20 to December 16 for lieutenants and N. C. O.'s, and from January 8 to February 4 for captains and field officers. The 1st C. M. G. B. has been asked for two officers and five N. C. O.'s applications for the former and two officers for the latter.

The establishment of provisional schools of training for signallers, in visual telegraphy, has been authorized for St. John, Fredericton and Perth, the dates to be fixed by the officers commanding the districts.

The following have been granted certificates following recent examinations:—

New Brunswick Dragoons—

Lieut. C. Osman, cavalry lieutenant.

Lieut. R. R. Beebe, cavalry lieutenant.

SACKVILLE HEARS
RED CROSS CALL

On Tuesday evening a large and enthusiastic audience greeted Mrs. Kuhnring at Midon Sackville when an address was given on the great national programme of the Red Cross and the part being carried out in New Brunswick. Excellent slides were shown illustrating the subject. Mrs. Lawson Smith, president of Middle Sackville Red Cross, was in the chair and spoke of the work of the Red Cross. The membership campaign is to be taken up soon and it is expected it will be as well supported as this section of the province always does in patriotic service.

The vice-president, Mrs. Black, entertained at luncheon for Mrs. Kuhnring, and at the tea hour the special workers of the Red Cross met with Mrs. Kuhnring in an interesting conference.

The ladies of Sackville proper also conferred with Mrs. Kuhnring and they are willing to assist in every way in their power.

MISSIONARY WORK OF
CHURCH OF ENGLAND
IN CANADIAN WEST

Brantford, Ont., Sept. 22.—The responsibility of the missionary society of the Church of England is irrevocably pledged in regard to Indian, Eskimo and other mission work in the Canadian west, according to a statement at a meeting of the society's board of management here. Canon Gould read an address showing great growth in the society's membership and usefulness.

FOOTBALL TEAM
TO BE REORGANIZED

An effort will be made to get together again the football team from this city which played U. N. B. last year and since a few members of last year's team are lining up this season with Trojans others will have to be secured to fill their places. It is expected that the first practice of the season will be held tomorrow. Arrangements are to be made to day to secure grounds. It is hoped that former football players will turn out and help fill the vacancies in this team.

U. S. NAMES
SPENS AS FUEL
DISTRIBUTOR

Washington, Sept. 22.—President Harding today signed the administration coal distribution and anti-profitting, and the fact-finding coal commission bills.

It was announced that Conrad E. Spens, vice president of the Chicago, Burlington and Quincy Railway Co., had been appointed federal fuel distributor under the new coal distribution and anti-profitting act. The new post carries with it broad authority to devise plans for movement of coal shipments. Mr. Spens was chief of the transportation division of the food administration during the war.

It is felt by the administration that the coal problem is a problem of transportation rather than production.

HALIFAX GOLF
PLAYERS WIN
AT RIVERSIDE

The Brighton Golf Club of Halifax, defeated the Riverside Golf and Country club this morning in this morning's match on the Riverside course by a score of 29 to 9. The players paired off this morning for twosomes and this afternoon they will play four-ball foreshots.

The teams are as follows: Brighton—Gerald Mellick, Frank Mellick, W. A. Henry, H. H. Baird, T. W. Rawlings, R. C. Smith, Col. J. L. McKinnon, M. McLeod, M. S. Clarke, W. S. Graham, J. G. Farquhar, Capt. H. F. Lindsay, A. Shifforth, S. L. Currie, P. W. Murphy, Col. W. E. Thompson, C. C. Tyrer and Col. J. W. Vidgo; Riverside: H. N. Stetson, A. S. Peters, Eric Thompson, A. C. Currie, S. Thomas.

BRITISH TROOPS
LEAVE IRELAND

Belfast, Sept. 22.—The Sussex Regiment left Londonderry this afternoon for its destination, it is understood, the Near East. An advance party of the North Staffordshire Regiment, the other battalion of which is at Constantine, travelled by the same steamer.

The destroyer Wryneck, which has been anchored off Londonderry for some months owing to the border troubles, is under orders to leave immediately.

DE VALERA NOT ON PEACE
MISSION IN DUBLIN.

Dublin, Sept. 22.—The republican publicity department in Dublin declared today that a statement recently circulated to the effect that Eamon De Valera was in Dublin to negotiate with the Free State government, was a fabrication. This denial is borne out by information from Free State quarters.

1000 Eggs
in Every Hen

New System of Poultry Keeping—Get
Dollar a Dozen Eggs—Famous
Poultryman
TELLS HOW

"The great trouble with the poultry business has always been that the laying life of a hen was too short," says Henry Trafford, International Poultry Expert and breeder, for nearly eighteen years Editor of Poultry Success.

The average pullet lays 150 eggs. If kept the second year, she may lay 100 more. Then, she goes to market. Yet, it has been scientifically established that every pullet is born or hatched with over one thousand minute egg germs in her system—and will lay them on a highly profitable basis over a period of four to six years' time if given proper care.

How to work to get 1,000 eggs from every hen—how to get pullets laying early; how to make the old hens lay pullets; how to keep up heavy egg production all through cold winter months when eggs are highest; triple egg production; make slacker hens hustle; \$5.00 profit from every hen in six winter months. These and many other money making poultry secrets are contained in Mr. Trafford's "1,000 EGG HEN" system of poultry raising, one copy of which will be sent absolutely free to any reader of this paper who keeps six hens or more. Eggs should go to a dollar or more a dozen this winter. This means big profit to the poultry keeper who gets the eggs. Mr. Trafford tells how, if you keep chickens and want them to make money for you, cut out this ad and send it with your name and address to Henry Trafford, Suite 6217, Herald Bldg., Binghamton, N. Y., and a free copy of "THE 1,000 EGG HEN" will be sent by return mail.

NEW HARBOR CHART.

Two charts of St. John harbor and its entrances, with a lapse of 144 years between the times of their being made, hang side by side on the wall of the St. John Board of Trade rooms in Prince William street. One, a blueprint, was made in 1780, and the other, a finely scaled map, is the latest chart of the harbor, received only yesterday by the Board of Trade. The chief difference lies in the amount of information given, the former merely showing the harbor and its entrances with a general idea of the depths of the channels, while the new map gives soundings, a lay-out of the city and the positions of the buoys.

MINNEDOSA HAS
161 CHILDREN

Barnardo Boys and Girls for
Canada—French Theatrical
Company.

Quebec, Que., Sept. 22.—The Canadian Pacific 14,000-ton steamer Minnedosa, Capt. H. Sibbald, from Antwerp and Southampton, docked here at 12.45 this morning, bringing 471 cabin and 403 third-class passengers. Among the cabin passengers were 200 returned Americans, also returned Canadians. The latter included Judge E. B. and Mrs. Russell of Halifax. In the third-class accommodation, mostly composed of British immigrants who boarded the Minnedosa at Southampton, there were 161 boys and girls from the Barnardo homes in England. The Minnedosa brought out an unusually large assignment of Canadian mail, 1,800 packages.

Among the cabin passengers were members of the De Feraudy Comedy Company from the Theatre Comedie Francaise, Paris, who are here to make a Canadian tour and make their bow before a Quebec audience on next Monday night.

TORONTO SALESMAN TAKEN
ON A CHARGE OF THEFT

Toronto, Sept. 22.—Investigation conducted by the police over a considerable period, regarding large thefts of butter and eggs from the Wm. Davies Co., culminated in the arrest last night of Albany Trouton, a salesman for the company, on a charge of theft, and George Way, on a charge of receiving stolen goods by Trouton. It is said some \$9,000 is involved.

Cardston, Alta., Sept. 22.—Pear is expected that several Indians have perished in a prairie fire raging on the Blood Reserve near here. Property loss is already \$200,000.
