IRREGULARS IN RETREAT TO CORK

Both Flanks of Irish Republican Army Broken

Castlereagh Reported Captured; Looting of Stores and the Burning of Buildings in Limerick Charged Against the Insurgents.

(Canadian Press Cable.)

Dublin, July 22—With both flanks of the Republican insurgent army broken through yesterday's capture of Waterford and Limerick, the irregular troops today were reported to be retreating in the direction of Cork. They are believed to number some thousands, and are sufficiently equipped with all arms except artillery, and they are expected to give the National Army forces considerable trouble in guerrilla tactics, but it is doubted if they will make a determined stand before reaching Cork.

King John's castle is said to have been purposely spared by the Nationalist gunners, the government wishing to preserve historic architecture as much as possible, but this discrimination did not save the ancient building as the Republicans are alleged to have deliberately set fire to it. It was almost completely destroyed.

Many business buildings were said to have been destroyed by fires which spread from the stores and other buildings, ignited by the irregulars. Most of the insurgent soldiers apparently escaped through holes in the walls of adjoining buildings, making house to house tunnels from the central posts to the outskirts of the city.

Reports reaching here through Free State channels charge the Republicans with having looted the Limerick stores of practically everything valuable. The loss is said to have amounted to several thousand pounds.

ARREST "EARL" IN MONTREAL

"Dunblayne" Said to be One of Several Aliases—To the U. S. for Trial.

Montreal, July 22—A man who is alleged to have posed as the "Earl of Dunblayne" at the Ritz Carleton Hotel here last May, as A. J. Walker-Craig at the Windsor Hotel during the first part of the present month and as E. Schlyer at the Corona Hotel on another occasion, was arrested yesterday by local detectives on a theft charge laid against him by Sheriff George W. Weaver of Charlevoix, Mich., in the interests of Mary E. Miller, who alleges that the "Earl" swindled her out of \$500 last June. He was brought before Judge Choquet and waived extradition to the United States. He will be escorted back to answer the charge.

According to Sheriff Weaver, who is also in Montreal, Craig as he was known in Charlevoix, promoted an insurance company and subsequently failed to account to the U. S. government for monies supposed to be paid it under the insurance Act of 1917. On these charges, it is alleged he got away with nearly \$420,000.

"His Lordship" is also wanted in London, Ontario, however, decided that the U. S. charge had the priority.

While in Montreal, the "Earl of Dunblayne" gave an elaborate interview to a local paper concerning conditions in England.

AYER-CARPENTER.

Backville Post:—The marriage of Ernest E. Ayer and Miss Catherine Carpenter took place yesterday at the Baptist parsonage by Rev. A. J. Vincent. The bride and groom belonged to Montserrat.

Miss Winifred Doherty, daughter of Mr. and Mrs. W. L. Doherty, 10 DeMonts street, West St. John, is the winner of the Corporation Gold Medal this year, having made the highest marks in the High School entrance examinations for the City of St. John, with a total of 921. She was closely followed by Joseph Owens, son of Mr. and Mrs. Louis M. Owens, 88 Clarendon street, who made 916. These were the only two whose totals exceeded the 900 mark.

The leadership this year is more than ever an honor since the largest number in the history of the examinations were candidates for entrance this year, and all the marks were good, only forty-three falling out of 486 who wrote the papers. There were 490 entered, but four of these did not write the examinations. Most of those falling were pupils who came into the city from outside points to write the papers, and this reduces the city failures to a very percentage of the total. The summary of those taking the examinations was as follows:

Passed in first division ..... 177  
Passed in second division ..... 172  
Passed in third division ..... 94  
Failed ..... 43  
Entered but did not write ..... 4

Miss Winifred Doherty was the star pupil of Miss Harriet Smith's Grade 8 in the Albert school, West Side, and was the leader of her class for the year, although there were one or two others who at times, threatened her supremacy. She is fifteen years of age, and has held a high place in her class since she started school.

Joseph Owens, who missed first place by the slender margin of only five marks, was a member of William Shea's class of the St. Peter's boys' school and has also enjoyed an enviable school record.

TEN THOUSAND AT GARDEN PARTY OF KING AND QUEEN

Largest Function of Its Kind Ever Held at Buckingham Palace—"R. S. V. P." in Economy Interests.

London, July 22—London's social season reached its climax yesterday afternoon with a royal garden party—the largest ever held at Buckingham Palace. There were 10,000 guests. All classes were represented, including statesmen, diplomats, bishops, dukes, field marshals, admirals, labor leaders, actresses, artists and scientists.

King George and Queen Mary walked about mingling with the guests. They had tea in a special marquee with other members of the royal family and a few friends.

The guests came from all parts of the British Empire. Every member of the House of Commons, together with his wife and grown up daughters, was commanded to attend. For the first time in history the invitations to this function were marked R. S. V. P. The precaution was in the interest of economy to determine in advance the size of the company and prevent wastage of refreshments.

FORTUNE OUT OF WAR MARRIAGE

Daughter of English Farm Worker Gets £25,000 in Will of Canadian Husband.

London, July 22—(Canadian Press.) The London newspapers state that Mrs. Nicol, daughter of a farm worker of Stoney Kirk, near Slairrar, has been informed by a firm of Toronto solicitors that she has come into a legacy of £25,000 under the will of her late husband, David Nicol, of the Canadian Forestry Corps, whom she married while working at a Gretna munitions factory during the war.

It is said that Mrs. Nicol was unacquainted with the circumstances or the relations of her husband, who it is said, was a son of wealthy Canadians.

WILL NOT GREASE THE WHEELS FOR GERMAN TRADE

London, July 22—(Canadian Press.)—Reuters Melbourne correspondent cables that the Australian federal government has refused to agree to the appointment of German consuls in Australia.

Premier Hughes, while not asserting that trade never can be resumed with Germany, declares that the Australian ministry does not feel called upon to "grease the wheels for German trade."

A YEAR SINCE TARIFF BILL PASSED HOUSE

Washington, July 22—Yesterday was the first anniversary of the passage of the administration tariff bill by the house. When the measure will find its niche in statute hall still is problematical, but there are increasing signs that the leaders, at least, on both sides of the Senate are anxious to get into conference.

As Hiram Sees It

"Hiram," said the Times reporter, "I saw a little woman's face in a window. It was framed in gray, but there was a serenity of expression that set me thinking as I passed. I doubt if this woman ever gets far from the home nest. She has her home, her children, her church and a kind thought for a neighbor. Sorrow she has learned and the pang of parting, for these are the common lot. But her face is serene. The sweep of passion and pain and longing have not swept over her. They have broken and left her calm as she feels the years go by. Do you know—I envied her. The quiet daily round, the household tasks performed, the duty done—these and the familiar things and faces, and the thoughts of quiet hours suffice. She is content."

"Mister," said Hiram, "it's folks like her—not the butterflies, nor them that goes racin' about the air to spend money they never earn—that saves this old world an' makes us want to hang on. When I think of what the modifiers among the best settlers in this country don't an' how they lived and enjoyed it—I'd like to take some of these here flappers an' spank 'em good an' hard—By Hen!"

They will require about thirty officers and men each.

USE RADIO IN MILITARY WORK

Toronto, July 22—A cable from London to the Mail and Empire says: Radio instead of cable telephones will be used in training infantry divisions of the army, Lord Cavan, chief of the imperial general staff, announced today while speaking at the Eton officers training camp. This was his firm intention, Lord Cavan declared, owing to the fact that thousands of men were killed during the war while laying telephone wires. It was also believed that the use of radio in this manner by the army would encourage its general use.

He left £5,000 to his wife for life, with remainder to the University of Oxford upon trust for the promotion of historical study and research upon lines to be set forth in the codicil to his will. It would appear no such codicil was made, as it is not filed and proved.

His best books he bequeathed to various Oxford libraries.

INVESTIGATION OF MURDER AT SEA

Miami, Fla., July 22—The British government has asked the United States to investigate the killing of Captain George Edgcombe, color master of the schooner William H. Albury, according to information received by Lt.-Col. Jenkins, vice consul here.

It was reported from Nassau, Bahamas, that the schooner William H. Albury had been held up and robbed of a cargo of 4,000 case of whiskey by a pirate motor-boat and the skipper, Captain Edgcombe shot and killed. The raid took place at Guncay.

The power boat Falcon, supposed to have been used by the bandits, is tied up to a lock dock. A discharged cartridge was found in the boat.

TY COBB CLOSE TIP ON SISLER

Eleven Points Behind American League Leader

Veteran of 17 Years Keeps up Batting Performance—The Home Run Makers and Other Notables—Here's a Game Played in 78 Minutes.

(Canadian Press)

Chicago, July 22—Perhaps Cobb is convinced, in his own mind, that he is slowing up after seventeen years as a star in the American League, but George Sisler, the marvel player with St. Louis, whose batting honors Cobb is threatening today is positive that the Georgian Peach will be a most dangerous rival for the 1922 batting championship.

The race between Cobb and Sisler has been narrowed down to a difference of only eleven points. Sisler sets the pace with an average of .416, a drop of four points within a week. Cobb, containing his batting rampage, smashed out nine hits in his last five games, bringing his average to .405, while the best Sisler could do was four in as many games.

Sisler, however, is showing his worth in base stealing and scoring, having registered seventy-nine times and stolen thirty-four bases, the best base stealing performance in the major leagues.

Clarence "Tillie" Walker, slugging outfielder with Philadelphia, is having a hard time catching Hornsby, National League home run leader. Just when Tillie poles a circuit drive Hornsby bags one for himself.

Tillie smashed two out in one game and ran his string up to twenty-three, which gave him a lead of one on Ken Williams of St. Louis. Harry Heilmann of Detroit, has sixteen and Babe Ruth has fifteen.

Other leading batters for fifty-five or more games are: Speaker, Cleveland, .365; Schang, New York, .360; Heilmann, Detroit, .356; Meusel, New York, .348; Bassler, Detroit, .347; Ed. Miller, Philadelphia, .347; Tobin, St. Louis, .342; O'Neil, Cleveland, .339.

A recruit and a veteran are giving National Leaguers something to talk about this week. The recruit is Lawrence "Hack" Miller, a Pacific Coast League slugger with Chicago, and the veteran is Harry Campbell, who has been leading the hickory with telling effect, each cracking out a dozen hits in their last seven games. Campbell's hitting included two doubles and a homer, while Miller bagged four circuit drives and two doubles. The Cincinnati veteran brought his average from .355 up to .371, and is the runner-up to Hornsby, who tops the list with .397. Miller added ten points to his average and moved up among the select few. His percentage is .330.

Hornsby's keen eye and hitting prowess keep him out in front among the major league home run clouters, with a string of twenty-five for the season. Carey of the Pirates, in addition to showing the way to the base stealers with twenty-four thefts, is out in front as a run getter having registered seventy-six times. Other leading batters for fifty-five or more games are: Gowdy, Boston, .370; Hollocher, Chicago, .368; Grimes, Chicago, .363; Snyder, New York, .360; Bigbee, Pittsburgh, .362; J. Johnson, Brooklyn, .357; E. Griffith, Brooklyn, .351; I. Miller, Chicago, .350.

DEMPSEY GETS TIRED OF TOUR

Glad When Barnstorming is Over on August 2—Sept. 29 Too Early for Willard.

Toronto, July 22—Jack Dempsey is tired of his tour, the jumps from town to town, lack of sleep and all that sort of thing. "Thank Heaven we'll be all through by the second of August," he said yesterday before leaving for London, Ontario, "then a short rest and then to start hard training for my next bout, which I expect will be at Michigan City, Indiana, on Labor Day with Bill Brennan."

"What about Willard?" "I don't think he seriously contemplates a return match," said Dempsey. "I don't think he can get into condition for a hard fight. If he does, I'm willing to give him a chance—he gave me mine, you know."

Dempsey said he had the best time of his life on his European tour, and expects to make another trip next winter if possible.

Jack Kearns, Dempsey's manager, says he thinks there's more money in Europe for big fights than there is in America and he has many offers for what, on this side, look like one-sided bouts for the champion.

Los Angeles, July 22—Jess Willard will not consider September 29 as a date for his proposed championship bout with Jack Dempsey, according to Gene Doyle, the challenger's local representative. Willard wants an additional two or three weeks of training to make sure that he will be in condition.

Meanwhile Doyle says that Teddy Hayes, Jack Dempsey's trainer, who is here, some say, to get a line on Willard, will not be welcome at the big fellow's Hollywood training camp.

CRERAR MIGHT HAVE HAD POST

Winnipeg, July 22—It is understood that the leadership of the provincial farmers' party was offered Hon. T. A. Crerar, leader of the National Progressive party, but that he declined the offer.

Application for a recount "on the usual grounds," has been made by Major H. R. Richardson, United Farmer candidate in Holton, who lost the seat to F. Y. Newton, Conservative, by seven votes.

FIRE ON S. S. PARIKKA AT NEW YORK; LITTLE DAMAGE

New York, July 22—Fire broke out late last night on the passenger steamship Parikka, anchored at quarantine. The vessel had just arrived from West Indian ports. She is owned by the Quebec Steamship Company. A fireboat put out the blaze. Little damage was done.
