RECENT DEATHS

Mrs. H. M. Ferguson.
Rexton, N. B., Feb. 11.—Mrs. H. M. Ferguson, passed away at her home here today morning after several months' illness. Mrs. Ferguson whose maiden name was Rebecca Farrer, was a native of Westmorland county and came here with her first husband, Douglas Wood, some years ago. Mr. Wood died shortly after coming here. Mrs. Ferguson is survived by her husband, three sons, Harry Wood of the C. G. R., Campbell Douglas Wood of the C. G. R., Newcastle, and John A. Ferguson of Sussex, and one daughter, Mrs. M. T. deMille of his town. The funeral will be held this afternoon to the Presbyterian cemetery.

E. A. Record.
Moncton, N. B., Feb. 12.—(Special)—Funeral services for the late E. A. Record at Boston Tuesday evening, pneumonia being the cause of death. The deceased was a son of the late Charles E. Record, the well known founder of the Record Foundry, and a man who in his life was one of the foremost citizens of the city. He died at his home, when he was 62 years of age. Mr. Record was a member of the Record Foundry since its inception. When the business was incorporated as a company he severed his connection with the business and moved to Boston. When living here he resided at 179 Queen street, and owned the residence now occupied by Judge R. R. Hewson. The late E. A. Record, who was about sixty-nine years of age, is survived by his widow, who as Miss Agnes Cowie, aunt of Postmaster Harris, of Moncton, and a sister of the late Mrs. J. L. Harris. He is also survived by two sons—Charles and Edward, in Boston. The deceased was a member of the late Mrs. H. R. Emmerson, of Dorchester, wife of the late Hon. R. Emmerson, who was Miss Emily Record. While in the United States, Mr. Record had been connected with the Standard Oil Company as one of their representatives. He was a very capable business man. News of his death is here with much regret.

Mrs. Samuel McLean.
Many friends in this city will regret the death of Mrs. Samuel McLean, aged sixty years, who died at her home, 179 Queen street, (N. B.), on February 12, of pneumonia. Mrs. McLean was formerly Miss Anna Chapman, of St. John, and leaves to mourn her loss a loving husband, one son, Charles, residing at home, one son, Chubb, still at school, also two brothers—Charles W. of West St. and Albert of New Jersey, one daughter, Mrs. Ada Patten, Somerville, Mass., also two half-sisters, Mrs. A. Dingle, Liverpool, England, and Miss Nichols, of Oakland, California. The body will be brought to St. John and interment will be made at Cedar Hill cemetery.

Irvine S. Alexander.
Irvine S. Alexander, a well known resident of Studholm, Kings county, died today at the home of his brother, Mr. Alexander, aged thirty-six years, of pneumonia. He was survived by his mother, one sister—Mrs. Harvey Morton, and two brothers—James Joseph, of Millstream, and Thomas, Albert, Albert county. The funeral will be held on Thursday afternoon at 2 o'clock; interment at Berwick, New Brunswick.

Death of Daniel Cosman.
The death of Daniel Cosman occurred at his home in Apohaqui on Tuesday, February 11. Besides his wife he leaves three sisters and four brothers.

Death of Frank Flannery.
Frank Flannery, wife of Frank Flannery, died yesterday at her home in Moncton at the age of forty-nine years. Besides her husband she leaves one son, one daughter, two sisters and a brother.

Three men held in connection with death of Saide Hasen.
Three men held in connection with the death of Saide Hasen were before court yesterday and remanded for three days, at the end of which time the men from which the death was expected to be in port. Several witnesses are to be called from the vessel.

CURED HIS RUPTURE
I was badly ruptured while lifting a heavy barrel up. Doctors said only hope of cure was an operation, which did me no good. Finally I got of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work as a carter. There was no operation, no loss, no trouble. I have nothing to sell, will give full information about how I cured myself. Write to me at once, if you write to me, Eugene M. Carpenter, 42 E. Marcellus Ave., Manassas, N. J. Better cut out notice and show it to any others who are ruptured—you may save a life at least stop the misery of rupture and the worry and danger of an operation.

DAILY HEALTH TALKS

Better Be Careful About Your Kidneys.

By N. B. COOK, M. D.
Foods taken into the stomach go through various chemical changes, and some of these changes are poisons that must be sifted out and disposed of. It is the duty of the kidneys to do this. When the kidneys do not fully perform their vital work, death may be only a few hours away. Happily, Nature has provided warning signals telling people when their kidneys are not well. These warnings come in the form of dragging pains in the small of the back, weak stomach, low spirits, chills, nausea, headache, scanty urine and frequent desire to pass it, short breath, numbness, cramps, coated tongue, bad breath, puffing under the eyes, thin blood, dry skin, ringing in the ears, spots before the eyes and many other symptoms. All come from the one cause of kidneys that are not filtering the poisons out of the system. To overcome the troubles, Dr. Pierce's Anuric Tablets, N. Y., compounded what he calls Anuric Tablets. No other kidney medicine is its equal in giving relief and establishing healthy work in the kidneys. The treatment is very simple, as you need nothing except water when taking Anuric Tablets—a glass of water with each tablet. This washes and flushes the kidneys while the medicine itself is dissolving the uric acid poisons and driving them from the system. Anuric Tablets are made double strength, so that they dissolve salt or sugar. Most people need Anuric Tablets because most people have uric acid in their blood. It is the poison of your body for safety's sake, and better begin today.

To gently and agreeably coax the bowels back into normal activity, take Dr. Pierce's Pleasant Pellets. They are just as good for constiveness as his Anuric Tablets, and are good for kidney disorders, and that is saying a great deal.

COMMITTEES FOR HOSPITAL AID

The first executive meeting of the Women's Hospital Aid Association of the city was held at the home of the Hon. Board of Trade rooms yesterday. Mrs. E. Atherton Smith presided. Mrs. Thomas Walker was appointed vice-president. Several committees were appointed. The duties of the membership committee which is to form sub-committees for the purpose of gaining a large membership, were given to the denominational vice-presidents. The inspecting committee, whose duties are to co-operate with the female superintendent of the hospital and to find out from her concerning any requirements that it might be the association's duty to supply, was appointed as follows: Mrs. Duncan Smith, Mrs. Arthur Adams, Miss Edith Hegan, Mrs. A. C. Skelton. The committee appointed to meet with the board of commissioners and to confer with them with regard to the proposed work of the Aid and their hoped-for co-operation with it, comprised the following members: The president, Mrs. E. Atherton Smith; secretary, Mrs. J. Boyle Travers; treasurer, Miss Alder; Mrs. Verner McLean, Mrs. J. H. Jenner, Mrs. Condie, Mrs. L. Green and Mrs. J. H. Doody.

SOCIETY WOMAN LEPROSY VICTIM

Philadelphia, Feb. 12.—Philadelphia's fashionable circles were shocked to learn that a woman of wide prominence has been stricken with leprosy. Her identity is being carefully shielded by the health authorities, and it is known only to her family and a few intimate friends that she is suffering from the dreaded malady.

Here is the first case to be discovered in this city in more than 80 years, and efforts are being made to prevent the spread of the disease. It is understood that she contracted the contagion on a recent pleasure trip to the islands of the Pacific.

Her physicians treated her for several weeks before they finally decided that she had leprosy. The Health Bureau was immediately notified, and she was taken to an isolated hut on the grounds of the Municipal Hospital at Second and Luzerne streets.

Here she was provided with every comfort possible in the circumstances. Cut off from communication with her family by letter, efforts are being made to install a telephone in the hut so that she can find relief from isolation in conversation over the wire.

Miss Jessie VanWart has gone to Baltimore to take a post graduate course in dietetics. She is a graduate of Acadia College and the Provincial Normal school and spent much time in demonstration work in this province for the Food Board.

SMOKE MACDONALD'S INDEX

HOUSING PLANS GAIN APPROVAL

Dr. Addison Obtains Sanction for His Scheme From War Cabinet

London, Feb. 13.—Dr. Addison, president of the local government board, has obtained sanction from the war cabinet for his proposals for housing the working classes. The plan will take an early opportunity of laying them before the House of Commons.

A circular on the subject has already been issued to the local government boards, and yesterday the president made a further explanatory statement. The present measures are confined to England and Wales, but similar plans relating to Scotland will be proceeded with. Hitherto, because new housing was a crying need, the government had not promulgated any financial assistance for dealing with slum areas. Now, however, exactly the same assistance will be given for any losses incurred by local authorities in any of the schemes. The plan is a development of the sanitary areas where the local government board is satisfied that requirements cannot be met simply by the provision of new houses on a new site.

Necessity Is Urgent.
The necessity for housing is urgent. The government wants the authorities to move at once. Therefore there is a time limit to the assistance. It will be given only for schemes submitted to the local government board within the next two years, unless circumstances are quite exceptional. The government is helping in other ways, Housing Commissioners have been appointed, while special steps are being taken to make sure the bricks and building material are available. The local government board has also arranged the standardizing of fittings, but this does not mean that the houses will be built on one pattern. The government is anxious to avoid such a calamity. The settlement of the question of prices for the materials is being dealt with by the government.

PRAISES CANADA'S CIVIL SERVICE ACT
Director of National C. S. Reform League of United States Spoke in Ottawa

Ottawa, Feb. 13.—Addressing the Director of the National Civil Service Reform League of the United States and a leading authority on civil service administration, the speaker, who is making a tour of the Canadian civil service now under way will provide a basis not only for the selection of public employees according to relative figures, but also for their just compensation. He congratulated the government on these strides in the direction of efficiency in the administration of public affairs.

In discussing the problem of personnel in the public service, Mr. Catherwood pointed out that the government continues to take on new functions, so the importance of the civil service increases. As the number of government employees increases, the need for a more efficient system of selection and promotion becomes more and more the daily lives of the people and the necessity for the proper selection of such agents becomes more apparent.

"On both sides of the international line we have known to our cost the system of patronage and spoils," said Mr. Catherwood. "It is a system of partiality, of influence, of pressure and of pull, whereby the persistent and the importunate are appointed, not because they are the best, but because they are the loudest. It is an insufferable nuisance."

"Among the good features of the Canadian act, beyond its main achievement," said Mr. Catherwood, "is that it draws the basic distinction between management, the exclusive province of ministers, and public employment, which it places in the hands of the deputy, his aids and the civil service commission. It thus paves the way for uniform administration from a non-political central office."

"The Canadian act accomplishes a great purpose and will take high rank among the civil service laws of the nations," he has been informed that your commission is completing a classification of the outside service. This important step will supply the basis for measuring in each class of service the qualifications to be required of applicants in examinations, and it will supply the basis for determining a fair rate of compensation. The government has decided to place on these two great advance strides along the thorny path to the goal sought by many nations, the achievement of efficiency in the administration of public affairs."

PROVINCIAL APPOINTMENTS
The following provincial appointments were gazetted today:
City and county of St. John—Edward Milton Smith, William Neish, Richard J. Hooper, George A. Cameron, Charles A. Emery and T. A. Armour to be justices of the peace; Newcastle, druggist, to be assistant at bureau of laboratories; St. John; A. F. Emery, M. D., to be chairman of the board of school trustees for city of St. John in place of R. B. Emerson, resigned.

Resignations of provincial appointments have been received as follows: John H. Troy, Newcastle, druggist, as retail licensee under the intoxicating liquor act; R. B. Emerson, as chairman of St. John school board; John B. Jones as issuer of marriage licenses for the city and county of St. John.

KING STREET GERMAIN STREET MARKET SQUARE

URGENT DEVELOPMENT OF WATER SYSTEM

Washington, Feb. 13.—Federal supervision of water transportation, enlarged jurisdiction of the Inter-State Commerce Commission over water and railroads, and improvement of all navigable streams upon which commerce could be established were recommended to congress in a declaration of principles adopted by the national rivers and harbors congress, at the closing session of its fourteenth annual meeting.

The declaration, which was adopted by the congress to systematize and improve waterways in such a manner as to serve the public interest, and that this duty could not be escaped. It went on to record, however, as endorsing improvement of only such streams as could be utilized for commerce and rebuffed those who advocated appropriations for "ulterior or secondary results."

Co-ordination of rail and water facilities, and abolition of destructive competitive warfare between the two were favored, and the congress expressed its "unity and sympathy with transportation by rail, highway and water." The adoption of the declaration, Senator Ransdell of Louisiana was re-elected president of the congress for his thirteenth term.

ONE OUT OF EVERY TEN IN U. S. ARE UNNATURALIZED ALIENS

Washington, Feb. 12.—Approximately one-tenth of the population of the United States is composed of unnaturalized aliens, according to Raymond Crist, deputy commissioner of naturalization, who declared today that such a condition would not be permitted by any other country and appealed to American citizens to help in making citizens of alien residents. He said there were 10,500,000 persons in this country who still retain their allegiance to land of their birth.

Anthony Caminetti, commissioner of immigration said tonight that reports of prospective wholesale deportations of aliens were "unjustified."

It is estimated that about six thousand aliens are to be deported, the great majority because they are insane or otherwise public charges," Mr. Caminetti said.

"Most of the remainder are diseased or have been found guilty of offenses subjecting them to deportation. A few, comparatively, are agitators who are opposed to our form of government or all organized governments."

"None of the aliens recently taken from Seattle to Ellis Island, for deportation has any connection with the strikes at Seattle or elsewhere in the west."

"Deportees now in custody have been rounded up over a considerable period of time, but could not be deported before because of the shortage of shipping facilities."

"All reports that trains are being mobilized to deport anarchists or others are exaggerated."

"It's an ill Wind, Etc."

"I'm rather surprised that Mrs. Parsons could get those swell society folks to attend her dinners."

"Well, the high cost of living helped to overcome their scruples, I suppose."

—Boston Transcript.

The difference between a living and an income is about the same as that between pants and trousers, or between a dress and a gown.—Eureka Herald.
