FAVORS PENSIONS FOR THE MOTHERS

The Women's Institute, meeting last night was very largely attended and most enthusiastic. Mrs. J. W. V. Lawlor, the president, was in the chair and letters were read from Premier Foster and Hon. Dr. Roberts. Premier Foster expressed his entire sympathy with the scheme for mothers' pensions regarding which the institute had sent him a resolution, and said the matter would receive his favorable attention in the house. Dr. Roberts expressed sympathy in this matter also, and on behalf of the board of health said that the wrapping of bread would be made compulsory in due time.

Announcement was made that the classes in cooking and dressmaking would be continued under the direction of Miss Roach and would commence next week and that the community work of the institute would commence with a special meeting of the mothers of the children attending the free kindergartens at which meeting a lecture would be given and the women helped if necessary with their sewing. Arrangements were made for holding an "Evening with Moore" when Mrs. A. D. C. Wilson will have charge of the programme, and Mrs. Leclaire, Fred Hazel and the ladies' orchestra will take part.

Mrs. T. N. Vincent gave a very interesting account of what she had seen of community work and kindergarten work in New York and Boston and an article was read from the Women's Century entitled "The Yellow Peril Not Chinese," that dealt in a forcible way with matters of serious interest to women.

Miss Waterbury sang two highly appreciated songs with Miss Marion Hogan acting as accompanist, and after a general discussion of the future work of the institute the meeting closed with the singing of O Canada and the National Anthem.

Liberal Women Are Preparing To Vote

(Toronto Star)
"For Canada's service, and for the world's peace the Ontario Women's Liberal Association with its loyal inheritance from the great Laurier takes this stand for a new year, unshaken and unafraid," said Mrs. J. A. Macdonald, who after eighteen months' tour of the Orient gave her presidential address before the 2nd annual meeting of the O. W. L. A., at Foresters' Hall, this morning.

Delegates from Brantford, London, Hamilton and many other parts of the province were present.

"Millions of women have now the right of the franchise, but as Liberal women let us not forget the wonderful example which has been set us, nor our motto, 'Service.' By true service our society will be saved from haphazard parlayism and from ignorant boasting, and from corrupting Bolshevism. Let service be a beacon light for all."

"The Attorney-General of Ontario has announced that a general election will be held soon. We must therefore be prepared for the first Provincial and possibly the first Dominion election, in which women in great numbers have the right to cast their vote."

"Since the formation of the association two years ago, our programme has been full of study, and has been enlarged to meet the needs of the next few years. In the social problems of special interest to women, we have education, child and female labor. Juvenile and women's courts; public health, financial help for families, including mothers' pensions; current topics, development of Canadian nationality with the empire, the tariff; the high cost of living, temperance, the nationalization of railways, the purification of elections, the patronage system, good roads, immigration, Provincial institutions. Besides these we have historical study of Canadian Liberalism and 'Fundamental Principles of Liberalism.'"

OPENING SHOT FIRED IN QUEBEC ELECTION

Quebec, June 8.—Accompanied by several of his ministers and members of the assembly for the city and district, Sir Lomer Gouin, prime minister of the province, fired the opening shot of his campaign for the provincial election of June 23 in the Liberal stronghold of Quebec East, tonight, when he held his inaugural meeting in the Imperial Theatre. The hall was crowded to the doors and the premier and his ministers were given a rousing reception.

MAINE COURT BARS GINGER.

Samples Up to 95 Per Cent Alcohol Used as Beverage There.

Augusta, Me., June 10.—Jamaica ginger is declared to be an intoxicant, and its sale or possession unlawful, in an opinion handed down by the Supreme Court of Maine.

The evidence showed that Jamaica ginger could be and was used by ordinary persons as a beverage, and in such quantities as to produce intoxication, said the court. Three different grades containing respectively 95, 28, and 55 per cent of alcohol were in the lot seized a year ago on which the decision was based.
