CLEANLINESS IN DENTISTRY

If people knew the frightful risk they run of infection from unclean dentistry they would better realize the awful chances they take and what a mighty important factor cleanliness is.

No one has ever disputed the fact that there are no cleaner offices in Canada than ours. This is worthy of consideration.

NOT CLOSED YET**Consultation Over Baptist Board's Purchase of Property in India**

A special meeting of the Baptist Foreign Mission Board was held yesterday afternoon to consult with Dr. Wardlaw Thompson, secretary of the London Convention, regarding the purchase of a property at Vizagapatam, India. The property has been owned by the London board for the last 105 years, and that society, having more stations than it needs, is willing to sell. The station lies between two stations already controlled by the local board and its purchase would give them control of the entire coast line.

There are eight buildings on the property, some of them quite valuable, including a high school with accommodation for 100 pupils. The London board is willing to sell for \$1,200 for the buildings and plant, and for the furniture, etc., they want about \$1,200 to \$2,000. The matter is not yet fully adjusted, but it probably will be before December.

Dr. Thompson left last evening for Montreal and Toronto and the closing of the deal, has been left in the hands of the two secretaries, Dr. Thompson, and Rev. Dr. McIntyre of the local board.

LORD'S DAY ALLIANCE

At the annual meeting of the local branch of the Lord's Day Alliance, held in St. David's church yesterday there was a discussion on the matter of limiting the amount of Sunday work done on the steamers and action was left to the executive.

PURE FOOD**OFFICIAL IN CITY TODAY****R. E. Murray, of Ottawa, Looking After Meat Inspection—Will Visit the Export Sources**

R. E. Murray, of Ottawa, an official of the department of agriculture, arrived in the city this morning and is at the Royal. Mr. Murray said he was here to make an inspection of meat that might be exported from this province to other provinces in the Dominion, outside the maritime provinces or to points outside the Dominion. He will be here for several days and will visit other points in the province, making St. John his headquarters. He will inspect the slaughter houses and other places from which meat is shipped to see that the requirements of the pure food law are observed.

He referred to some of the recent changes made in the pure food laws and spoke of the advantages they offered the people generally to get better and purer foods. The inspection of meats, he said, was very important as the inspectors frequently found diseased carcasses offered for sale. Tuberculosis was the principal disease with which the inspectors had to contend and much meat infected with tubercular germs had been condemned.

Speaking of the laws bearing on the inspection of meat he said the Dominion act had nothing to do with any inspection that might be made under the direction of the provincial governments. The Dominion inspectors examined all meats shipped from one province to another or sent out of the Dominion and before it could be sent out it must bear the stamp of the department showing that it had been inspected. All the beef brought here from the west was inspected before it was allowed to enter the province and all bore the government stamp.

In the maritime provinces dealers were allowed to ship from one maritime province to another but when they shipped to upper Canada or abroad they must have the product inspected.

Mr. Murray, while here, will draft a report for the department regarding the cold storage warehouses and it will then be decided if an official shall be appointed to look after the meats received at the local plant.

MR. REID WINS IN THE WINNING CONTEST**St. Rose's Fair Closed Last Evening—It Was Very Successful**

Wet weather interfered greatly with the attendance at St. Rose's fair, which closed last evening, after being successfully conducted for four days. Nothing remained after the auction, which brought very good results. Rev. Father Collins is highly pleased with the success achieved by the young ladies of the parish.

The following are the prize winners: last evening's best toss, a pitcher, won by Mrs. John McKinnon; 2nd prize, pair of slippers, won by Mrs. Miller.

Beagle-Silk umbrella, won by John McManus.

Shooting gallery—1st prize, mercedeschaum pipe, won by John Ber. 2nd prize, salt and pepper set, won by Harry Holm.

Gentlemen's Bean Toss—1st prize, doz. of dinnerplates, won by Dennis O'Keefe, Charlton.

The prize doll guessing contest was won by Miss Loretta Morley, of Charlton.

The winning contest for the most popular brakeman in Fairville, was won by Geo. Reid, who received a gold signet ring for his popularity.

The drawing in connection with the various prizes will take place in the near future. Among the donations was a beautiful china tea set, given by the lady promoters of the League of the Sacred Heart in the parish.

MADE NEW MARITIME TEN MILE RECORD**St. John Man Writes of Stirling's Performance in the Race in Fredericton Last Evening**

A St. John man who saw the race in Fredericton last night writes to the Times-Star as follows:—

"Ernest Stirling, the speedy St. John runner, captured the in-door ten mile race in the Arctic rink last night before a fair crowd. The return went to St. John and Whyte, the two Capital boys, to Halifax to make up the St. John team, for the Halifax Herald road race on Thanksgiving day.

"The race was started a little after 9 o'clock. Both the St. John runners were given a good reception when they made their appearance.

"Stirling took the lead at the start, but was overtaken on the second lap by Whyte, who held his lead for half a lap, and for the first half mile it was a continual change of position.

"The time for the first mile was 4.47, and for the last 4.44, Stirling sprinting the last two laps. The time for the ten miles was 53.57, which is a new maritime in-door record. They finished in the following order:—Stirling first, 53.57; Whyte, second, 54.50; Coward, third, 56.02; Whyte fourth, 56.10. The track was in splendid condition and was thirteen laps to the mile."

EXPECT TO SEE THE MEMBERSHIP 1000**Y.M.C.A. Contest Has Been Very Successful—Presentation of Medals Tonight.**

The Y. M. C. A. membership contest, which has been going on for ten days, closed last evening at 10.30 o'clock. The authorities report it the most successful yet held, and although all returns are not in, it is expected that the total membership will be found to be 1,000. This evening at 6.30 o'clock the ten contestants will be tendered a dinner; the five leaders in tennis, etc., and the losers, cheese, crackers and doughnuts; medals will also be awarded to the winners and winning team.

A meeting will be held this evening to draw up a series of debate for the winter.

In Order to Have Heat We Must Have Fire And We Want To Be Easy on Fuel

The fuel question is very essential when you are looking for a stove to heat your home. There are stoves on the market that are good heaters so long as you keep throwing the coal into them. Then there are more modern built stoves that are made to give you the heat besides being very light on fuel. That is the way our Glenwood Oak is built. In the first place we built the Glenwood Oak without linings. We build it with a ball bearing grate, and like our ranges, it can be removed any time. Then we have a large ring around the top of the fire pot that has three removable nickel rails on it. This throws the heat back to the floor. On the inside of the pot we have a ring with holes in it to consume the gas. As a heater the Glenwood Oak is O. K. Come and see them for yourselves.
