

Blasphemy: About 1000 feet of the entire speech at Rockdale Mr. said that if a map of the United States laid before the members and of Oxford University; and they did to designate the position of Chicago did not believe that one of them was within a thousand miles of it. A loan from the Carleton Sentinel location of the Wolhaupter route ranch railroad is anticipated. The distance is comparatively light; the steps will be 60 feet per mile, the same as the DeBeek line, while the terminus of the line will be 300 feet nearer the Houlthan the latter.

BY DIPHTHERIA.—This fearful disease made sad breaches, recently, in families at Hammond Vale. M. Fowl informs us that in one family of children, six died suddenly with Diphtheria. In another instance the mother and four children fell victims to this disease. Two other families lost children by the same fatal malady. We to those afflicted families our Christian love, and pray God to check the progress of this destructive power. (Visitor.)
