## Ayer's Sarsapan.

Subaparina is reputed to care. It is believed that an it is reputed by care that an increase for waited by those who suffer from Strainguis compliants, and that one which will accomplish their care must prove of immense service to this large class of our afflacted fellow-citizens. How completely this companial will do it has been proved by experiment on shapy of the worst cases to be found of the following compliants:—

Subjects and Scapetions Complaints,
Particles and Scapetions Complaints,
Particles and Scapetions Runting,
Particles, Borrious And Springer Agreement, Majorious Approved to Declaration, Designation Approved and The Declarations, Designation Approved and Scapetials of Complaints arising from Imperity of the School of the Boson.

This compount arising from live entry or the Broom.

This compound will be found a great promoter efficient, when taken in the spring, to expel the foul, humors which fester in the blood at that season of the year. By the great by expulsion of them many ranking disorders are nipped in the bad. Multitudes can, by the aid of this remedy, space the needers from the godurance of foul cruptions and ulcerious series, through which the system will strive to rid itself of corruptions, if not nesisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities for sores; cleanse it when you find it is obstructed and shaggish in the velocity cleanse it with great it is obstructed and shaggish in the velocity cleanse it.

must go wrong, and the great machinery of hie's disordered or overthrown. Europeanile has and deserves much, the regulating of accounting reputation, of accomplishing these ends. But the world has been egregiously deceived by

reputation, of accomplishing these ends. But the world has been exceptiously deceived by preparations of it, partly because the drug alose has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain bur little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misseled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often ito curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the lead of oldegry which years upon it. And we think we have ground for believing it has virtues which are urresicable by the ordinary run of the diseases it is intended to cure. In order to seeme their complete cralication from the system, the remedy should be judiciously taken according to directions on the bottle.
