THE LONDON TRAGEDY.

Corner's Jury Say Building Collapsed Owing to Alterations Made. London, Ont., Aug. 3.—That the said Wm. Thomas Tambling came to his death in the City of London in Brewster's store on the 16th day of July, 1907, by the cause of what is called falling eastward on the said Brewster store, and destroying it, thus causing the death of said Wm. T. Tambling.

IN DEATH STRUGGLE.

Fierce Fighting Between Japanese and Koreans at Seoul. Seoul, Aug. 3.—Thursday a battalion of Korea soldiers, resenting disbandment, at a given signal attacked three mounted Japanese officers, who had arrived at Little West Gate Barracks to demand the surrender of their munitions.

249 OWNERS.

Shrewd Hotel Man Seeks to Down Local Option With Many Votes. Neepawa, Man., Aug. 3.—The little local option town of Neepawa is seething with excitement over an attempt at the revision of the voters' list to add 249 names to the list.

PARIS HOTELMEN FINED

Brantford, Aug. 2.—At the police court this afternoon Police Magistrate Livingston heard the Paris Hotel case, as there is no magistrate in that town at present. Two government detectives, A. K. Cameron and R. A. Stokes of Toronto, charged with selling after hours on Saturday night, July 6, at three Paris hotels, the Royal, the Canadian and the Hub, proprietors J. J. Flahiff, J. Flahiff and William Levy, respectively, pleaded not guilty. The detectives gave evidence of having secured drinks in all three houses, a fine of \$50 and costs on each was imposed.

TOWN OF NORTH BAY SWEEP BY FIRE

Business Section Almost Entirely Wiped Out—Forty-Mile Gale Blowing.

North Bay, Aug. 3.—While a fierce gale of wind was raging yesterday, fire broke out at 10:30 in the late store of J. H. Campbell, the second store of the Gilmour Block, and, spreading with rapidity, was not checked until 11 o'clock, when the Gilmour and Richardson blocks were smoldering heaps of debris.

MONTREAL DUPED

PRETENDED DAUGHTER OF THE EARL OF LICHESTER SPENT TIME THERE. Montreal, August 2.—Mrs. Eva Fox-Strangway, who, in different portions of the United States, has duped people as the pretended daughter of the Earl of Lichester, and who is in reality the daughter of a British coastguard, is well known in this city. She also left a trail of debts behind her.

CONDENSED MILK FACTORY

NEW YORK FIRM WILL LIKELY BUILD IN WOODSTOCK.

Woodstock, Ont., Aug. 2.—If the ratepayers sanction the bylaw which will be submitted to them, it is altogether likely that the Borden Condensed Milk Company of New York City, will establish in Woodstock a factory for the manufacture of condensed milk. Negotiations have been in progress for a couple of months and all along the municipal authorities have had strong hopes of the industry which was considered as one of the best Woodstock has had the opportunity of securing in a long time. Yesterday a representative of the company paid a visit to Woodstock and as a result all outstanding obstacles were removed, and it is believed that there is now nothing in the way of the successful outcome of the negotiations.

OH, FOR A CLEAR COMPLEXION!

A clear complexion is the outward evidence of inward cleanliness. It had health the face becomes a sign-board telling of disease within. If yellow bile is not properly secreted, it pallid, the kidneys are faulty; if skin is murky and dark circles beneath the eyes, look for constipation. Whatever the cause, no remedy compares with Dr. Hamilton's Pills which are mild, safe, purifying, and vitalizing in their action. They give a marvelous rosy tint to the cheeks, brighten the eyes, and establish health that defies age and disease. Sold everywhere in 25c boxes.

FINDS HIS MOTHER AFTER 35 YEARS

British Journalist in Detroit Brings About Happy Re-union.

Detroit, August 2.—Thirty-five years ago William Redwood, of Bristol, England, then a boy of 14, bade goodbye to his mother on the docks at Liverpool, and saw her sail away to America. From that day until last Tuesday the two had never met.

GOLD IN YUKON

EXAMINATION PROVES GRAVEL BEDS ARE STILL RICH. Ottawa, August 2.—There is still a golden harvest to be gathered from the valleys of the Klondike hills and gullies. The government has completed an examination and survey of the gold bearing gravels of both the high and low levels. It is estimated that in the neighborhood where gold is known to exist, and from which gold to the value of \$54,500,000 has been taken by crude placer methods, there remains \$33,642,000, which may be recovered at a profit by hydraulic mining, dredging and other advanced methods of gold recovery.

LIKE A TREE IN THE NIGHT

That's how pain comes. We sit near an open window, get stiff neck or sore back, perhaps cool off too quickly. After exertion—rheumatism develops. Spend what you may, but money can't buy anything better than Polson's Nervine. Its penetrating power enables it to reach deep tissues—thats why it cures aches that all else can't touch. For outward application we guarantee five times more strength than in any other ointment, inwardly it's harder to use, and is sure as the hereafter to ease at once. Don't accept a substitute for Polson's Nervine, which is the one great household panacea of today.

THE WEATHER

Lower Lakes and Georgian Bay.—Moderate to fresh, but to north-west winds, fine; not much change in temperature.

At the Baptist parsonage this afternoon, Martin Saxsmith of West Oxford was united in marriage to Sadie Lillian Smith of Ingersoll, by the Rev. M. C. MacLean.

The Trusts and Guarantee Company Limited, Toronto, has, by the order of Mr. Justice Teetzel, been appointed committee of the estate of Gilbert Stevens, lunatic, Downsview.

That the relations existing between Mr. J. A. Conliffe and the office staff of the John Morrow Screw Limited are of the most pleasant nature, was indicated last night when he was presented at the Standard Flax Co. as a mark of their esteem and appreciation.

Seven Englishmen out from the Old County since May 1, and without a dollar in their pockets, walked into Inspector McCallum's office in the city hall, London, Friday and stood helplessly around waiting for something to turn up. They had been working for the Standard Flax Co. of Falkirk, Ont., but threw up their jobs and walked to London. The case has been reported to the Ontario Inspector of immigration, Mr. A. Ellis.

The examination was made by R. G. McCune and the geological survey assisted by Joseph Keeley, geologist, and F. H. McLaren and F. O. Farrell, topographers.

The estimate does not cover the creeks on the Indian River slope which have produced gold to the extent of \$24,250,000, making the total output of the Yukon District \$119,000,000 to date. It is estimated that this can still be recovered eight to ten millions of gold from these gravels, making the certain future output of gravel gold from the Yukon over \$53,000,000.
