The way i which they sang Welsh hymns and the mpressive manner in which they joined the rector in prayer, and especially the Lord's prayer, was very inspiring. These men did not leave their religion behind them when they le't their home, because it is evidently not a mere surface sentiduct of Captain Williams and his crew quietly conducted, and the result of the has elicited words of praise and commendation from all who came in contact with them during their stay at Richibucto. Bartlett, of Randolph, New York, few evenings since at the close of a regular has recently given a marvellous exhibition week service in the Methodist Church at of his powers as a marksman with a rifle. At a distance of 25 feet he hit common white beans, holding his rifle in various positions while firing. He split in two a postal card that was set edgewise. Using a. 22-calibre ball, he shot through a 32-calibre pistol barrel, the bullet splitting on a hinife blade at the further end of the revolver barrel, and each half of the bulle breaking an egg. He ignited a parlor rnatch held by a person at the target stand, knocked the ashes from cigais, and concluded by shooting a bean from the nose of Jason Huntley, who had sufficient con. fidence in Bartlett's skill to permit the attempt.

That is to say, your lungs. Also all your breathing machinery. Very wonder-ul machinery it is. Not only the larger air-passages, but the thousands of little tubes and cavities leading from them. When these are clogged and choked with matter which ought not to be there, your Iungs cannot half do their work. And what they do, they cannot do well. Call it cold, cough, croup, pneumonia, catarrh, consumption or any of the family of throat and nose and head and lung obstructions, all are bad. All ought to be COD LIVER OIL got rid of. There is just one sure way to get rid of them. That is to take Boschee's German Syrup, which any druggist will sell you at 75 cents a bottle.
