## SUNDAY TRAGEDIES.

HOUSTON, Mo., Oct. 14.—Barney Parsons, a farmer, his wife and three children were murdered yesterday near Licking, Mo. A farmer named Hamilton has been arrested charged with the murder, and is said to have confessed.

Parsons had sold his farm and crops to Hamilton, and it is alleged that the men quarrelled over the terms of the sale. Parsons and his family set out from their former home in a covered wagon, bound for Northern Missouri. Parsons was found shot to death and the mother and three children had been killed with clubs.

Joda Hamilton, the alleged murderer, is in the Houston jail strongly guarded to prevent lynching. He is said to have made a complete confession of which the following is a summary:

"At a timber bordered place in the road, as Parsons and his family were driving along, they were confronted by Hamilton, armed with a shot gun. Deliberately aiming at Parsons, Hamilton discharged both barrels of the gun and Parsons fell to the ground.

Hamilton then advanced upon him and clubbed him over the head with the butt of the gun several times. He then beat the head of the mother almost to a pulp, and after killing her, clubbed the three children to death. The bodies of all five were then loaded into a wagon and taken to Big Piney Creek, about one mile distant from the scene of the murder and dumped into the creek."

NEW YORK, Oct. 14.—Two men are dead and three others are suffering from dangerous burns following an accident on board former Commodore F. G. Bourne's yacht, Colonial, today.

The dead and injured were members of the eight-room crew. A steam connection blew out and they were engulfed in flames.

One of the dead was James Southwell, 45 years old. The other's identity has not been established. The steam connection blew out and they were engulfed in flames.

The seriously hurt, Alfred Grippie, John O'Hara, Edward McMeekin, Chief Engineer John P. Leonard, was frightfully scalded about the face and neck.

'Soon as possible after the accident."

HAZING AGAIN PRACTISED AT U. S. NAVAL SCHOOL.

A Mild Form This Time—A New Student Given a Nickname.

ANNAPOLIS, Md., Oct. 14.—Notwithstanding the severe lessons taught the midshipmen by the court-martials and dismissals of last spring, hazing has again appeared at the naval academy. So far the recurrence of the practice seems to be an isolated one.

Third classman R. P. Guller, Jr., whose home is in Celina, Ohio, has been called upon by Supt. Sands to answer the charge of "assuming unwarranted and unbecoming authority over a lower class man, in such a way as to humiliate and embarrass" fourth classman Godfrey De C. Chevalier, of Medford, Mass.

The hazing of Midshipman Chevalier is said to have been a mild one and would be classed by the midshipmen under their differentiating rule used in the court-martials of last spring as "running." Guller, it is understood, went to Chevalier's room and asked the fourth classman his name. Upon being told, he informed him that it was too big a mouthful and said "hereafter you will be known as ———" giving the fourth classman a silly name.

FOLK IN FAVOR OF GOVERNMENT SUPERVISION.

FARMINGTON, Mo., Oct. 14.—Governor Folk who has given public expression of his opposition to government ownership of railways, came out yesterday in advocacy of a policy of government supervision.

The Governor favors a government control similar to the present control of national banks by the Federal Government.

Governor Folk travelled with Mr. Bryan Friday and spoke from the same platform. They held conferences on the issues of the day and discussed Mr. Bryan's advocacy of Federal ownership.

TREASURE TROVE.

LONDON, Oct. 14.—An ingot was held at Sheffield yesterday on some Roman silver coins found by workmen near the old British camp. They were claimed both by the crown and the Duke of Norfolk. The ingot and the coins had exchanged many of them for beer at public houses.

CHILD AGRICULTURISTS.

CAPE TOWN, Oct. 14.—The Rhodesian Government is offering prizes to children attending public and private schools in the country for the best crop of mealies grown from seed distributed by it free of cost.

the victims were brought on deck by other of the crew and rolled in oil-soaked sheets and cotton.

As soon as he learned of the accident Commodore Bourne arranged for a special train to meet the men who were taken to Oyster Bay in a launch and hurried them to the Minto hospital.

NEW YORK, October 14.—Seven firemen were seriously injured, two of them, it is believed fatally, by a fire patrol wagon at the junction of West Broadway and Murray street tonight.

The injured men were members of the salvage corps. The captain and his six men were thrown violently to the pavement. All were removed to a hospital. They were: George Ennis, of Elmhurst, L. I., fractured skull and internal injuries, may die.

Frank Hoff, of Passaic, N. J., three fractured ribs and internal injuries, will probably die.

Wm. Banister, fractured ribs and internal injuries.

John Hennessy, internal injuries.

Joseph O'Donnell, scalp wounds.

George De Malle, contusions and lacerations.

ADD SUNDAY TRAGEDIES.

NEW YORK, Oct. 14.—Margaret Reiss, aged 32 years, was shot and fatally wounded by Frank Reis shortly after midnight tonight at 44th street and Eighth avenue. Reis, who is 45 years old, fired five times at the woman, while she was walking with another man. The bullets took effect in her back. Reis was arrested only after a struggle and after he tried to draw his revolver on the two policemen.

GREENWICH, Conn., Oct. 14.—An automobile, owned and driven by J. B. Van Halem, a New York business man, resident here, and containing besides himself, his wife and two daughters, took beyond the driver's control at the top of the hill and dashed down the five hundred foot incline, striking a stone wall near the bottom at the side of the road and overturned, pinning Mrs. Van Halem and her daughters beneath it, and seriously injuring them. Mr. Van Halem was thrown out and was not so seriously hurt.

REVISIONISTS GOT ALL THE REVOLVERS.

Stoessel Resigns from the Army—Manager of the Nobel Works Murdered.

WARSAW, Oct. 14.—A consignment of several thousand revolvers purchased by the Russian Government in Berlin, recently fell into the hands of the Polish revolutionists. Shortly after the arrival of the car containing the pistols the revolutionists broke into the warehouse and presented the bills of lading and an authorization to receive the weapons, which were loaded upon a wagon and carried away. It later developed that the soldiers were disguised revolutionists and the documents forged.

Investigation shows that since last December the revolutionists have been accumulating large stocks of rifles and revolvers in Poland, the greater part of them according to a member of the party, being purchased in Berlin, where their agents, well supplied with money from the proceeds of recent robberies and forced contributions, are able to pay cash for weapons of the latest pattern.

ST. PETERSBURG, Oct. 14.—An Imperial order giving notice of the retirement of Lieut. General Stoessel on the ground of ill health, has appeared.

The trial of Lieut. General Stoessel for surrendering Port Arthur to the Japanese has been going on since Sept. 29. His resignation from the army has been expected. It has been asserted that he would resign because he preferred to face the court in civil garb instead of in uniform.

ST. PETERSBURG, Oct. 14.—A despatch received here from Pyatigorsk, a watering place in the Caucasus, says that five armed men entered the residence of the manager of the Nobel works today, locked up the servants in a room and stabbed the manager to death. They escaped, taking with them some money.

## CANADIAN POTTED MEAT.

Dyes Found in Only One Sample—Some Harmless Ingredients Used.

OTTAWA, Oct. 14.—The department of inland revenue issued a bulletin today on the subject of potted meat and bologna sausage. It mentions that the canned meats examined some time ago were subjected to microscopic examination and also to the test for foreign coloring matter. Only in one instance was any of the latter detected, and this was in a sample made in Montreal. All of the other potted meats referred to were free from dyes. As regards the presence of corn starch and of meal from cereals of some description, it was detected in 23 samples purchased in the province of Quebec, 23 purchased in the maritime provinces. In the province of Ontario, 37 samples had been so manipulated, the majority of these being from Chicago, but there were also some from Toronto and Montreal. Eight samples purchased in Vancouver were found to be
