The remains of Isaac Stockford of 201 Westmorland noad were interred yesterday afternoon in the Fernhill cometery. Services at the residence and grave were conducted by Rev. J. C. B. Appel and Rev. ## dress a meeting for ladies in Trinity church school house at 4.30 on Tuesday afternoon on the work of the Woman's Auxifiary. The Alilance Assurance Company, Limited, of London, England, have appointed Mr. Frank R. Fairweather, formerly of the Imperial fire office, as agent in St. John. Hon. A. G. Blair will go to Europe in August to bring home his youngest daughter, who has been attending school there. The York Theatre is engaged for to-night by the Women's Council, and therefore the practice of the Festival chorus will be held in the Church of England Institute rooms. St. Peter's church will be closed all week while preparations are being made for the placing in position of the new organ. The usual week day ser-vices will be held in the basement of the church. At the Seamen's Mission last even-ing the services were conducted by the Rev. Canon Richardson. Trinity choir attended and sang several selections. Mr. Foster's solo was greatly enjøyed by all present. But the answer to the Telegraph lie in th fact that on the day before its article on the Jall appeared seven women, white and colored, were found crowded into one small cell in the jail. If the authorities have done their duty. why is that permitted? The Telegraph says there should be a police matron. Why have not the "competent" au-thorities provided one? Our "little
