## LOCAL NEWS

Pilot Jos. Doherty left on the C. P. R. at noon for Halifax to meet the Empress of Britain.

The ejectment case in which Bishop Casey is plaintiff and Ellen Lawlor de-fendant, has been settled out of court with Judge Forbes' consent. About forty young people of the North End enjoyed a very pleasant sleigh drive last evening returning to the home of Chas. Cameron, Victoria

The society of Christian Endeavor of the Ludlow street United Baptist church will conduct an evangelistic service at the Seamen's Missian, this evening. Special music will be furnish-

present to keep the boys orderly. Yesterday a number of lads made things unbearable for young girls, by their rough actions in playing hockey and one of the boys accidentally struck a little girl on the face with his hockey stick and broke her nose. When there are small girls and boys, the hockey playing should be prohibited.

The reorganization committee will meet this evening and it is expected.

About 10.30 o'clock this morning Nathan Jacobson called at the police court. One of his eyes was black and blue, his nose was bleeding and his face scratched. He requested that a warrant be issued for Louis Dritz, for assaulting him.

Jacobson had hardly left the court when Dritz put in an appearance. His face was scratched and bleeding and he requested that a warrant be issued for the arrest of Jacobson whom he says was guilty of assault.

The two Jews were told to be in court on Friday morning and if it is shown that they are both guilty each will be fined \$20.

# This Morning Spent Discussing the New System.

TO THE ALDERMEN

Board of Control Could be Applied Under Local Conditions-Reorganization Committee Sits Tonight.

F. S. Spence, ex-controller of Toronto spent this morning discussing the
operation of a board of control with
the members of the common council.
The gathering was held in the mayor's
office and all the aldermen except two,
were present. The meet was called for
10.15 and for over two hours the subject was discussed by Mr. Spence and
the aldermen. As the meeting was regarded as an nformal discussion it was decided not

to admit the press.

As nearly all the aldermen were at the meeting of the Canadian Club last night the discussion this morning was resumed as a continuation of what

stick and broke her nose. When there are small girls and boys, the hockey playing should be prohibited.

A particularly good programme has been arranged for the Fireside Club concert, to be held in St. David's church school room on Thursday evening. There will be several orchestra numbers and Mrs. Barnes and D. Arnold Fox will play. Mrs. A. P. Crockett, Miss Thompson, DeWitt Cairns, Fred McKean and S. J. McGowan will sing and E. A. Smith will read a number of selections from Dr. Drummond's Habitant poems. The proceeds of this concert will be for the benefit of the Presbyterian College in Halifax.

JEWS CHARGED EACH

When there will be any better than the present one.

The reorganization committee will meet this evening and it is expected that the subject will be discussed and possibly a decision reached as to whether or not any change should be recommended. If no radical change is decided on it will be necessary to do a little patching to the present system to provide for the changes made in the engineering department.

Among those disposed to favor the control system for St. John the feeling seems to be that while it would be an important change it could be consummated without much difficulty.

The members of the board of control would practically take the place of the Aldermen-at-large and no change need be made in the number of representatives.

As a better system of dealing with details could be adopted it might not be necessary for the board to meet every day, and the other aldermen would be saved a great deal of time

In the police court this morning one drunk was fined \$6.

John Chamberlain was charged with being drunk, profane and violently resisting the police. The defendant was arrested on corner of Union and Charlotte streets last night and before he was locked up the arrest caused the gathering of hundreds of people who blocked the street.

The defendant was represented in court this morning by G. H. V. Belyea. Two friends of the defendant, Wm. Howard and Charles Friers gave evidence that they did not hear any profanity and were conducting Chamberlain home when he was arrested.

The defendant was allowed out on bail and the case was adjourned until this afternoon.
