INTERESTING EVENTS AT MOOSEPATH SATURDAY

With every day's racing on the Moosepath Park track under the auspices of the St. John Matinee Club, the interest becomes more keen with the owners of horses and the large number of spectators who attend. The races are also getting more exciting and the large crowd who were present at the track on Saturday afternoon were given one of the best afternoon's sport that has been witnessed on the track for some time.

Class A pacing started the afternoon's sport with five starters, among them being a bay horse owned by Mr. Nason, a racey looking horse and the old time mare Laundry Girl. All these starters appeared to be out with a determination to win. In the second heat of this race Cassie W. caught one of her boots and fell on the first turn. The horse, Crowther, was trailing Cassie W., but managed in some way to get clear of his driver and started in to win the heat without a driver, being closely followed by Mr. Nason's horse and Arthur B. He took the turn on the outside, but was going level and strong, and when the trio swung into the home stretch the others were in the lead. Crowther, which is owned by C. M. Kerrison, is some horse, for without a driver he demanded his position and the leading horses had to open up his position. It was then that the spectators were given a treat as was never before witnessed on a race track. The guileless horse came on gaining inch by inch until he nosed his way to the lead. The drivers of the other two horses started in with their whips, but they could not break Crowther up, and the game little black gained steadily and won the heat by a length. The large crowd present were wild with enthusiasm and the horse and driver came out of the mixup without a scratch. The event was indeed one of the features of the meet.

In the colt class May Chimes was never headed. Mr. Emery and Mr. Short's colts tied for second honors and this also was a great race.

The Class C trot brought out four horses, Mr. Hamm's Jack H., went a great race the first heat, but was unsteady and had to surrender to J. A. Barry's Brazilian, Jr.

In the trot class Mr. Tibbets' mare Parkola, with Tom Hayes up, went a good race. St. Peter acted badly and had to be drawn. Black Sultan won the first heat, but Parkola won the last two heats and race.

In the free for all, four horses started. Golden Gate met with an injury in scoring and was drawn. This event was won by Pearl Barrymore in the two heats.

Hoof Prints.
Cassie W. was in bad luck, but showed her mettle by coming on and winning after her mixup in the second heat.

The black horse Crowthers, certainly gave a marvelous performance and should be shown at all the country fairs as the guileless wonder.

The veteran Tom Hayes, was much in evidence winning no less than two races out of four and had he not got a bad toss, the results might have been different in some of the other races.

The old war horse Slow Reid who is always ready to please the crowds, put up a good battle with Arthur B.

John A. Barry with Brazilian, Jr. is some trotter and is showing more form every day under the care of Tom Hayes.

There will be a meeting tonight at George Clark's rooms, Sydney street, when a full attendance will be expected.

The races for next Wednesday will be arranged and it is expected they will prove better than ever.

It is almost an assured fact that there will be some of the Fredericton horses in this week's racing, and it was stated last night that four horses from the Capital would be here.

Mr. Connor's pacer Lord Minto, was warmed up on the stretch during the afternoon and was much admired by the crowd. He can certainly step some.
