# IN PULPIT AND PEW

## BAPTIST

Dr. A. T. Robertson, professor of New Testament Greek in the Southern Baptist Theological Seminary, Louisville, Kentucky, and the Southern correspondent of the Watchman-Examiner, will deliver a series of fifteen lectures at Northfield, Massachusetts, Aug. 5-19. The subject will be, "Loyalty to Jesus," and the lectures will be an exposition of Heb. 9:13.

Colby College, Maine, is represented in the Student Summer Conferences at Northfield and Silver Bay, by a larger number of students than ever before. Seventy men are at Northfield and ten women at Silver Bay. The quickened spiritual life that is likely to result from the privileges of these conferences to such a number of young Christians ought to make it self distinctly felt in college affairs next year.

Dr. Robert Stuart MacArthur has begun his seventh year as vacation preacher at Tremont Temple, and will continue until and including September 2. He is firmly entrenched in the hearts of the Temple people, and holds the great congregations in a way that has never before been done during the summer vacation.

The Watchman Examiner referring to Dr. Cobbe's call to Providence, says: Mr. Cobbe is spoken of in the highest terms. He was pastor for seven years in St. John, New Brunswick, and is recognized as one of the leading preachers in the Maritime Provinces. His coming to the old historic Providence Church, the mother of us all, is a matter of general Baptist interest.

The summer meetings of the London Association were held at Lower Sliana Street Chapel, Chelsea, on Tuesday, June 27th, and were well attended and of a practical character.

The morning conference under the lead of Rev. Thomas Greenwood, was devoted to a discussion among associated ministers of the problem, how best to utilize future sessions of the kind in the special interest of pastors, and the conclusion arrived at was definitely in favor of devoting the session to ministers exclusively, a small committee being appointed to advise as to the subjects and procedure to be adopted and followed. A resolution was adopted expressing thankfulness for the reduction in national graveness, and urging the Government to take drastic action for a further decrease. The Sustentation Fund and its needs were also commended to the churches and pastors.

The scheme of obtaining 1 d. per month from every member and regular worshipper is full of promise, and could easily be maintained. Rev. J. H. Shakespeare then enforced the Sustentation Fund appeal, expressing his personal hope of ultimately obtaining enough money to secure for every London minister a stipend of not less than £200 per annum. The simultaneous collection in London in March last resulted in the sum of £1800 being raised.

The subject for the afternoon conference: "Our Sunday Schools in war time and after" was introduced by Mr. Arthur Black. Large reinforcements of teachers and workers were called for, and the suggestion was made that ministers might give half their time to their pulpit and pastoral work and the remainder to the Sunday School.

Rev. York A. King, pastor of the first Baptist Church of Lawrence, Mass., is a New Brunswicker who is meeting with success in his work. On Sunday morning, June 4th, he welcomed one hundred new members into the fellowship of the church, eighty-two having been received by baptism. This was the fruitage of a month's campaign of personal evangelism on the part of the membership of the church. In all the work the pastor was the inspiring leader.

Many will learn with deep regret of the death on July 18th of Mrs. Adelaide Swin, wife of Rev. Gleason Swin of this city, at the age of 50 years. Mrs. Swin had been ill since February last, the cause of her death being paralysis. Besides her husband she leaves three daughters, Pearl and Helen at home and Edna a graduate in the General Public Hospital; one son, Harold at home, and a brother, Crowell Penny of Cape Cape Island, N. S.

It is a matter of interest to Baptists that more than one quarter of those enlisting in New Brunswick were from Baptist homes.

## PRESBYTERIAN

The presbytery of St. John has nominated Rev. Gordon Pringle of Kinross, N. B., for the moderatorship of the Synod of the Maritime Provinces which meets in First Presbyterian Church, Truro, N. S., Oct. 3. Mr. Pringle is just rounding out a score of years in his present pastorate.

Rev. Frank Baird of St. Paul's Church, Woodstock, N. B., with his wife and family, is spending vacation at his summer cottage, Gypsybank Camp, Chipman, N. B.

Rev. David Lang of Corona Presbyterian Church, Denver, Col., U. S. A., is spending a few days visiting old friends in New Brunswick. He preached last Sabbath to the people of his former congregation in St. Andrew's Church, St. John.

Principal D. J. Fraser of Montreal Presbyterian College, is spending part

of his summer vacation in the Maritime Provinces. He has been for a few days visiting friends in St. John.

Rev. R. H. Stavert of Norton and Southfield, N. B., was in Halifax several days last week attending the National Division of the Sons of Temperance in which he has held for two years the office of Worthy Patriarch.

Rev. C. E. Amaron, D.D., has resigned charge of the French Presbyterian Church, Quebec City, to take effect on the first of September. He will then take charge of the Lorette Mission near Quebec.

Rev. Andrew Robertson, D. D., of St. James Square church, Toronto, is planning to hold open-air services for a full hour before regular Sunday evening services in the church. These open-air services will be held on the corner of Yonge and Gerrard streets and will begin July 23.

Rev. J. G. Shearer, D.D., of the Board of Social Service and Evangelism will take part in the Conference on Rural Life Problems to be held in Charlotte-town, P. E. I., during the early days of August. This conference has been arranged by the provincial government and is similar to others being conducted at Guelph, Ont., and Winnipeg, Man.

Rev. Jonathan Goforth, D. D., with his wife and daughter, in home on furlough from Changho Ho, North Honan, China. He was appointed to this mission in 1888.

## Church Union Committee.

The committee appointed at the last General Assembly to carry out the policy of the Assembly in the matter of Church Union will hold its first meeting in Toronto, July 26. The members of the committee are: Pres. R. A. Falconer, convener, Reva. Dr. A. B. Baird, Dr. T. C. Jack, A. H. Foster, J. MacCartney Wilson, R. W. Ross, G. A. Sutherland, J. A. MacKeigan, Dr. John Forrest, Dr. W. J. Clark, Dr. Geo. Hanson, Dr. W. T. Herridge, Dr. J. A. Turnbull, Dr. W. G. Wallace, Principal Gandler, Dr. D. R. Drummond, D. C. McGregor, R. Martin, Dr. R. Douglas Fraser, Dr. M. A. MacKinnon, Principal Dyde, R. J. Wilson, ministers; C. H. Mitchell, Judge Forbes, Mr. Justice Archibald, Prof. Matheson, Mr. Justice S. Sutherland, Dr. Hamilton Cassels, J. K. MacDonald, Isaac Pitblado, Mr. Justice Stuart and President W. C. Murray, elders.

## Against Short-cuts.

The presbytery of Owen Sound at a recent meeting resolved to overture the General Assembly "to enjoin presbyteries to exercise caution in making applications for leave for students to take shortened, or otherwise condensed courses of study, by way of 'short-cut' into the ministry." The same presbytery also agreed and made it a standing order "that before the resignation of a minister should be accepted, or translation to another presbytery granted, all Session Records, including Communion Roll and Registry of Baptisms must be presented for examination and certification."

## OBITUARY.

Mrs. William Fowler.

Chipman, July 20.—The funeral of the late Mrs. William Fowler, of Salmon Creek, was held yesterday and was largely attended. The deceased lady had attained to the age of almost eighty-five, having survived her husband by sixteen years. Interment took place in the Red Bank cemetery. Services having been held at the home, and at the church at Chipman, the minister of the congregation, Rev. E. E. Mowatt, being assisted by Rev. Frank Baird, Mr. Mowatt, preaching from the words, "Call upon me in the day of trouble, and I will deliver thee," paid graceful and fitting tribute to the Christian character, zeal and devotion of the deceased. Mr. Baird, who had known Mrs. Fowler intimately for many years, also spoke words of appreciation.

Mrs. Fowler was the mother of a large and now widely scattered family. The surviving children are: William Henry, of Missoula; James and Janet, at home; Mrs. Geo. S. Chase, of Chipman; and Mrs. G. B. Jones, of Apolauk. Deceased children are Thomas, John R., Wesley and Ida. Mrs. Fowler was for over sixty years a loyal and consistent member of the Presbyterian church. She was highly regarded by the entire community, and a feeling of personal loss was felt by an unusually large circle when announcement of her death, after a brief illness was made on Monday, July 17th. She rests from her labors and her works do follow her.

Mrs. C. B. Dever.

Margaret, beloved wife of Cornelius B. Dever, passed away at her home, 55 High street. Mrs. Dever was a lifelong resident of the North End and one of a well known family, being a daughter of the late William and Mary Carson. Deceased had suffered from heart failure for some years and for the past six months no hope was held for her recovery. The sympathy of the entire community is extended to Mr. Dever and family. J. Harry of this city, Mrs. Thos. Kyfin, Genevieve of St. Peter's teaching staff and Alice at home.

## GOOD RICH BLOOD MEANS GOOD HEALTH

Just a Little More Rich, Red Blood Cures Most Ailments

The lack of sufficient rich, red blood does not mean merely in a pale complexion. It is much more serious. Bloodless people are tired, languid, run-down folk who do not enjoy life. Blood does not nourish, there's indigestion, heart palpitation, headache, backache and nearly always nervousness. If this bloodlessness is neglected too long, a decline is sure to follow. Just a little more rich, red blood cures all these troubles. Then you have new health, new vitality and pleasure in life. To get more rich, red blood the remedy is Dr. Williams' Pink Pills. No other medicine increases and enriches the blood so quickly or so surely. This is not a mere claim. Dr. Williams' Pink Pills have done this over and over again throughout the world. Thousands of people always have a good word to say for this medicine. Miss Gertrude Haffner, Kingston, Ont., says: "About two years ago I was suffering greatly with anaemia, so much so that I had to give up my situation. I became so weak that I could scarcely walk without help. I had no ambition, no color, no appetite and was constantly troubled with headaches and dizzy spells. I was taking medicine from the doctor, but it did not do me a particle of good. One day a friend asked me if I had tried Dr. Williams' Pink Pills. Though as the result of my condition I was greatly discouraged, I began the use of the Pills, and thanks to that good friend's advice after using a few boxes I began to feel much better. Under the continued use of the pills I gained in weight, my color came back and I grew gradually stronger. I looked so much better that people would ask me what I was taking and I had no hesitation in giving the credit to Dr. Williams' Pink Pills. I am so grateful for what this medicine has done for me that I will do all I can to extend its use."

You can get these pills from any medicine dealer or by mail at 25 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

## WHY THE GERMANS WANT VERDUN.

The reason why the Germans want Verdun will be understood after reading the following extract of a speech made in the French Senate: "From the beginning of the war Germany has sought to maintain possession of the basin of Briey, which represents ninety per cent. of our iron production and the attack on Verdun has been for the purpose of confirming and perpetuating this fact. The basin of Briey lies between Verdun and Metz, like a significant key of the war thrown at equal distance from these two fortresses of the Lorraine front. Verdun is this fact may not one perceive the interest."

## Acadia Institutions

est which the Germans have in taking Verdun?  
"Before the war Germany produced annually 23,000,000 tons of iron, of which 21,000,000 came from the part of the basin of Briey, which had been annexed to Germany since 1870. France produced annually 22,000,000 tons of iron, of which 15,000,000 came from that part of the basin of Briey which had remained French. Since the war began France, having lost the basin through invasion, has been almost exclusively furnished with iron from England and the United States. Germany, on the contrary, having occupied the basin of Briey in France and in Luxembourg, has added 21,000,000 tons to her production, a total of 49,000,000 tons, which means 45,000,000 of steel.

"These facts suffice to explain the prolonged ferocity of the attacks on Verdun. Once masters of Verdun, the Germans will be able to believe themselves masters of the indefinite continuation of the war, because the basin of Briey increases in the total of its output more than 3,000,000 tons of iron.

"This slight enlargement of German territory would be enough to turn upside down from top to bottom the whole balance of the old world. It would reduce all continental Europe to vassalage under a protectorate of Germany, and would put England and her Empire in the greatest danger that she has run in all her history. "Now, if we understand that the territory of Briey in French Lorraine contains perhaps the most colossal and the richest layers of iron in all Europe; that Luxembourg also is very rich in iron; that in the French territory now occupied by the Germans near Belgium there are the richest mines of coal in France, some of them being among the richest in the world, the conclusion is clear.

"If Germany could succeed in getting possession of Belgium and Luxembourg, and in swelling her boundary to the disadvantage of France, she would be gaining possession of almost all the mines of coal and iron in Europe. Exception being made of Russia, she would have almost a monopoly on the continent of metallurgical industries.

"The permanent annexation of the Briey Basin would almost ruin France for all future time."

## ABSOLUTELY FIREPROOF HOTEL CHELSEA

West Twenty-third St., at Seventh Ave. New York City. European Plan. 500 rooms, 400 baths. Room with adjoining bath \$1.00 and \$1.50. Room with private bath, \$2.00.
