George W. Dodge.  
George W. Dodge, a well known  
resident of Kings county, died at his  
home at Nauyasigauk, Tuesday even-  
ing, after a long illness. He was  
for thirty years station agent at Nau-  
yasigauk, relinquishing that position  
in 1915 on account of failing health.  
He took an active part in temperance  
work and was a past grand chief of  
the I. O. G. T. of New Brunswick. The  
deceased is survived by his widow,

G. and W. Lee, at home. Four sisters  
and a brother, Gilbert Dodge, of  
Moncton, also survive.

resident of Nauyasigauk. His genial  
kindly disposition won for him many  
friends, and in his passing the com-  
munity has lost one of its most highly  
esteemed citizens. The funeral, will  
be held on Thursday afternoon at 3  
o'clock at the Hammond River Epis-  
copal church.

nition factory at Pleun was partly de-  
stroyed on July 19 by fire due to an ex-  
plosion, according to a Berlin despatch.  
A great many lives were lost and con-  
siderable damage was done.

## PRISONERS GIVEN THE FULL LIMIT IN POLICE COURT

Violators of the Liquor Law  
Heavily Fined—Unentitled  
Wearer of War Button Fined  
\$500.—The Lemon Ex-  
tract Case.

Three stiff penalties were handed  
out yesterday in the police court.  
Chas. Anderson in Not Ex. \$400;  
John Lane, \$200 for violation of the  
liquor laws, while Fred Chohlan, for  
wearing a returned soldier's badge,  
without being entitled to do so, was  
fined \$500.

Anderson's place of residence in  
Chapel street, had lately been raided  
and twelve gallons of Demarara rum  
seized by the police; again he was  
charged with selling in liquor at  
his home. The defendant pleaded  
guilty.

Chief Inspector Wilson commented  
on the boot-legging in Not Ex. and  
requested the magistrate to impose  
the maximum penalties for the of-  
fences.

Lane had been found drunk on the  
street, and was in possession of a  
suit case containing liquor.  
Sergeant Fred Chohlan's case has  
been pending for some time, and he  
gave the defendant an opportunity of  
securing witnesses. This he was unable  
to do, and stated further this was his  
reason for a trial by the Military  
tribunal.

Major Cuthbert Morgan, O. C., 7th  
C. G. R., read an act placing a fine  
of \$500 on those wearing a badge  
without the proper authority. When  
fined the defendant was retained in  
custody by the military authorities.

Pte. Walter Pyke and Pte. Stanley  
E. Edwards, arrested on the 16th inst.  
on Dunn's wharf, and who were loaded  
down with goods taken from John  
Carey's store, were committed for  
trial on a charge of breaking and  
entering. Pyke was out at the time  
of the theft on suspended sentence  
in another case.

The case against the Brayley Drug  
Co. was next taken up. The firm was  
charged with selling a liquid over  
two per cent. alcohol. The defend-  
ant, Patrick Ryan, of the same  
name, Ryan and Chas. A. Paddock,  
a grocer of Haymarket square gave evi-  
dence.

Ryan who conducts a store at 336  
Brussels street told of purchasing the  
lemon extract from the defendant com-  
pany, Chas. Paddock said he had  
also bought extract from the same  
company, retelling the extract for  
domestic purposes. He also purchas-  
ed the extract from firms on the  
wharves.

A lively discussion took place be-  
tween Inspector W. D. Wilson and L.  
A. Conlon, who appeared for the com-  
pany. The discussion being with-  
out the Act prohibited the sale of all  
liquids over two per cent.  
His Honor decided that people  
would have to utilize some who use  
orling if the lemon now we use was  
70 per cent. alcohol, as the idea was  
to rid the city of drunkenness.

**BIG DERRICK CRASHES  
ON VALLEY RAILROAD**  
No Person Hurt—Accident  
Will Delay Construction  
Work.

With a crash, the big derrick used  
by the Dominion Bridge Company to  
place the heavy steel girders in the  
Nerepis bridge on the Valley Railway,  
toppled over yesterday and lay wreck-  
ed. Falling with it a big girder was  
dropped and now rests with one end on  
the pier and the other in the river.  
By the greatest good fortune no one  
was hurt; the roadbed was not seri-  
ously damaged and the derrick is not  
beyond repair. There will be some  
delay in getting the work started again  
and the accident will involve consid-  
erable expense to the contractors.

So far as the St. John & Quebec  
Railway Company, the government-  
owned corporation which is building  
the road, is concerned, the only dif-  
ference which the accident makes is  
the delay in the completion of the  
work.

The accident occurred as the big  
derrick was swinging the heavy girder  
over the bridge. The derrick, which  
weighed the ton, sank beneath the  
weight of the car, the sleepers  
broke and the big derrick toppled  
over.

It will be necessary to secure, hoist,  
and remove the derrick and to  
clear the track and enable the work  
to proceed.

## FUNERALS.

The funeral of Charles H. Pritchard  
took place yesterday afternoon at 2.30  
from St. Luke's church. Services were  
conducted by Rev. W. H. Sampson  
and interment was made in Fernhill.

## PUBLIC UTILITIES COMMISSION MEET

Two Sessions Held Yesterday  
—Applications From Sus-  
sex and Fredericton Were  
Heard.

Two sessions of the Public Utilities  
Commission were held yesterday at  
the Government rooms. At the morn-  
ing session the hearing of the applica-  
tion of the Sussex Manufacturing Com-  
pany, for power to increase rates for  
electric light and power was concluded.  
The Commission took the matter un-  
der consideration and will make their  
order later. M. E. McCormack gave  
evidence on the value of the plant  
and equipment and J. P. Atherton  
testified for the Company. Some criti-  
cism on the charging of meter rent was  
made by members of the Commission.  
At the afternoon session an applica-  
tion was heard on behalf of the Depart-  
ment of Public Works, asking for an  
extension of electric light service by  
the Maritime Electric Company of  
Fredericton, to the militia hospital  
building at Fredericton.

The further hearing of the applica-  
tion of the Calais Water and Power  
Company for a new schedule of rates  
was adjourned.

## WAR BONUS CHEQUES FOR GOV'T EMPLOYEES ARE EXPECTED SOON

From \$100 To \$150 For Men  
Receiving Less Than \$1,550  
Per Annum—Only Those  
With Dependents Eligible.

Government employees in St. John  
during the "smile" that won't  
come off," and the reason is that yes-  
terday word was received that the war  
bonus has been allocated to the differ-  
ent departments and cheques will be  
available in a week or ten days.

During the last session of parlia-  
ment civil service employees through-  
out Canada petitioned the government  
for a war bonus over their scheduled  
rate of pay to help meet the increased  
cost of living, and \$3,000,000 was  
voted for that purpose. On Saturday  
the government met and by order in  
council appropriated the bonus to all  
various departments. The extra money  
is to be paid to married men, widows  
with children, and single men with  
dependent relatives and is graduated  
according to the salary of the recipients.  
Thus employees receiving less  
than \$1,200 per annum are entitled to  
a bonus of \$100, those receiving be-  
tween \$1,200 and \$1,550 are entitled to  
\$150, and those receiving more than  
\$1,550 are entitled to \$200. The gov-  
ernment's action is greatly appreciated.

## WILL FIGHT ACTION IF ANY IS BROUGHT

Hon. J. K. Flemming, W. B.  
Tennant and Thomas Nagle  
Will Contest Demand of  
Provincial Government.

An evening paper yesterday stated  
that demands for payment of certain  
sums of money have been made by  
the provincial government upon Hon.  
James K. Flemming, W. B. Tennant,  
and Thomas Nagle. The sums  
said to be involved are \$100,000 in the  
case of Mr. Flemming, \$133,000 in the  
case of Mr. Tennant, and \$20,000 in  
the case of Mr. Nagle. The demands  
made as an outgrowth of investigation  
in connection with the construction  
of the Valley Railway. In each case  
it is said a time limit of ten days has  
been set, otherwise suit will be  
brought, otherwise suit will be  
brought by the Chancery Division of the  
Supreme Court. It being stated by the  
evening paper referred to that the writ  
has already been issued in the case of  
Mr. Flemming who has retained coun-  
sel and will defend the case. Mr. Ten-  
nant and Mr. Nagle were communicated  
with by The Standard last evening.  
Both admitted that they had been  
served with demands for payment and  
added that if writs were served they  
would contest the action having al-  
ready engaged counsel to look after  
their interests.

## THE ENGINEERS ARE ORGANIZED

Steam and Operating Engi-  
neers Formed Union Last  
Night—Election of Officers  
and Addresses.

A meeting of the steam and operat-  
ing engineers was held last evening in  
their rooms, Union street.  
The meeting was called to organize  
and elect its officers. Some questions  
were discussed after which the elec-  
tion of officers resulted as follows:  
President—Daniel Campbell.  
Recording Secretary—L. W. Dorey.  
Financial Secretary—Howard Mc-  
Cordick.

Treasurer—George Watson.  
Conductor—John Hooley.  
Trustees—Joseph Smith; F. Mahon-  
ey; and F. Durrill.  
Auditors—Moses Thorne; W. Close;  
and R. Patterson.

After duly electing its officers, some  
of whom in the past and concili-  
dresses, fifteen of those present came  
forward and were initiated into the  
new union. The union is now on the  
high road to success, and various ques-  
tions will receive discussion at future  
meetings will be held in the same hall.

## OUTRAGE REPORTED AT NOTRE DAME

James Smith Murray Accuses  
Roughnecks and Slackers of  
Smashing Door, Firing  
Shots, Etc.—Woman in  
Serious Condition.

Special to The Standard.  
Moncton, July 24.—James Smith  
Murray, an aged man of Notre Dame,  
arrived in Moncton today and laid  
complaint with Chief Rideout against  
alleged deserters who he charges with  
damaging his house and terrifying his  
household. Murray stated that a gang  
of military deserters arrived at his  
house at one o'clock Tuesday morn-  
ing, smashed the door, fired shots,  
stoned cattle and greatly alarmed the  
occupants of the house. An aged wo-  
man visiting at Murray's is reported  
in a serious condition as the result  
of fright.

Murray gave the names of Antoine  
Langlois, Cornier, Hector  
Cornier and Nedome Dogan, whom  
he suspects of being in the party. He  
alleges that he was threatened because  
he was suspected of giving informa-  
tion to the military police. He asks  
the military authorities to arrest the  
deserters.

## MASSED GERMAN RESERVES HOLD OPEN JAWS OF TRAP

(Continued from page one)

On the eastern jaw front, however,  
the enemy has been crushed back  
more than a mile and a half on a ten  
mile front further impeding his  
whole position in the salient from  
which he is endeavoring to extricate  
his troops.

The railroad running from Sol-  
sons to Chateau Thierry is now either  
in our hands or under our fire. Gen-  
eral March said, indicating the fronts  
on his war map. The only way in  
which the enemy can get out now,  
or get supplies over a railroad is by  
the remaining line from Nanteuil on  
the Ourcq to Bazoches on the River  
Marne.

"It was necessary for him, if he  
did not intend to be caught absolutely  
in a pocket, to keep troops from  
being cut off and cutting off this road,  
which would put him entirely at the  
mercy of the allied forces."

General March did not indicate what  
developments the continued battle  
along the front of the greatly reduced  
German salient might be expected to  
produce. Among other officers, how-  
ever, the opinion prevailed that Gen-  
eral Foch was rushing forward masses  
of heavy artillery which with airplanes  
would pound the interior of the Ger-  
man positions from three sides.

## German Losses Great

As these officers see the situation  
the very strength of the German lines  
now established will be the result of  
the concentrated fire of the Allied  
artillery and aircraft. The enemy  
forces occupy a wedge, the centre  
of which is the salient. The  
lines of the allies at any point. All  
his communication lines are within  
gun range, once the "shooters" get up  
behind the Allied lines.

There is another consideration.  
Lacking railway lines on which to  
manoeuvre, the enemy probably is  
making desperate efforts to get his  
biggest guns away safely. The attack-  
ing lines are backed by circling rail-  
ways on which long range weapons  
can be shuttled back and forth at will. It is recalled that  
the German attack on Chateau Thierry  
was made with a few big guns, and  
little more than a week ago was ac-  
companied by the fire of big guns,  
shells from which fell ten and fifteen  
miles behind the lines.

The bitterness of the battle around  
Chateau Thierry and along that por-  
tion of the north bank of the Marne,  
where the enemy still retains a foot-  
ing, probably is largely due to his  
determination to starve the Franco-  
American attacks from the south at  
least until the big weapons have been  
dragged back to safety.

The advances reported today through  
Chateau Forest and to the northeast  
of Epieds is beginning to menace seri-  
ously enemy positions further east  
on the Marne which are covering his  
withdrawal within the salient.

Half Million Huns.  
It has been estimated that the Ger-  
mans now have as many as half a mil-  
lion men in the limited salient they  
still hold. About forty divisions are  
understood to have been identified  
there. The irregularly shaped pocket  
is about thirty miles broad at its base  
between Solsons and Rheims, while  
its greatest depth is around twenty  
miles.

Obviously, it is said, the enemy is  
badly cramped for space in which to  
handle his huge army.  
Should the final rail connection  
northward come under direct gun fire,  
it is regarded as possible by many  
officers that a veritable rout would  
result as the massed force of the  
enemy could not all be gotten away.  
Appraised at its lowest probable  
value, officers say, the counter stroke  
already has drawn in the enemy's  
most vital necessity, his reserves. His  
whole plan of campaign has been over-  
turned in less than a week, and it is  
regarded as more than probable that  
the initiative seized by General Foch  
will remain in his hands permanently,  
to be amplified into blows at other  
parts of the line.

## ALBERT COUNTY BOY HIT BY LIGHTNING

Is Unconscious Three Hours,  
But Will Recover—Cat  
Killed.

Special to The Standard.  
Moncton, July 24.—A boy named  
George Mellich, age 12 years was  
struck by lightning in his home in  
Overton, Albert county, last night.  
The lad was playing with a cat at  
the time and the animal was killed.  
Young Mellich was unconscious three  
hours, but is now reported out of  
danger.

## DRAFTEES LOOK GOOD TO OFFICERS OVER IN FRANCE

Veteran Officer "Over There"  
Says They Look Like Old  
Soldiers—Pays Complimen-  
tary Remark on Training  
Received in Canada.

Ever since the Military Service Act  
went into effect last autumn and the  
young men were drafted in large num-  
bers, the members of Canada's new  
army have been complimented on all  
sides for the showing made while in  
training. Their conduct has proved of  
the very best and as the different units  
could be seen marching through the  
streets or at other drill it showed it  
was only necessary for these young  
men to be in uniform for a few weeks  
when they presented the appearance  
of soldiers with a much longer train-  
ing. The young men perhaps did not  
like the idea of being drafted, but once  
signed up they took to their work with  
a vim, and the veteran officers who  
have been commanding are more than  
pleased.

A large number of the draftees have  
crossed overseas and it will be of in-  
terest to note that quite a number are  
now in France.

A letter was received yesterday from  
an officer fighting in France in which  
he states: "Quite a number of draf-  
tees have been received in France and  
they seem to be all right; we don't  
seem to know any difference between  
them and the ordinary reinforcements.  
The draftees have the appearance of  
old soldiers and are apparently as  
eager to get into the game as any sol-  
dier who came to France before them.  
They are a fine looking lot of young  
men and by the manner that they go  
to work speaks well for the excellent  
training that they must have received  
before they left Canada."

## NARROW ESCAPE FROM ACCIDENT

Woman Nearly Run Over By  
a Train—Utter Disregard of  
Traffic Police Signals Com-  
mented on.

Last evening a woman was seen  
scurrying on the railway tracks near the  
C. G. B. depot. She had been engaged  
in picking up wood and rested on  
one of the rails. She had only moved  
from the place a few minutes when  
the car was away with it. The narrow  
escape from being run over by the  
train. Carelessness has on many  
occasions resulted in serious acci-  
dents.

It has been remarked that since the  
traffic policemen have been on duty in  
the city that automobile drivers and  
those driving teams very rarely dis-  
obey the signals given by policemen,  
but pedestrians take little notice of  
the traffic man's signals and step on  
the crossings right in front of the ve-  
hicles that have been signalled to  
proceed. It is a daily occurrence to  
witness persons having narrow escapes  
at the head of King street and this  
would be done away with if the  
citizens would only obey the traffic po-  
liceman's signal, or look for such be-  
fore they leave the sidewalk.

## CALAIS CITIZENS HAVE BIG TIME

Celebrate Victorious Feat of  
Arms in France—Judge  
Cockburn Speaks.

St. Stephen, July 22.—Our American  
cousins, and Allies in Calais, took oc-  
casion this evening to celebrate the  
greatest victorious feat of arms in  
France—with a monster gathering in  
Memorial Park, attended by about 3000  
people.  
Mayor Miner of Calais, presided  
very gracefully and thrilling addresses  
were given by Melvin Cockburn, K.  
C., of St. Andrews; and Hon. George  
M. Hanson, of Calais, associate justice  
of the Supreme Court of Maine.

The Calais City Band rendered a  
joyous musical programme and a  
banquet was taken to collect a substantial  
sum for the use of the Calais Red  
Cross.

A Hurry Call.  
"I was so ill, sir, that I could not  
come to work to save my life," ex-  
plained Pat.  
"How was it, then, that I saw you  
pass the factory on your bicycle dur-  
ing the morning?" asked the foreman.  
"Sure, sir, that must have been  
when I was going for the doctor!"

## Are You Deceived?

Have you been led to be-  
lieve that the knife is the  
only cure for piles?  
If so, it is unfortunate,  
for many thousands are be-  
ing cured by the use of Dr.  
Chase's Ointment. Some-  
times after operations have  
failed and often when op-  
erators have said that an op-  
eration was the only hope.

It won't cost you much  
to try this treatment in your  
own home. It is sure to re-  
lieve and usually effects  
complete cure.

## A LIFETIME OF SUFFERING

The Wonderful Fruit Medicine

53 Maisonneuve St., Hull, Que.  
"In my opinion, no other medicine  
is so good as 'Fruit-a-tives' for indiges-  
tion and Constipation.  
For years I suffered with these  
dreaded diseases, trying all kinds of  
treatments until I was told I was in-  
curable.  
One day a friend told me to try  
'Fruit-a-tives'. To my surprise I found  
this medicine gave immediate relief,  
and in a short time I was all right  
again."

## WEDDINGS

A Quiet Wedding.

A quiet wedding took place at  
George street Baptist parsonage,  
Fredericton, on July 22nd, when Rev.  
M. Addison united in marriage Miss  
Gladys Fayre Hoyt, youngest daughter  
of Mr. and Mrs. Munson Hoyt, of Mil-  
ville, to Ervin J. Mills, of Rusagornish.  
Only the near relatives of the bride  
and groom were present. The happy  
couple left for a tour through the  
provinces. On their return they will  
reside in their new house at Mil-  
ville.
