

Castoria, or Something Else?

FLETCHER'S CASTORIA is particularly a preparation for Infants and Children made agreeable to the taste, acceptable to the stomach and pleasant in its action. It has been in use for over thirty years and has always been one of the most highly esteemed of all cathartic preparations.

It has one great advantage over other preparations of its kind in that while it opens the organs readily and completely, it does not have a tendency to produce subsequent constipation so much to be dreaded.

Fletcher's Castoria having been prepared solely for our little ones, should not be confused with ordinary cure-alls or preparations primarily compounded for grown-ups. The child's organism, so delicate and tender, requires specially prepared medicines and foods, the one no less than the other, as mother-love well knows, and mother-love can not be deceived.

Children Cry For

Fletcher's
CASTORIA

What is the Matter with Baby?

It cries fretfully, is restless and does not sleep well, its bowels do not move or it has diarrhoea, it does not eat or it has flatulence and vomits easily. You know baby is sick. You want to help baby get well safely and quickly.

If you are wise you will use Fletcher's Castoria, the wonderful remedy for babies' ills, that was discovered by a family doctor and that has been used for over thirty years.

When you have learned the value of Fletcher's Castoria you will never be without it, you will tell other mothers what a useful remedy it is. You will be able to keep baby well and happy by using it to keep its stomach sweet and its digestive organs acting naturally. You will call Fletcher's Castoria the Children's Comfort and the Mother's Friend.

Don't say tomorrow - try it today. And above all things don't try to relieve baby with a remedy that you would use for yourself.

MOTHERS SHOULD READ THE BOOKLET THAT IS AROUND EVERY BOTTLE OF FLETCHER'S CASTORIA.

CHANGES IN C. N. R. LINE MANAGEMENT

A circular issued by Mr. D. H. Hunter, President of Canadian National Railways, announces a division of the work in the department of Operation, Maintenance and Construction, of the public-controlled road, a division made necessary by the increasing volume of work due to the taking

MR. S. J. HUNGERFORD

over the operation, by the C. N. R., of the mileage of the Grand Trunk Pacific in Western Canada.

Mr. M. H. MacLeod, who has until now been the Vice-President in Charge of the Construction Department, and Mr. S. J. Hungerford, hitherto Assistant Vice-President of the Department, will be Vice-Presidents in Charge of Operation and Maintenance. Both appointments are dated to be effective October 1st, and the offices of both Vice-Presidents will be in Toronto.

Under this new arrangement Mr. MacLeod will have entire control of the Locating and Constructing of lines, while to Mr. Hungerford will fall the task of general operation and maintenance of all physical properties on all lines.

Trained in West.

Prior to Mr. MacLeod's appointment as Vice-President of Operation, Maintenance and Construction of Canadian National Railways in 1918, he was General Manager and Chief Engineer of the C. N. R. at Winnipeg. It was during his occupancy of these positions that the great expansion of Canadian Northern lines, which are now included in the Canadian National, occurred. As Chief in the Construction Department of the Canadian National, therefore, he will have the advantage of a knowledge of territories and of conditions equalled by few men, if by any, in Canada.

Mr. Hungerford has been in Railway work since his youth, and has risen to his present office from the ranks of a machinist's apprentice. He had an extensive experience with the Mechanical Department of the Canadian Pacific Railway, and joined the Canadian Northern in 1910. While it was during his occupancy of these positions that the great expansion of Canadian Northern lines, which are now included in the Canadian National, occurred. As Chief in the Construction Department of the Canadian National, therefore, he will have the advantage of a knowledge of territories and of conditions equalled by few men, if by any, in Canada.
