THE OLD FOLKS AT HOME

Are Never Without Peruna in the House for Catarrh, Coughs and Colds.

MR. AND MRS. PETER HOFFMAN, KYLERTOWN, PA.

Mr. Peter Hoffman also writes:

"I was sick for five years and could find no help. I was completely deaf; I had shortness of breath, trouble in the throat, so that I was in misery. Through one of Dr. Hartman's airmans I decided to try Peruna, and bought a bottle.

"I took three bottles and now feel well; my hearing is good again; I can breathe without difficulty; my throat is no longer inflamed. I followed all the directions, and can now say that Dr. Hartman's Peruna has cured me.

"I recommend it to all suffering with catarrh. I am seventy-one years old, I feel ten years younger."

When old age comes on, catarrhal diseases come also. Systemic catarrh is almost universal in old people.

This explains why Peruna has become so indispensable to old people. Peruna is their safe-guard. Peruna is the only remedy yet devised that meets these cases exactly.

Such cases cannot be treated locally; nothing but an effective systemic remedy could cure them. This is exactly what Peruna is.

Peruna can be obtained for \$1.00 a bottle at all first-class drug stores in Canada. "The Life of Life," which can be secured at all up-to-date drug stores, and upon request is sent free to all, gives a short description of all catarrhal diseases. Address Dr. Hartman, Columbus, Ohio, U.S.A.

Relatives in St. John of Clergyman Dead in New York.

WAS NEW BRUNSWICKER.

Letter Found in His Pocket from Alice McGeherigle of This City, a Relative Who Establishes Identity of the Deceased.—Had Preached Here.

Rev. Arundel Simpson, whose death in New York was announced in Wednesday's Telegraph was a native of Jerusalem, Queens county, N. B., and for a short period occupied the pulpit of the mission church in St. John.

A special despatch from New York to the Telegraph states that among the letters found on the body was one from Miss Alice McGeherigle, St. John, N. B., who signed herself "your loving niece."

Tuesday this young woman, who is employed as stenographer for Wallace & Fraser, North wharf, was seen by a Telegraph reporter and by her, identity of the dead clergyman was established.

He had one brother at Jerusalem, a sister at New Jersey, James McGeherigle, and two sisters-in-law in St. John, Mrs. James Simpson, Peter street, and Mrs. Thomas Simpson, Waterloo street. They are the widows of brothers of the deceased clergyman. Information gathered yesterday to the effect that Rev. Mr. Simpson had been a student of the mission church in Kentucky and Missouri. After his ordination he spent some time in India. About ten years ago he visited St. John and for some time occupied the pulpit of the mission church in St. John Baptist in the absence of Rev. J. M. Davenport. He was regarded as a man of exceptional learning, but somewhat eccentric in character.

Afterwards he went to New York and labored among the working classes. In New York he was a member of the New York Teachers' Association, and was principal of the Madras school at Shanghai.

In recent years his letters or occasional letters to his sister revealed no information respecting his work.

Among those in St. John who were intimately acquainted with Rev. Mr. Simpson is City Engineer G. Hard Peters, who says that the man was always possessed of means and was a power among the lower classes owing to his gift of eloquence. He never wanted money for his services even when he occupied church pulpits. He was a new bride and asked to be married. Justice Ziegler recognized him as a bridegroom of a few years ago. Scholastic explained that his wife had died and he was a widower. The bride and groom had no sooner departed than another woman arrived and explained that she was also his wife. This led to his arrest. Since that time he has been turning up at the rate of one a month, until the actual count is nine, and they are expected to be on hand so tardily against him.

DECLARATION DAY.

Halifax People's Choice Announced Officially—The Peary Expedition.

Halifax, Oct. 8.—(Special)—This was declaration day for the county and, after examining the returns the sheriff declared Messrs. Keefe, MacPherson and Mitchell elected. There were 123 rejected ballots and 47 spoiled ones.

Dr. Steiner, Arctic explorer, returned today to Washington via Sydney. Dr. Steiner denies that Dr. Dietrich is insane.

There is no doubt good and sufficient reason for disagreement between Peary and the doctor and probably both are to blame more or less, asserted the doctor.

Dr. Steiner does not know whether Peary discovered gold in the north or not, but he believes that the yellow metal is there in plenty. He bases his opinion on the fact that he saw a large quantity of quartz.

WEBB SAID TO BE ACTING ALONE.

Denial That His Canadian Railway Project is in Connection With the Vanderbilts.

Cleveland, O., Oct. 9.—The Leader tomorrow will print the following:

"From well informed persons connected with railroad interests in Cleveland, it is learned that the Vanderbilts are in no way connected with the project to build a line across Cape Breton to reach export points to the province of Nova Scotia. It seems that Nova Scotia has offered a bounty to induce someone to build a line of railroad to connect up the exporting point of the distributing centre of the interior of Canada; and also to form an outlet for the one and coal mines and steel properties along the eastern coast. It is learned that Dr. W. Webb has personally taken advantage of the offer of the bounty, and will build a line inside of two years. The movement is one on his own personal account and is said to have no connection whatever with the New York Central or other Vanderbilt roads. Only such connection with United States lines will be made as are natural through the regular channels of Canadian commerce."

WIDOW SUSPECTED OF FOURTEEN MURDERS.

Deaths of Four Husbands, Five Children, Sister, and Four Others Charged to Her.

Dayton, O., Oct. 9.—Mrs. A. J. Witwer, a widow residing in this city, has been arrested by the police at the instigation of the coroner, and is held for investigation of the deaths of her four husbands, five children, her sister and four others.

Mrs. Witwer, the police say, is suspected of having committed fourteen murders, the last including four husbands, five children, one sister and four members of different families in which she was employed as a housekeeper. The last supposed victim was her sister, Mrs. Anna Pugh, who died a week ago. An autopsy, performed at the request of Mrs. Witwer's mother, who came here from Detroit, is said to have disclosed the presence of arsenic and forgers in the stomach. No conceivable motive for the suspected crimes has been disclosed. Drugs found in the house of Mrs. Witwer will be examined.

Trenton, N. J., Oct. 9.—Nine wives have been subpoenaed to appear in court to claim the estate of a man of 74, who will be placed on trial for bigamy in the Burlington County court.

Many witnesses from all parts of New Jersey will appear against him. He is now 33 years old. He lived with a new bride and asked to be married. Justice Ziegler recognized him as a bridegroom of a few years ago. Scholastic explained that his wife had died and he was a widower. The bride and groom had no sooner departed than another woman arrived and explained that she was also his wife. This led to his arrest.
