J. W. H. WILLIAMS

(Continued from Page One)

itself and use its influence to have the Department of Education undertake a thorough reorganization of the courses of studies."

In his recommendations we find that no material change in the curriculum has been made in many years except to add new subjects to it, that much in the course might very well be superceded, that some of the subject matter is obsolete and needs revising, that very little is done along the lines of vocational guidance and that the individual pupil is not receiving his meed of attention.

If this is the condition of the course of studies in our schools it is high time the board asserted itself and made an effort to induce the Department of Education to reconstruct the courses to meet our everyday needs. Boys and girls should leave our schools well equipped to undertake the battle of life and not be handicapped because they have been obliged to take courses that have "little applicational value to the life activities of the pupil."

We should definitely recognize the Teachers' Alliance, and the model form of contract.

Teachers should set in an advisory capacity to the Board.

The seniority rule should apply in the promotion of the teachers always, provided the teacher has the necessary qualifications to fill the vacancy.

Permanent school buildings should be constructed as soon as possible to take the place of the many temporary schools now used.

Branch libraries should be established in the schoolhouses in the outlying districts.

As there is great need that provision should be made for safeguarding the children from the evil influences of the street, the schools and playgrounds should be open after school hours and Saturdays where the boys and girls can play under proper supervision.

J. W. H. WILLIAMS.

BARBERS WILL SEND TWO DELEGATES TO CALGARY CONVENTIONS

The November meeting of the Barbers' local was exceptionally interesting and the debates on the various subjects under discussion were participated in by the majority of the members present.

The union decided to send two delegates to the convention of the Alberta Federation of Labor in Calgary on January 5th.

There was a good live debate on the proposed Barbers' License Act, and it was decided to continue to press for this piece of legislation, which is as important to the public as it is to the barbers. The matter will again be placed before the convention of the Alberta Federation next Monday.

The Labor candidates for civic honors were given the opportunity to address the meeting.

COOKS AND WAITERS WILL HOLD REGULAR MONTHLY DANCE

The Hotel and Restaurant employees will hold their regular monthly dance in the club rooms over the Phoenix Cafe on Thursday, December 11th.

The union meets on Friday of this week when twenty new members will be initiated. The Cooks' and Waiters' Organization is on a splendid footing at the present time and continues to grow in numbers and strength.

When the bubble bursts the get-rich-quick financier looks like an ordinary thief.
