On sale everywhere.—There may be country merchants who do not keep Dr. Thomas' Electric Oil, though they are few and far between, and these may suggest that some other oil is just as good. There is nothing so good as a liniment or as an internal medicine in certain cases. Take no other. The demand for it shows that it is the only popular oil.

VICTORY AND PEACE

Germany Has Yielded and Firing Has Ceased

The wires are hot this afternoon spreading the news that Germany has yielded to the demands of the Allies. An armistice has been signed, and firing ceased at two o'clock today. Confirmation of the above has been obtained by The Transcript from London and Detroit, in both of which cities it is announced on the bulletin boards and big victory celebrations are taking place.

A WISE SUGGESTION

A correspondent makes a suggestion which has more merit than anything which has come from the reconstruction committee. He says that on the farms and in the towns and villages the buildings and fences are run down and out of repair, owing to the dearth of carpenters, builders, and what may be called handy men. He says that for such labor there will be steady work for years. He would therefore, have workmen, who realize the danger of the failure of employment in the cities, advised to go to the country towns and villages without delay, while their savings from city wages are unexhausted. What they may appear to lose in the transition will be made up by cheaper and more wholesome living and by the better opportunities of educating their children.

THAT PROVINCIAL HIGHWAY

(Thamesville Herald)
But what is the use of arguing about it, anyway? If the Government really desires to serve the province to the best of its ability with the new road it will build it where it will serve the most people. If it builds it where the most pressure is brought to bear by friends of the Government, one knows where it will go. Probably, after all, there is much wisdom in the view of The Forest Free Press, as follows: "The London Board of Trade has invited the various municipalities to send delegates to a convention for the purpose of deciding the route of the 'great national highway' to be built across Ontario, from the Michigan boundary to the Quebec boundary. The municipalities invited should send delegates who would effectively squash the whole wild scheme. The proposal to waste millions of the people's money in the construction of a cement highway across the province should have the condemnation of every right thinking citizen. The proposed road will be no benefit to the people who will be taxed for years to come to pay for it. With the exception of a few rich nabobs it will not be of any use even in the localities in which it may run. On the other hand it will be an actual detriment to the farming sections through which it runs. Here is a matter in which the United Farmers can serve their own interests in a very material way. If they allow this expensive and useless road to be built they will have to pay the greater part of the cost."

FLU CLAIMS TWO IN GLENCOE

The death occurred at the home of Ern Tedball, Victoria street, on Saturday, November 2nd, of Leonard White, 24 years of age, of Sarnia. Mr. White had been ill with influenza which was followed by pneumonia and proved fatal. Mr. White was employed as a truckman on the G. T. R. here. The funeral service was held from Gough & Son's undertaking rooms on Sunday afternoon at Longwood cemetery. Rev. Mr. Irwin conducted the service. Mr. White leaves besides his father, in Sarnia, several brothers and sisters.

A second death occurred in the home of Mr. Tedball early on Tuesday morning when Mrs. Tedball's sister, Miss Eva Mae Richardson, aged 18 years, succumbed to the prevailing malady. Miss Richardson came to Glencoe to wait on Mr. and Mrs. Tedball, who were ill in bed with the flu at the time of Mr. White's death. She was apparently in good health up to Saturday, when she was taken ill. Miss Richardson's home is at Kerwood, where the remains were taken for interment in Bethel cemetery, Warwick.

Nurse Florence McKelvie, who was in attendance at the Tedball home, contracted the disease shortly after taking charge there. She was removed to the home of her parents in Mosa township and her condition has been quite serious for the last few days.

BAN NOT YET TO BE LIFTED

The local board of health met in Dr. Walker's office on Tuesday, November 5th. Members present—Dr. Walker, J. E. Hull and A. J. Wright. The minutes of the last meeting were read and approved.

The object of the meeting was to consider the advisability of again opening the places closed by the former meeting on account of the epidemic of Spanish influenza. After due consideration, the board deemed it advisable to continue the closing order for the present.

Moved by Mr. Hull, seconded by Mr. Wright, that two dozen cards be printed, after that houses where the epidemic exists be placarded; also that two dozen cards be posted up through the town prohibiting spitting on the sidewalks or in business places.

It is also ordered that all cases of influenza shall be reported at once to the medical health officer, either by the physician or by the householder. Adjourned to meet at the call of the chairman.

CHAS. GEORGE, Secretary.

A SOLDIER'S RETURN

Pte. W. H. Dorman arrived at his home in Glencoe from France on Thursday morning, having been in invalided home owing to an injury by shrapnel to one of his feet. Pte. Dorman enlisted in the 142nd Battalion two years ago and in France was transferred to the 14th Battalion. He was in some of the most notable battles at Ypres and Vimy Ridge.

Not being apprised of his homecoming, the people of Glencoe were unable to give the reception they would have liked. However, Reeve A. J. Wright and officers of the Patriotic Society called upon him at his home on Thursday evening and gave informal welcome, at the same time presenting him with the usual cheque from the returned soldiers' fund.

HODGSON-POLE NUPTIALS

There was a pretty wedding at the home of Mr. and Mrs. F. J. Pole in Ekfrid on Wednesday, October 30, when their youngest daughter, Lettie Irene, was united in marriage to George W. Hodgson of Chatham. The ceremony was performed by Rev. Mr. Whaley of Appleton, and promptly at three o'clock the groom took his place, under an arch of evergreens and chrysanthemums, immediately the strains of Lohengrin's Bridal Chorus, rendered by Mr. and Mrs. Fred McGill, announced the coming of the bride party. Attention was centered upon a charming little flower girl, Alice Pole, niece of the bride, a veritable fairy dressed in pale green crepe de chine and white net, carrying a basket of pink and white roses. She was accompanied by the ring bearer, Stuart Pole, nephew of the bride, carrying a basket of roses in the heart of which reposed the ring. The bride followed down a pathway marked by streamers and mums, leaning on the arm of her father. She was charmingly gowned in shell-pink crepe de chine with over-dress of ivory georgette crepe trimmed with French lace and seed pearls, with veil of French tulle arranged in an original manner plaited and bound with orange blossoms. She carried a bouquet of roses and maiden-hair fern.

After the ceremony the guests, numbering about forty, repaired to the dining-room, where the decorations were of the simplest character in harmony with war-time views, mums being used for the table. After a sumptuous wedding luncheon the young couple motored to London, the bride travelling in a suit of reindeer brown with hat of peacock blue trimmed with seal, and seal furs, the gift of the groom.

The presents were many and beautiful, the most prominent being a china tea set, a victrola and some substantial cheques.

Guests were present from Sarnia, London and Chatham. Had it not been for the influenza epidemic Mr. and Mrs. Hodgson intended going on an extended honeymoon, but instead are going to a few points east, and will be at home to their friends in Chatham after November fifteenth.

NEARING WAR'S END

News of the past week would indicate the early termination of the war. Turkey and Austria have made a complete surrender, and now, with Germany's armies on the verge of disaster and dissension among her people, the capitulation of the last and arch enemy of the Allies cannot long be delayed.

FLU VICTIM IN MOSA

William, the only son of Mr. and Mrs. Albert George of Mosa, succumbed to an attack of pneumonia following influenza on Wednesday afternoon. He was in his 21st year. The funeral will be held from the family residence, lot 6, Longwoods Road, Mosa, on Friday morning at 10 o'clock. Interment at Oakland cemetery.

DEATH OF MRS. DUNDON

Word was received here on Tuesday stating that the death occurred at her home in Winnipeg on Monday, November 4th, of Mrs. John Dundon, formerly of Glencoe, in her 62nd year, after only a short illness.

The remains were shipped from Winnipeg to Bothwell, where they are expected to arrive tonight (Thursday) and the funeral service will be held on Friday morning at 9 o'clock. Interment will be made at the Roman Catholic cemetery at Bothwell.

Mrs. Dundon leaves to mourn her loss two daughters, Ada (Mrs. S. A. Naylor) and Miss Mayme of Winnipeg, and one son, John, who went overseas with the 135th Battalion. She also leaves one sister and one brother, Mrs. Playter of Detroit and Thomas McNulty in the West. Her husband predeceased her about five years.

Mrs. Dundon was well known in Glencoe and vicinity and the sorrowing family have the sympathy of their many friends here.

WINS RECOMMENDATION FOR COMMISSION

The following letter from Dan McArthur will be read with pleasure by his friends, as it gives intimation that he has succeeded in winning his way to a commission:

France, Oct. 4, 1918.
Dear Mother,—We have been engaged in hard fighting during the past week, the stiffest that we have yet seen. However, things have quietened up a bit and we are back to normal warfare. The change is welcome, as all of us, gunners, drivers and signallers, have had a strenuous session, working hard and not getting much sleep, though of course the infantry have a much rougher passage. The very good news from all fronts keeps the boys' morale high. As Foch says, the wall seems to be rolling down hill. We have heard from a dispatch rider this evening that Turkey has surrendered, but this is not confirmed.

Although tired, the boys are all standing the strain well. One of our signallers, Dave Laird, got a good blighty from a bomb splinter in the knee. Harry is due for leave in a day or so and I go next month—Paris. Wally Robinson, another signaller, has just got his military medal, which was coming to him for his work during the Monchy scrap. He and I, with several others, have been recommended for commissions. Our papers went in today, but it usually takes some time. It was quite unexpected and unasked for. Love to all.—DAN.

GLENCOE RED CROSS

October shipment to Hyman Hall: 16 pairs of pyjamas, 5 pairs of hospital socks, 9 stretcher caps, 10 mattress pads; overseas—138 pairs hand-knit socks.

Christmas boxes for the boys overseas will be packed next Tuesday. Donations of gum, chocolate, smokes, etc., received.

We gratefully acknowledge the following donations:—James C. Gardiner \$5, Miss Ruby Suttler \$5, Jean Sutherland, Molly Tait, Sec.

WINTER FAIR POSTPONED

Owing to the influenza epidemic the directors of the Elgin Winter Fair, West Lorne, have postponed their show until November 26th to 29th. Entries are extended to November 18.
