#### What I Live For.

- I live for those who love me,
  Whose heartsare kind and true;
  For the heaven that smiles above me,
  And awaits thy spirit too;
  For all human ties that bind me;
  For the task by God assigned me;
  For the tright hopes left behind me;
  And the good that I can do.
- I live to learn their story,
  Who've suffered for my sake,
  To emulate their glory,
  And follow in their wake:
  Bards, patriots, martyrs, sages,
  The nobles of all ages,
  Whose deeds crown history's pages,
  And time's great volume make.
- I live to hold communion
  With those that are divine;
  To feel there is a union
  'Twixt nature's heart and mine,
  To profit by affliction,
  Reap truths from fields of faction,
  Grow wiser from conviction,
  And fulfil each grand design.
- I live to hall that season
  By gifted minds foretoid,
  When men shall live by reason,
  And not alone by gold;
  When, man to man united,
  And every wrong thing righted,
  The whole world shall be lighted
  As Eden was of old.
- I live for those who love me
  For those who know me true;
  For the heaven that smiles above me,
  And awaits my spirit too;
  For the cause that lacks assistance;
  For the wrongs that need resistance;
  For the future in the distance,
  And the good that I can do.

#### A Little Sermon.

Nature says: "Keep to-day out of the store, the shop, the lawyer's office, the editorial room. Get into you some sunshine, some fresher air and a change of conditions and surroundings." Business says: "No. Work in the same old way. Breathe the same jaded faculty or department of brain, and when the machine at last breaks down and you can't crawl, send for the doctor." If one-third the attention that is readily granted to making money were bestowed on the care of the body, as regards the nourishment the body, as regards the nourishment which will give it more strength, the kind and amount of labor best suited for it and the condition and location most suitable for it, there would be better work both mental and physical, vigor would be prolonged, men and women would not be useless at 60, and the world would behold a race superior in all respects to any existing in the known past. But ere this is realized our "wise men" must learn to live a great deal more outside of their counting rooms and ex-changes. Any occupation that puts on a man's face the color of tallow or parchment is a health-destroying business.

#### Home Politeness.

A boy who is polite to father and mother is likely to be polite to every body else. A boy lacking politeness to his parents may have the semblance of courtesy in society, but is never truly polite in spirit, and is in danger, as he becomes familiar, of betraying his real want or courtesy. We are all in danger of living too much for the outside world, for the impression which we make in for the impression which we make in society, coveting the good opinion of others and caring too little for the opinion of those who are in a sense a part of our-selves, and who will continue to sustain and be interested in us, notwithstanding and be interested in us, notwithstanding these defects of deportment and character. We say to every boy and to every girl, cultivate the habit of courtesy and propriety at home—in the kitchen as well as in the parlor, and you will be sure in other places to deport yourself in a becoming and attractive manner.

The great results which have attended the regular use of Quinine Wine, by people of delicate constitution and those affected with a general prostration of the system, speak more than all the words that we can say in its behalf. This article is a true medicine and a life giving principle—a perfect renovator of the whole system—invigorating at the same time both body and mind. Its medical properties are a febrifuge tonic and anti-perperties are a febrifuge tonic and anti-per-iodic. Small doses, frequently repeated, strengthen the pulse, create an appetite, enable you to obtain refreshing sleep, and to feel and know that every fibre and tissue of your system is being braced and renovated. In the fine Quinine Wine, prepared by Northrop & Lyman, Toronto, we have the exact tonic required; and to persons of weak and nervous constitutions we would say, Never be without a bottle in the house. It is sold by all druggists.

It should be Investigated. If any of our readers are suffering from chronic diseases of the stomach, liver, kidneys, or blood, they should investigate the merits of Burdock Blood Bitters. It is making some of the most remarkable cures on record.

SANITARIUM, Riverside, Cal. The dry clin Throat, Lungs, full idea, 36p., route, cost free. John Hays, Credit P. O., says: "His shoulder was so lame for nine months that he could not raise his hand to his head. he could not raise his hand to his head, but by the use of Dr. Thomas' Eclectric Oil the pain and lameness disappeared, and although three months have clapsed, he has not had an attack of it since.'

Names, Facts and Figures

Will be cheerfully given by the pro-prietors of Burdock Blood Bitters, regarding the many certificates of wonder-ful cures made by that medicine in chronic diseases of the blood, liver and kidneys, revealing proof that is beyond the possibility of dispute by the most incredulous.

Mr. A. Fisher, of the Toronto Globe, says: "I take great pleasure in recom-mending Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure to the public. I have suffered with Dyspepsia for some time, and have tried several remedies without receiving any benefit. Being recommended to do so, I used one bottle, and must say that I find the result perfectly satisfactory, not being troubled with this distressing disease since, and would recommend others similarly afflicted to purchase a bottle at once and try it, as I am satisfied they will receive benefit from its use."
