

# Davey Quality Tree Surgery

# Protects Trees & Tree Owners

There is nothing experimental about tree surgery as practiced by the Davey experts. Founded on the solid rock of John Davey's knowledge of tree life—equaled by that of no other man—it has been brought to a high degree of perfection through thoroughly tested methods, adequately trained men, and a live and healthy organization. All of these elements of strength combine to give a service of *quality* that affords *protection* alike to *trees* and *tree-owners*.

## The Incomparable Trio of the Davey Service

**FIRST**—John Davey's life-long study of trees and their ills, during which he worked out the vital principles of the *science* of Tree Surgery. **SECOND**—The Davey Institute of Tree Surgery, maintained by the Davey Tree Expert Company at its own expense for the sole purpose of training its men in the science and practice of saving trees. There is no school like this—and tree surgery cannot be learned elsewhere. **THIRD**—A responsible organization of business men and business methods through which the service of the Davey Experts is given to the public, and its quality maintained to the high standards which make *tree surgery* so different from the work of tree-butchers and tree-fakirs.

## You Love Your Trees—Then Help Them Live!

You who love your trees want them to be beautiful and physically perfect. Just as you would with other *living* things that are your friends, you should help your trees to overcome defects and prolong life. Dead limbs or decaying stubs should be removed and the wounds protected to prevent further decay. Open or hidden cavities should be cleaned, treated and filled. Whether just started or far advanced, splitting crotches should be secured against further damage. And so with all other ills of trees. But your trees will look right and *be* right after they are treated *only* when the work is done scientifically under the direction of trained men, working for a responsible organization.

## If You Own Fine Trees—Let Us Help You Save Their Lives

Some trees are perfect—a few. Most trees need attention—some more and some less. Find out what yours need; get expert advice on their condition—it will save you money. The Davey *quality* service is now available east of the Missouri River at a *reasonable* cost. Send for full particulars.

The Davey Tree Expert Co., Kent, O.

Gentlemen: I take pleasure in testifying as to the most excellent results obtained in the treatment of trees at my home, Century Oak Farm, near Monaca, Pa. Your Mr. Grimes and his assistants were most efficient in putting into excellent condition a number of trees which had become, through neglect, practically worthless. I am so pleased with the work you did for me that it will afford me great pleasure to answer in detail any inquiries from prospective clients that you may refer to me. Very truly yours,  
(Signed) F. C. HODKINSON

Owners of fine homes, surrounded by numbers of beautiful trees, write at once for our booklets telling the Davey story—the story of tree salvation. Write promptly, for your benefit and our convenience, and state clearly how many trees you have, what kinds and where they are located.
