

W. A. Murray & Co. Limited.

57 Years' Growth in Merchandising

Home Furnishings of Quality and Taste

Our Drapery, Cretonne and Lace Curtain Departments are replete with the products of Europe.

We cordially ask you to allow us to demonstrate our ability to give you just the fabric you need and at the right price.

We have constantly in stock a wealth of Draperies, including Silk Damasks, Brocades, Tapestries, Silk and Linen Velours, and many new and novel weaves not hitherto shown in this city. The many varieties of Casement Cloths we carry will prove a source of delight and education in themselves.

In our Cretonne Section we have a bright new stock which has been carefully selected and the taste and the designs displayed rank second to none. The whole selection is exclusive and the colorings and designs cannot be obtained elsewhere. Prices 25c to \$3.00 per yard.

We will be glad to submit sketches, color plans and estimates covering your requirements in Draperies, etc., and also for the re-covering of old furniture and slip-covers.

Do not overlook our Window Shades either. Let us give you estimates for your new homes. You will be pleased with both quality and prices.

**CHURCH'S
COLD WATER
Alabastine**

None Genuine Without Little Church on Label

ALABASTINE is now the general vogue in cottage and mason alike. Alabastine is more artistic and sanitary than Wall Paper, more effective than oil paint, more permanent than Kalsomine.

Alabastine is a dry powder, made from Alabaster Rock. It comes in white and 21 tints. Alabastine is ready for use by mixing with cold water, and is applied with a flat bristled brush. Its colors are permanent, and do not rub off. Alabastine is a cement, and hardens with age. It can be recoated without removing the old coat.

FREE STENCILS

We have organized a Decorative Department, and will furnish **FREE COLOR SCHEMES** to all users of Alabastine. We also offer **FREE STENCILS** for producing the design we suggest. Write today.
