

may have - on that
account - a truer
point of view.

I went to the Convention
(as no doubt you know)
supporting Fisher for
leader - just because
of his greater experience
- He did not want the
position - and the
movement the same
caucus showed that
as between Fisher
and yourself the
majority preferred you
- that settles it.

That is how Fisher
and I turned over to
you at once.

because he and
I were absolutely
at one in the
conviction that
after what has

taken place ³⁷¹⁹⁵
the last two years
there never could
be a united
Party behind any
man who had
supported the
present Government
or gone back upon
Laurier

I see by the news-
papers this morning
that possibly you
may have an
acclamation in
Prince Albert - I
devoutly hope so -
With all my best
good wishes to you
I am always
Yours faithfully
