

29th March 6

Sir,

I have to acknowledge the receipt of your letter of the 20th inst. with further reference to the application of the Parry Island Band for the purchase of four Indian ponies; and in reply I have to inform you that the place suggested by you would be the best to adopt if the ponies are to be purchased at all; but the Department is of opinion that any Indian wanting a pony or horse should purchase it for his own use as Indians

Thos S. Walton Esq.
