MEMORANDUM FOR THE PRIME MINISTER:

Re: War Labour Board reports

Attached is a copy of Part II of the report of the Economic Advisory Committee, dealing with the difficult questions of wage increases, cost of living bonus, etc.

The report has been gone through this afternoon by Council, with Dr. Clark and Mr. MacNamara. Copies of the report will be taken home tonight by Ministers for their further consideration.

At Mr. Crerar's direction, Council has been called to meet again on this report tomorrow afternoon, in the hope that you may be able to be present. I have called Council for 3.00 p.m.

Attached to the Economic Advisory Committee's report are revised recommendations of the Department of Labour.
