There has been presented to this court a certified true copy of the MFM 6 of the accused. This copy originated at 2nd Echelon. Doubtless that, although the accused is not in a position to prove that the copy is incorrect nevertheless I ask the court in the light of their military experience examine the MFM 6, will note the physical impossibility of some entries on same. I ask the court, therefore, when considering sentence do not judge the accused on a record which cannot be substantiated but rather they judge the accused as one of the few unpatriotic who are overlooked in the regat program and I ask that in the light of these circumstances the accused be awarded a very lenient sentence.
