OAT MEAL CAKES.—Now for one of the most capital articles of food ever eaten. Manage it in this way:—into a quart of cold water, stir oat meal enough to make it about as thick as hasty pudding. Be sure that the meal is sprinkled in so slowly, and that the stirring is so active that the mush will have no lumps in it. Now put it on a tin pan, where it can spread out to half the thickness of a common cracker, and smooth it down with a case-knife. Run a sharp knife across it, so as to divide it into the sized pieces you wish, and then place it into a warm oven, and bake it slowly, being careful however not to brown it. A little butter or suet rubbed over the tin pan before spreading the mush, will prevent sticking. When it is done, eat
