## A Chance to get a good Gas Engineering Book FREE!

"THE PRACTICAL GAS ENGINEER" has the right remedy for almost any trouble your engine can develop. Each remedy or point is numbered and indexed so you can put your finger on the one you want in a puff.

There are 54 points that are clear and concise. The sturdy covers make the book stand up under the oily fingers of the operator. It fits snugly into the overall pocket, ready to be whipped out the second your engine kicks off you need it. Construction, erection and the operation of the engine are so clearly set forth that there will hardly be a problem for which it does not provide the solution. All this briefly, in plain everyday words. The points on construction will help you get value for every dollar you spend on a NEW engine.

## How to get it without cost

Send us the coupon for the book itself, so you can have the privilege of reading over the answers to such points as you need right now to make your engine work better. And when we say you can return the book within five days and get your money back without a question asked we mean that. We will pay the charges both ways so that nothing can stand in the way of your tearing off and mailing the coupon.

The "Canadian Threshingman and Farmer" is a dollar a year magazine that sells for \$1.00 a year and it's certainly worth the price. We want YOUR new or renewal subscription and are willing to give you this splendid book in order to get it.

Send for this book on the strength of what you have read here. With the book in your own hands, before you open it, ask yourself any question you would like to know about your engine, then see what the book says. If it doesn't measure up to what we say about it take us at our word and get your money back. There are only a few hundred of these books on hand. See that you get yours. Fill out and send that coupon now, before you turn the page.
