12th row—1 treble in first treble, chain

A REMINDER

There is no one time of year better than another for arranging Life Insurance—but the NEW YEAR means new resolutions—a "NEW START"—and when could the question of Life Insurance be more appropriately considered than at the NEW YEAR? No man can count his affairs in order until he has assured, as far as human foresight can assure, the continued welfare of those dependent on him.

There are a thousand arguments for Life Insurance—not one against. And just as important as the decision to insure is the decision to insure WITHOUT DELAY—while health and opportunity permit one to do so.

The Great-West Life Assurance Company offers to those needing Insurance full advice and information regarding suitable plans. The Great-West Policies are known for their liberality and value; premium rates are low; the profit returns to Policyholders are exceptionally gratifying; and plans are issued to meet every need and circumstance.

Let us describe the best policy for YOUR needs.

DEALERS! FARMERS!

Spend your money at home and help build up Canadian Industries here in the West. We can give you goods and service as good as you can get elsewhere and at a lower price.

Farmers ask your dealer to quote you on Manitoba Gasoline and Kerosene Engines of whatever size you need.

Manitoba Engines Limited BRANDON and CALGARY

Also Manufacturers of Steel and Wood Wheel Windmills, Iron and Wood Pumps, Feed Grinders, Roller Crushers, Saw Frames, etc.

OXY-ACETYLENE WELDING APPARATUS and SUPPLIES

We can supply a thoroughly practical outfit from \$100.00 up. There should be at least one plant in every district to repair breakages quickly and SAVE TIME and MONEY. Up-to-date farmers with Traction Engines are putting in welding outfits and doing their own and their neighbours' repairs. We give free instructions to purchasers. SEND YOUR BROKEN CASTINGS

Scored Cylinders or any kind of Repairs. We Re-bore Cylinders, True Up Crank Shafts, Re-tip Boiler Flues and are in a position to handle any repair job promptly.

Nothing too large or too Small

GIEGER WELDING WORKS, SASKATOON
