

# Page Metal Gates=Good=Cheap

Page Gates have the best quality of steel frames, and are put together in a superior way. The filling is galvanized steel wire, and this filling is so fine in mesh that chickens or smallest pigs cannot get through. They have double steel braces, each having a strength of 3,500 lbs. Hinges and latch are of the best known design.

These are some of the reasons why Page Gates are the best.

We are now supplying these gates at only a little more than you would pay for hinges and latch at a store to make your own gate. THINK OF IT!—A complete Walk Gate all metal, everlasting, ornamental, perfect, for \$2.00 (see price list), or a large Farm Gate for \$5.25. At these prices you should show good business sense by using our gates everywhere on the farm that gates are needed. To prove what we say, look at the following prices for delivery at any station east of Port Arthur, at which we or our local dealer can supply you.

"Page Fences Wear Best."

The badges worn by the members at the convention were presented by the Canada Salt Co., makers of the well known Windsor salt. They were handsomely done and made a splendid souvenir of the occasion.

Prof. G. L. McKay, in commenting upon the butter exhibit of George Balkwell, of Lafontaine, at Stratford, said: "General workmanship good or perfect. The maker deserves credit for his part in making this butter."

#### Care of the Poultry

Give the poultry a warm mash every morning, and warm the grain in the oven at least long enough to take the chill off. Don't allow them to drink icy water, but take out some warm water several times every day. Once a day give them a drink of warm milk. Buy a cow's liver for them sometimes, boil it and season with pepper and salt. After dinner chop up all the meat scraps left and give the fowls. They just love meat and it is good to make them lay. Don't forget to keep them well supplied with grit. Keep their house clean and comfortable. Boil some turnips once a week. Give them good attendance and they will pay you in beautiful fresh eggs. All the pullets should be laying now. If they are not, don't try to lay the blame on the fowls.—A.R.

Anna was preparing to say her evening prayer. Her grandmother, sitting near, said she must ask God to make the weather warmer so grandma's rheumatism would get better. Anna ended her prayer that night with the following supplication: "And, oh God, please make it hot for grandma!"

## TREES! TREES! TREES!

We have a full line of Fruit and Ornamental TREES for Spring, 1905, at lowest possible prices.

Headquarters for packing dealers' orders.

Farmers wishing to buy first-class stock absolutely first hand and without paying commission to agents, should write to us at once for a catalogue and price list.

Don't wait until the last minute, as you will be disappointed. Place order early and secure the varieties you want.

Correspondence solicited.

## Did the Blight Spoil Your Potatoes Last Year?

### The Spramotor

will for \$1.00 per acre, protect the coming season's crop from BLIGHT, BUGS and ROT, and increase the yield over one-half.

The machine illustrated will spray 20 acres a day, 4 rows at a time, above and below, by driving the horse between the rows. All the work is done by the horse.

The machine can be worked by hand for stationary work, such as large trees, whitewashing, etc. Kill the wild mustard plant, and greatly increase the yield of grain. Write for Booklet "B" it's free.
