## Binder Durability

ONE of the most essential features in the make-up of a good Binder is durability. A Binder without strength in addition to other special good points will not stand the hard usage to which it is subjected. The MASSEY-HARRIS is the most substantially constructed Binder of any on the market to-day, and yet has the lightest draught of any.

The Massey-Harris Binder is nearly all Steel—the best of Steel. The use of Steel for many parts ordinarily made of Cast or Malleable Iron makes possible a Frame which is lighter and at the same time stronger than any other frames. High Carbon Steel Angle and T-shaped Steel comprise the greater part of the material used. At every point subject to strain the frame is braced and re-inforced in the most substantial manner, and, as a result, all the working parts are held in proper relation one with another.

## International Poultry Food

Prevents Cholera and Saves the Little Chicks

A little chick is just like a little baby—its health depends on its food. Improper feeding opens the way for disease. Chicken Cholera, Roup, Apoplexy, can be prevented and cured by feeding INTERNATIONAL POULTRY FOOD.

My chickens had Cholera until some of their combs were turning black. After using a few feeds of "International Poultry Food," I never lost another fowl, and Cholera has left my premises.—J. F. HARRIS.

Give all your chickens a daily feed of "International." It keeps them well—fattens up the broilers—makes hens lay all the year round—keeps the cocks vigorous—and insures raising the little chicks. If you want to make money out of your fowls, feed "International Poultry Food."

25c., 50c. and \$1.00 a box. At dealers everywhere.
