The Best, Neatest and Cheapest Fruit Package Ever Offered

This out shows our 24-QUART BASKET GRATE stacked as when shipped filled with fruit. It is the best, cheapest, most convenient and altogether nearest to a cost-nothing gift package ever offered to Canadian small fruit growers. Don't fight shy or condemn this package because you may have last season or some other season been unfortunate enough to have purchased some thing similar from other makers. Ours are not stop goods, and purchasers of fruit have got on to it and can spot fruit shipped in our baskets, and are sure to go for it first. You try it and see if it is not true. You save money in the first cost of baskets;

you save money in express charges; you save fault-finding with your commission man; you save money with him for he has no empty packages to be responsible for and consequently works for less. You make money every way by having your fruit in neat, respectable packages of convenient size to suit the consumer. What you want is a safe delivery of your fruit on the market in good shape and condition, and that can only be secured by using our packages, which only costs you 1/4c. per quart for marketing your berries. This may seem a dream, but send for our prices and be convinced. **W. B. CHISHOLM,** 269-c
