LATEST AND BEST

THE LEADER, WITH LATEST IMPROVEMENTS.

Cultivators compared. Competition challenged. Simplicity, Strength, Superiority, Success.

In 1891 we brought out the Lever Extension Cultivator, the first of the kind manufactured in Canada. Success has attended our Scufflers from the first, and the fame spread so rapidly that we were able to sell three times the number in 1892 that was sold the former season, and the further success of the improvements added last year we are again warranted in doubling our manufacture for 1893. Don't forget that the Diamond Point Corn and Root Cultivator, with adjustable levers, was manufactured first by us, and to-day stands ahead of all others. Place your orders early. Send for circular and testimonials of the Ripper Feed Cutter, the best corn and ensilage cutter on the market.
