HAVEN'T YOU SEEN Our Advertisement?

There is no quarantine law, and now is the opportunity for you to get good Holstein cattle as there is in the United States. Our herd is near the Canadian line. Expense of transportation is comparatively small. We have 100 head, 90 per cent. of them are strong in the blood of De Kol 2nd and Netherland Hengerveld, the two greatest butter cows ever officially tested. Don't be contented with anything but the best. If you're starting, start right. If you started wrong, get right. If you haven't started, start now. Hundreds of dairymen have doubled the product of their herds. We have a few bulls, sired by De Kol Artis, twelve months old, and ready for service; also females of all ages. Prices reasonable, terms easy. Address—
Henry Stevens & Sons, Lacona, N. Y.

PLEASE MENTION FARMER'S ADVOCATE.

GOSSIP.

Alex Hume & Co., Menie, Ont., advertise in this issue Ayrshire cattle and Yorkshire hogs. Their stock has always been of good standard and up-to-date in type and quality.

Mr. H. Fraleigh, Forest, Ont., advertises high-class Jerseys. He has spared no expense in securing the best strains of blood, and claims to have up-to-date individuality, based on inheritance of large capacity for working in butter.

We are informed that Mr. T. C. Wallace, of Wallace & Fraser, has been chosen Canadian representative on the Advisory Board of the Association for promoting the use of Thomas-Phosphate Powder. Headquarters of the Association is in Carlsbad, Berlin, Germany.

Messrs. R. & S. Nicholson, Sylvan, Ont., advertise in this issue an auction sale of Short-horn cattle on March 8th, when they will offer 20 females and 10 bulls. The Sylvan herd has had a successful career in winning honors at the leading shows in Canada, high-class sires having been constantly in service, and supplying stock bulls for many strong herds throughout the Dominion.

Messrs. E. & O. Chase, Port Williams, N. S., report their herd of Shorthorns wintering well, and the natural increase satisfactory. Peach-blow, the 1st prize two-year-old heifer and sweepstakes female at the Provincial exhibitions at St. John and Halifax, is keeping in her usual good form and looking the picture of robust health. The heifer calf which won 1st at St. John and Halifax has gone on well and makes good promise for the future, while the bull calf Scotia's Prince, which won 1st at both Provincial fairs and headed the 2nd prize young herd at St. John, has been sold to the Maritime Stock Improvement Company, at Nappan; but others of the same type are coming on, and likely to be just as good.

Robert Davies, Thorncliffe Stock Farm, Toronto, reports the sale to W. W. Ballantyne, Stratford, Ont., of a young Ayrshire bull, by imp. Oliver Twist, dam imp. Clara 3rd of Ballowart, a Royal winner, by White Cockade (illustrated in our last issue). This cow was tested in January, 1899, one week, and gave in that time 307 pounds of milk and 19 pounds of butter. They have also sold the 1st prize yearling bull at Toronto Exhibition, Duke of York (imported), by Duke of York, and from same dam as above, to C. J. Smith, Ottawa. We have numerous inquiries for Ayrshires, and find that they are in good demand. Have also many enquiries for Clydesdale and Thoroughbred stallions.

Edgar Silcox, Shedden, Ont., writes: "My herd of Jerseys are doing remarkably well this winter, my average for butter alone last year being \$53.00 per head for twenty cows, and prospects good for beating that record this year. My Tamworths are doing splendidly; have six sows and one boar 3 months old and litter 2 weeks old that are all right and splendid bacon pigs, from prize-winning stock. These are fine pen of White Wyandotte fowls. These are the right kind of fowls for the farmer, large in size, rose comb, and one of the best winter-laying varieties. These are from the noted McCormick strain; and fowls from the same strain won the largest number of 1sts at London last fall."

A COMING SALE OF SHORTHORNS. S. J. Pearson & Son, Meadowdale, Ont., announce in our advertising columns in this issue, that on account of the retirement of Mr. Pearson from farming they will sell their entire herd of Shorthorns, consisting of 30 head, on Wednesday, March 22nd. The herd contains excellent representatives of a number of the most approved and popular families, and is headed by the imported Kinellar-bred bull British Statesman, a bull of great scale and excellent quality, many of whose sons and daughters will be in the sale; while among the females are daughters of imported Comet, Golden Crown, and Grand Sweep. Apply in good time for a catalogue.

NOTICES.

Feed Bolters. The galvanized steel feed boiler advertised by the McClary Mfg. Co. in this issue is meeting with a tremendous sale, and usually where one goes others follow, so satisfactory are they. They are constructed to avoid loss of heat, and are, therefore, fast cookers and economical with fuel.

The Steele Briggs Seed Co. A garden without sweet peas is considered a back number at this age. Perhaps no other flower has enjoyed more improvement than this class of plants, and to get the latest sorts live seed houses should be patronized. Steele Briggs Seed Co., of Toronto, offer a number of specialties in peas in their advertisement. Their profusely illustrated catalogue will be sent free to intending purchasers on application.

A Good Book. A copy of that excellent story entitled "Overcoming the World," by Charles M. Sheldon, author of "In His Steps," has been sent to us by The Poole Printing Co., Limited, Toronto, Ont. This story is interesting alike to old and young, and has a powerful influence in the moulding of character. This makes eight books of Sheldon's published by The Poole Publishing Co., Limited, the extra fine cloth edition of which makes a splendid set of books for Sunday-school libraries. They are undoubtedly the best library books published this year. In paper covers, 25 cents; extra fine cloth binding, 50 cents. For sale by all dealers, or sent by the publishers post-paid on receipt of price. Or any six books in paper covers will be sent post-paid for \$1.00, by sending to The Poole Printing Co., Limited, 28 and 30 Melinda Street, Toronto, Ont.

A Satisfactory Feed Cooker. Economy of time, labor and fuel are each worthy of consideration in a feed cooker. The claim is made that the Improved Reliable Feed Cooker, Tank Heater and Steam Generator manufactured by the Rippley Hardware Co., of Grafton, Ill., possess the qualifications of economy in a marked degree. We refer our readers to the Rippley Hardware Co.'s advertisement in this issue, and advise sending for their catalogue, which shows just what their cooker is, and what it is capable of doing. The Company produce on their circulars many strong testimonials from reliable, well-known stockmen who have used their cooker, and offer \$500 to any person who will prove that the testimonials are not just as they were received from the writers.
