You don't know how delicious Tea can be unless you have tried Blue Ribbon Ceylon.

Why —in these times of keen competition—is there such a great demand for this All-Steel Flexible Harrow?

BECAUSE The flexibility of the Harrow enables it to adapt itself as readily to rough and uneven ground as to smooth, and the oscillating motion produced by its flexibility pulverizes the ground and leaves it in a loose and more porous condition than any other Harrow, and it is made of the very best material money can buy for the purpose. The bars are made of Hard Spring Steel, very stiff and strong, the hinges and teeth being of solid steel, all of which are of a higher grade than is possible to use in any other make of Harrows.

We can guarantee more than double the strength and wear in this Harrow than there is in any other make.

Parties wishing a first-class Harrow will do well to write us direct or apply to the local agent.

Handsome Is that Handsome Does.

NO OTHER MOWER LOOKS QUITE SO NICE.

NO OTHER MOWER WORKS QUITE SO WELL.

OUR NO. 8.

We are a loyal people—
None more so;—the motto we teach:
Then why not be consistent,
And practice what we preach?

Our soldier boys have courage.
Our workmen have skill:
Why, then, buy foreign-made machines,
And our own men help to kill.

Perhaps, for the want of thought,
Some for the moment may have strayed:
But who is there among us
For experience has not paid?

But now, with spring returning,
The fields will soon be green;
Then buy from us our Number Eight,
For she's the meadow's "queen."
