

When The Corn Is Ready To Harvest For Your Silo you want an ensilage cutter that saves as much labor and time as possible—a cutter that does not require a powerful engine to operate nor clogs when feeding either green corn or dry fodder fast. The machine you need is the

**PAPEC Pneumatic Ensilage Cutter**

The one blower cutter you can operate successfully with as small as a 4 h.p. gasoline engine. Not chain driven—there is no lost motion—heavy gears transmit all the power. The "Papec" cuts silage into fine and uniform lengths without stalling. The throwing, blowing, lifting force carries the silage rapidly up into the silo in a steady, full stream, distributing so it packs perfectly. This helps keep the ensilage fresh and sweet.

Write For Free Book  
It illustrates and describes the full line of Papec Ensilage Cutters and explains why these machines save time, money and labor at silo filling time.

GILSON MANUFACTURING COMPANY LIMITED  
1809 York St., Guelph, Ont.

\$47.50

**KEROSENE AND GASOLINE ENGINES**

The FIELD Type "W" Kerosene and Gasoline Engine is being operated with a saving of from one-third to one-half in fuel cost, the variation in this, depending upon the comparative cost of kerosene and gasoline in different territories. The FIELD Type "W" will consume about the same amount of kerosene per hour as when operated on gasoline, or approximately one gallon per each horse power developed for ten hours. The sizes are 1 1/2 to 15 h.p. semi-portable and 5 to 15 h.p. portable. Write to-day for circulars and full information to The Robt. Bell Engine and Thresher Co., Limited, Seaforth, Ont.

**Gilson Speed Governor**

will save your cream separator from jars, shocks and the uneven speed of your engine. Starts separator slowly, runs any speed, and relieves separator of all vibration. Power can be cut catalogue. PRICE \$11.75.

1809 York St., Guelph, Ont.

**McCormick—The Binder of Satisfactory Service**

HERE are some of the things that stand back of McCormick binder service.

On a McCormick binder the reel has a wide range of adjustment and handles successfully, tall, short, down or tangled grain. A third packer assists in handling grain that is full of undergrowth or that is very short. The bottoms of the guards are nearly level with bottom of the platform, allowing the platform to be tilted to cut close to the ground without pushing trash ahead of the knives.

The floating elevator on a McCormick binder handles grain in any quantity and does not clog. The cutter bar is built to use either smooth section or serrated knives. The improved McCormick knottor does good work without the usual close adjustments.

The McCormick local agent will explain these and other important features on the McCormick binders which are built especially to meet Eastern Canadian conditions. You can get catalogues from him, or, by writing the nearest branch house.

**The best paint for your house**

Paint-making is more than mixing some pigments and liquid with a paddle. This explains why you can give best protection to your house if you use scientifically prepared paint.

Real paint—the kind you want—is made scientifically, in a way that calls for expert paint-makers, scientific selection of materials, accurate proportions, immense grinding and mixing machinery and other factory equipment. No hand-mixed paint can begin to compare with

**Lowe Brothers High Standard LIQUID PAINT**

Careful tests have shown that good wearing and protecting qualities of paint depend upon the fineness of the grinding as well as upon the accurate proportions of the materials, and their high quality. "High Standard" is made of the choicest materials and in the exact proportion that years of exposure tests have proved to give best results. No one can approach this in home-made paint.

For interior walls and ceilings use Lowe Brothers Mellotone—the beautiful finish that is washable, fadeless and does not easily scratch or mar. Adapted to every room in the house.

Have the best looking house in your neighborhood. Ask your local "High Standard" dealer-agent to give you paint information and color combinations for exteriors, interior walls, floors, woodwork, etc.
