The council of a New Brunswick city have decided that they cannot carry on a certain municipal work because they only received one bid when tenders were called for. During the past few weeks we have received similar information from other municipalities. So many municipalities have got into the habit of advertising in the local papers only. Those informed of the work to be done comprise a very limited circle, and it is only by familiarizing contractors on the outside with the requirements that these municipalities will secure a larger number of tenders and fairer prices. —(Canadian Engineer, May 7th, 1909.)

It pays to place advertising for municipal work in the paper that touches the largest number of possible bidders—the CANADIAN ENGINEER, Toronto.
