Messes. R. C. Margeson & Co.— Gentlemen: 1 have been afflicted with gravel and stone up wards of a year and a halt. Tried everything I could hear of for its relief, without avail. Saw your anvertisement of Calculifuge in the Halifax papers; took three bottles according to directions, and in the short space of four weeks am entirely cured. I willingly add my testimony to its value, and heartily ecommend it to all afflicted as I have been.

Messes. R. C. Margeson & Co -Dear Surs: Please accept this testimony from one who has been suffering for upwards of five years from Gravel and Stone in the Bladder, and was advised by my friends to try your Calculifuge. I did so, and am happy to say that after using the two bottles you

sent me last summer, it entirely cured me. I passed five stones the size of small peas, and upwards of a wine-glassful of smaller ones and gravel, and will send them to you by the first chance. I would advise all that are suffering with the same complaint, to secure your valuable medicine at once, as it has been the sole means of curing me. I will take pleasure in giving all the information I can to all that will call to see me at my house.

ANDREW CRAWFORD. Messas. R. C. Margeson & Co.—Dear Sirs: I was a great sufferer for upwards of eighteen

MESSER, R. C. MARGESON & CO.—Dear Sirs: I was a great suffere for upwards of eighteen years with that most distressing complaint the Gravel. Tried many kinds of medicine as well as different Doctors, but got only temporary relief at short intervals. I saw your medicine advertised called Calculfuge, as well as different certificates from those who suffered with the same complaint. Feeling encouraged, I resolved to try it, and atter taking three bottles, I found myself nearly cured, and am of the opinion that the fourth bottle will make a final cure. Wishing you every success, I remain yours,
