## Certainty of Realization.

You may have in your possession some gilt-edged securities which will not realize half their full value after your death.

On the contrary, however, if you possess a policy of life insurance the amount payable at death will not shrink, but the face amount will be fully realized.

You should procure a policy without delay so that your family or those dependent upon you will be certain of realization in their time of need.

"We find that the ale uniformly and well agreed with the patients, that it stimulated the appetite, and thereby increased nutrition. The taste, likewise, is always highly spoken of. In nervous women, we found that a glass at bedtime acted as a very effective and harmless hypnotic."—SUPERINTENDENT OF LARGE U. S. HOSPITAL.

THERE are two personalities concerning the performance of every piece of music, the composer and the player. The better the player, the better our conception of the composer's intentions—the greater our pleasure in the music. In piano music, which includes all the best music, there is still another factor—the instrument.

## On the 17th Anniversary

of the Great-West Life Assurance Company—August 18th last—the Business held in force was over \$43,000,000.

It is an evidence of the value of the Great-West Policies that no less than \$5,000,000 of this large amount is "repeat" Insurance. Policyholders, needing more protection, have found themselves unable to improve upon the Policies they hold, and have insured again with The Great-West Life.

And well they might. Low premiums and high profits are strong arguments.

Ask for information.
