

# GREATER CASE 40

## Backed by a 70-Year-Old Reputation and \$40,000,000 Capital

This car we regard as the crowning achievement of a company which for seventy years has stood at the head of manufacturers of the highest type of machinery. It is a quality product from first to last and, by all standards of comparison, the greatest value in an automobile on the market today. The Greater Case is great in size and magnificent in appearance. It has all the elegance and style and luxurious comfort of cars that cost a fortune. But the dominant factor in its supremacy is hidden under the hood.  
—IT'S THE CASE ENGINE!

The Case is known far and wide as the car with the

famous engine. This engine embodies advanced ideas found in no other make—ideas that have been worked out with consummate skill and infinite care and patience.

It took eighteen years to perfect the engine that makes the Case supreme.

These eighteen years, devoted to designing, experimenting, refining, improving and perfecting this wonderful engine, have brought forth what we believe to be the masterpiece of America.

An engine so simple, compact, silent, accessible and powerful that its equal does not exist.

## “The Car With the Famous Engine”

### Our Mighty Engine

These statements, coming as they do from one of the most conservative manufacturers in the world, are based on the actual performance of the engine. It is due to this extreme conservatism that we rate as a 40 horsepower, an engine that shows 52 horsepower on the brake test. This is the same type of engine that carried the Case “30” to victory and fame on race tracks, durability runs and hill-climbing contests galore.

### The Handsomest Car at Any Price

The Greater Case is big and roomy, with a straight line body and sweeping lines that give symmetry and grace. It is richly finished and upholstered, handsomely trimmed, luxuriously appointed, and up-to-the-minute in style.

Wherever seen, in country touring or on the city boulevards, its splendid lines and stunning style command universal admiration. No modern car at any price surpasses it in appearance.

And its perfect balance and long, strong springs, make it by far the easiest riding car.

### The Car for Service

Case Cars are always ready to go. The engine always runs.

The Case Car is built throughout of the finest materials available in automobile construction, by a highly-skilled factory organization, in a plant whose mechanical equipment is unexcelled.
