

# Opportunities

Often present themselves to the individual  
But are not always recognized

MR. FARMER: Did you realize just how much The Grain Growers' Grain Company would mean to you when it was first organized?

Many doubted the possibility of the farmers establishing a permanent company of their own. All recognise the fact that you now have this in The Grain Growers' Grain Company Ltd.

It will grow in usefulness in proportion to its increase in numbers and accumulated finances.

For further particulars mail the attached coupon

You can help to increase its efficiency by subscribing to its stock and shipping your grain to its order.
