

## No. 295½ "New Strathcona"

With Semi Auto Body and Child's Seat.

An entirely new design Strathcona Body, made in the same commodious pattern as our popular No. 214½. Very comfortable and classy.

**Woodwork**—Panels are carefully glued, screwed and plugged; mouldings as represented, are solid, not cheap transfers; best selected gearing throughout; bent knees; fenders mortised to beams and braced; patent hinged dash; shafts extra XXX hickory; new style body.

**Ironwork**—All braces, T's, etc., of steel, forged in our own factory; 1¼ inch projecting steel shoes; gear very strongly braced.

**Painting**—Body bright or dark colors, or walnut, handsomely striped and decorated; gear camine or black.

**Trimming**—High grade embossed green or red mohair plush, or best blue or green leather cloth; high easy spring back, removable pattern and spring cushion; sides of panels padded; carpet all around inside; padded toe rail; solid brass full plated screen; shafts full leathered with silver tips.

Important Note—Detachable storm doors can be supplied at extra cost.

Telegraph Code, No. 295½: *Abarillas*.
