BIG TRIBUTE TO CANADA.

The great importance of Canada in the eyes of the Old Country, is once more demonstrated by the issuance of a Canadian supplement by the Illustrated London News-the leading paper of its kind in the world.

Under the heading "The Great Dominion of Canada," it devotes 28 Pte. A. Farrell; to be Corporal, No. pages to the theme, with a wealth of 5922, Pte. F. W. Paterson; to be Corviews and pictures.

In a very eulogistic preface these

words occur: "The romance of Canadian development is written in yearly chapters and in the past decade each chapter has been more remarkable -we had almost said more sensational - than its predecessor. Such a tale of progress as the great Dominion has to tell, was never

"A glorious climate, rich in the gift of sunshine, a stable government, unlimited opportunity, and good fellowship—these are some of the gifts Canada offers to every able bodied man and woman, rich or poor. In years to come the historians recalling the time when the Dominion was still summoning its population from all points of the compass will wonder, not the rush of immigrants was so large, but that it was not larger still. Will Accept Terms of Peace

[Canadian Press Despatch] LONDON. March 29-The Times says there is reason to believe that with slight modifications of the frontier suggested by the powers, made necessary by railway and strategical considerations, the Bulgarians will accept the terms of peace recommended by the powers. Though the allies desire an indemnity, and the powers have refused to agree to indemnity being paid by Turkey, this difference is likely to be bridged by a concession regarding the propor tion of the Ottoman debt, the allies are to assume.

The Correspondent at Constanti-nople of The Times says the minimum estimate of the Turkish loss at the Tchatalja lines from Monday to Wednesday is 5,000 men.
