Sydenham Double Results.

Last evening two more games were played in the Sydenham Scotch Doubles. W. Showler and Richard Gowman defeated W. Licht and W. Pincock by the score of 14 to 7. The game was a better one than the score would indicate. Mr. Pincock made some exceptionally fine shots. The other pair played a steady game all the way through. J. McLean and Clark Vancouver had a rather easy time defeating Alf Douglas and Frank Alderson, the score being 18 to 5; but the boys made the best of it and enjoyed the game to the full. The second round of the trophy competition begins to-night. The consolation draw will begin the first of next week.

EVELYN THAW MAY NOT BE ALLOWED IN CANADA

Immigration Authorities May Consider Her an Undesirable.

OTTAWA, Sept. 12.—Evelyn Thaw, who has been engaged for theatrical appearances in Toronto and Montreal may not be allowed to cross the Canadian border. The Canadian authorities are considering the advisability of refusing her admission as an undesirable. It is held that she is being brought to the United States for the purpose of exploiting financially the unpleasant notoriety which she and her husband, Harry K. Thaw, have received during the last five years. The Canadian immigration law authorizes officials to refuse admission to Canada those whose mentality, morals, finances, or general record are under suspicion. The provision is believed to be wide enough to close the door against Evelyn Thaw.

WESTERN ONTARIO APPLE CROP LIGHT

Small Quantity of Number 1 Grade Scarcity for Winter Indicated.

GUELPH, Sept. 12.—From reports which have reached the city during the past few days there will be a scarcity of good apples during the coming winter. Dealers paid a visit to the farms in the township of Puslinch and Naasagawaga during the week, and report the apples a poor crop. There are very few number one apples at all, and the number two and number three grades will be light. This applies both to Fall and Winter apples. The cause of this is attributed to a backward spring and exceptionally dry weather. The Colvert apple, which is usually large, will be small this year, with but very little color in it, while the same thing may be said of the Spy, the Snow and others.

ST. THOMAS GIRL SUES FOR BREACH OF PROMISE

Promised Twice to Marry Her But Failed to Keep Appointment.

ST. THOMAS Ont., Sept. 12.—Chas. Popham, Wabash engineer who married a St. Thomas girl a few days ago, faces a \$5,000 breach of promise suit. Damage to that amount is being asked for by Miss Zaida McGugan, also a St. Thomas girl, who alleges that Popham promised to marry her on two different dates, both of which he failed to fulfil. She also claims he has been paying her attentions since 1906, with a view of marriage. The case will likely come up at the Fall Assizes in St. Thomas. The Rev. A. M. Snodden, John Knox Parish Church, Aberdeen, intimated to his congregation that he had accepted a call to the Presbyterian Church, Johannesburg.

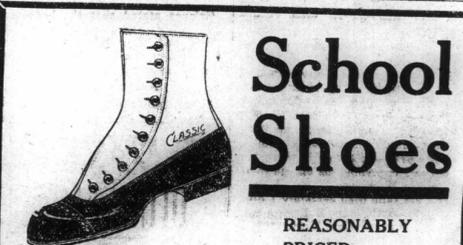

Golf Notes

The September cup will be played for to-morrow afternoon on the arrival of the 2 and 3 o'clock cars. The third match with Galt for the Webbing trophy will be played for in Galt on Saturday, Sept. 20th. The Brantford players have a substantial lead in this year's competition. Last year, Galt won the shield.

A meeting of the directors of the club was held last evening when it was decided not to place the city water in the club house this season. The mains have been laid to the club gate, and the connection will be made next spring. It is expected that the arbitrators in connection with the claim against the Lake Erie & Northern Railway will meet in the course of the next week or ten days. A party of Berlin ladies and men will visit the city next Wednesday and mixed foursomes will be played with the Brantford club.
