TORONTO EXHIBITION

A Great Record

The achievements of the Independent Order of Foresters in the field of fraternal insurance societies after years of experience stand out as evidence of what may be accomplished by an organization guided by men having the highest interests of the Order at heart.

At the head of Society Row the deputies who have had charge of this great Order's tent, which stands in that proud position, are very loud in their expressions of the successful two weeks they have had. They are somewhat tired after shaking hands with the many thousands members from all parts of the Foresteric world, yet they are most enthusiastic as to the future, and the good this tent has been, not only in advertising their Order, but in providing a place of rest, which has been very much appreciated. Many names have been left as prospective candidates, whom the deputies will immediately seek, and no doubt the members of this great body of fraternalists.

A visiting member at the tent was heard to say that he wondered why it was not possible to have a few deputies go out and canvass people for this great Order; that he thought the people should so appreciate the great work that this Order was doing and the great benefits to be obtained by being a member of same, that they would be asking for these benefits and not make it necessary to have organizers seeking them. And how true this is! It is an organization that is organized for the pure purpose of co-operating men and women together to advance the welfare of each other, and to give them an insurance policy at cost. This man was noted to say that he was proud of any Order that would be able to distribute over two millions of dollars to widows and orphans, which is the amount distributed by this Order in the last forty years. This in itself should awaken men and women to truly realize and thoroughly appreciate the great good this organization is doing. It should inspire every man and woman to take a more determined stand to assist in promoting such an institution, which is doing so much good for its fellow-man.

Another great feature of this Order's policy is its disability benefit, which practically means that when a member is permanently and totally disabled he is not burdened down with further assessments but receives 70 per cent. of his policy, in three payments.

Another great feature in this policy is the relief it is to the member when he reaches the age of seventy, as he can cease his payments, if he so desires, and can draw seventy per cent. of his policy in a lump sum. This in itself is a benefit which should awaken the young man to the importance of making application in a society that will guarantee him full protection against death or disability, and when he reaches the age of seventy and finds he is unable to fight the battles of life as he has done in the past, he receives all the money he has paid into the Order, with a small interest added.

Another grand feature of this Order's work is the benefit it is to the young man who, owing to the demands of life, feels he is unable to open a bank account. The Order takes him by the hand and gives him an opportunity of paying a certain amount of money every month, which gives him the protection of a \$1,000 policy with all the above benefits added.

Another feature of the Order is proud of is the fact that it is privileged to write a policy as high as \$5,000. These policies are open to both men and women, combined with their splendid sick and funeral benefits, by which they have brought comfort to many thousands at a hour of sickness, and the visitation of its members and the tender care of a nurse, who many times has been provided for by the Order before a member has even been privileged to enjoy the benefit of from \$3 to \$5 a week for the first two weeks, \$5 to \$10 per week for the next two weeks, and \$10 to \$25 per week for the next six months. Many have been cheered and made happy during their moments of sickness, and had it not been for the enthusiastic members they would have had to endure that suffering alone.

The record of this great fraternal body is well worthy of investigation, and should be read by every man, woman and child, and those in charge of the tent are loud in their expressions in claiming that they expect to have one of the greatest camps in the history of fraternal insurance societies, conducted during the fall and winter months. Further information and literature can be obtained at the Independent Order of Foresters' Headquarters, Temple Building.

SAGE TEA PUTS LIFE AND COLOR IN HAIR

Don't Stay Gray! - It Darkens so Naturally That Nobody Can Tell.

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you use a so great beauty "Weyth's Sage and Sulphur Compound" at any drug store. Millions of women are surprised to find that the Sage and Sulphur Compound is sold annually, says a well known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied. Those whose hair is turning gray, becoming faded, dry, scraggly and thin, have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful - all it needs is coes, scalp itching and falling hair stops. This is the age of youth. Gray haired unattractive folks aren't wanted around so get busy with Weyth's Sage and Sulphur to-night and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

Soft Ball

A final meeting of the City Soft Ball League was held at the Y. M. C. A. last night. The meeting was called to order by President Lyle. All the teams were represented, Mr. K. Edmondson acting as secretary for the meeting. The first business discussed was the question of the standing of the Clerks who claimed to still have a chance for the second series. Evidence, however, proved that this claim was unjustified. It was, therefore, moved by E. Slattery (Clerks) seconded by A. The winners in two successive seasons to become permanent holders. The Ham and Nott team having won the league two years in succession because the permanent holders of the cup. They were congratulated by the representatives of the other clubs. It was moved by E. Slattery seconded by G. Legacy, that Mr. Roper and the other officers of the Y. M. C. A. be thanked for their kindness in allowing the league to hold meetings in their building.

The winning rink, composed of Sam Pilling (lead), Geo. Cromar (second), W. D. Coghill (vice) and Frank Read (skip), were each presented with a half dozen silver fruit knives. The losers were Wm. WHAT UHLANS REALLY ARE

The word "Uhlans" denotes a certain type of cavalryman in the Prussian army. There are 26 regiments of them in the German army - 15 Prussia, three from Saxony, two Bavaria and two from Wurtemburg with a total strength on a peace footing of approximately 25,000. The Uhlans is armed with sword, sabre, carbine and pistol. He is mounted and his equipment is specially designed for the purpose which he is employed - ready to run, ride down outposts or fighting parties of the enemy, harry flanks and screen the movements of his own main body. The word "Uhlans" itself is of origin and denotes a lancer. The Franco-Prussian war these lancers made a name for themselves for their quick dashes and rapid peditions and the ruthless manner which they ravaged the country through which they went.
