A Woman's Problem

How to Feel Well During Middle Life Told by Three Women Who Learned from Experience.

The Change of Life is a most critical period of a woman's existence, and neglect of health at this time invites disease and pain. Women everywhere should remember that there is no other remedy known to medicine that will so successfully carry women through this trying period as Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs. Read these letters:—

Philadelphia, Pa.—"I started the Change of Life five years ago. I always had a headache and back-ache with bearing down pains and I would have heat flashes very bad at times with dizzy spells and nervous feelings. After taking Lydia E. Pinkham's Vegetable Compound I feel like a new person and am in better health and no more troubled with the aches and pains I had before I took your wonderful remedy. I recommend it to my friends for I cannot praise it enough."—Mrs. MARGARET GRASSMAN, 759 N. Ringgold St., Philadelphia, Pa.

Beverly, Mass.—"I took Lydia E. Pinkham's Vegetable Compound, for nervousness and dyspepsia, when I was going through the Change of Life. I found it very helpful and I have always spoken of it to other women who suffer as I did and have had them try it and they also have received good results from it."—Mrs. GEORGE A. DUNBAR, 17 Roundy St., Beverly, Mass.

Erie, Pa.—"I was in poor health when the Change of Life started with me and I took Lydia E. Pinkham's Vegetable Compound, or I think I should not have got over it as easy as I did. Even now if I do not feel good I take the Compound and it restores me in a short time. I will praise your remedies to every woman for it may help them as it has me."—Mrs. E. KISSLENO, 951 East 24th St., Erie, Pa.

No other medicine has been so successful in relieving woman's suffering as has Lydia E. Pinkham's Vegetable Compound. Women may receive free and helpful advice by writing the Lydia E. Pinkham Medicine Co., Lynn, Mass. Such letters are received and answered by women only and held in strict confidence.

THE INFLUENCE OF CANADA

News Letter Aug 15th 1917.
The influence of Canadian patriotism has been far-reaching. The Baltimore Sun has this to say of Canada—"It is honor to live next door to her." Blood is thicker than water. Our American cousins were quick to grasp the significance of Canada's response to the challenge of Germany. Our victories were their victories. When Canada won fame they cheered with the best of us, and felt it an honor to live next door to us. The Baltimore Sun reflects the close and friendly relations that now subsist between the Republic and the Dominion:
"Kipling called Canada 'Our Lady of the Snow,' but the story which our staff correspondent is telling of her war record shows that when her pride, her loyalty, and her affections enlisted she is the Vesuvius of Nations. Every American ought to read the narrative of Canadian sacrifice and Canadian heroism. It is an epic which Homer might have been proud to tell. We confess that, when we compare this splendid enthusiasm, this eager devotion, this unquestioned and magnificent courage and unselfishness with certain manifestations of American indifference, halfheartedness, and calculating prudence, we feel a sense of humiliating moral inferiority."
"Some fool American before the war used to talk about annexing Canada and extending to it the blessings of Republican government. Unless we raise ourselves to the spiritual level of these great-souled people, the best thing that could happen to us would be to get Canada to annex us. But we hope these letters will thrill our hearts with admiration, and will stir us to a generous emulatioin. To be a Canadian must be, for the next generation at least, equivalent to being one of the elect of the earth."
Canadians at home must live up to this record. It is record which has not been made by the Government or by Parliament, or by the millions of Canadian who live in comparative ease and security within their borders remote from the thundering reverberations of the guns. This record and this fame were won on the fields of battle where sleep the vanguard of Canada's army of national defence—the noble youths who for a perilled heritage.
"In some divine awakening caught, Set it against all dream and joy, And died in rapture at the thought."
—Toronto Globe, July 26

PROGRESS OF THE PULPWOOD INDUSTRY

The war with its changes in trade routes and markets has tended to greatly increase the pulpwood and pulp industry in Canada in the last three years. In fact the industry has grown steadily since its inception. These facts are shown in a bulletin just issued by the Forestry Branch of the Department of the Interior. The total value of the pulpwood made into pulp in Canada and exported in the raw state for manufacture abroad was nearly \$20,000,000, \$20,000,000. The amount of pulpwood made into pulp in Canada was 1,764,912 cords, an increase of about 300,000 cords over 1915. While over a million cords of wood were exported in the raw state for manufacture abroad, this was lower in proportion to the total pulpwood made into pulp in Canada than ever before, showing that the Canadian manufacturers are working up more of this raw material in our own country. The statistics of the industry are set out in Bulletin 62B, Pulpwood, 1916, which may be had free by application to the Director of Forestry, Ottawa.

Laurier Backs Quebec

The story sent out from Ottawa representing that Sir Robert Borden had made another futile attempt to induce Sir Wilfrid Laurier to join his Government is part of a general scheme to make it appear that the Premier is in deep water and is shouting lustily for help. The fact is that Sir Robert's negotiations with Sir Wilfrid ceased with the latter's refusal to countenance a coalition based upon conscription. He has later made it clear by public pronouncement that the attitude he then assumed he still maintains. Every one who has had the least knowledge of what has taken place during the negotiations and since knows that to be the fact. It is foolish to say that he reversed his attitude at any conference. He knows that Sir Wilfrid wants an election, hoping that with all the indignant and disloyal elements behind him he may succeed in the absence of the soldiers. If others think they have influence enough with Sir Wilfrid to make him change his view, there is no particular harm in letting them try their hand, and it is not the Premier's inclination to refuse to join in such conversations, although he knows they are condemned in advance to futility. Prominent Liberals inside and outside Parliament believed they could influence Sir Wilfrid in favor of conscription just as they believed last year that they could pry him loose from bilingualism. They find him now as they did then—obstinate and abducture. He has elected to stay with his compatriots in Quebec.

Gentlemen,— I have used MINARD'S LINIMENT on my vessel and in my family for years, and for the every-day ills and accidents of life I consider it has no equal. I would not start on a voyage without it, if it cost a dollar a bottle.
CAPT. F. R. DESJARDIN,
Serh. Storke, St. Andre, Kamouraska.

The Manitoba Free Press, which is the most influential Opposition newspaper west of Toronto, openly condemns the Winnipeg Convention for calling upon the West to support Sir Wilfrid Laurier in his opposition to conscription. The Free Press concludes a scathing article with the words: "The Liberals of Western Canada who have given their blood and treasure to this great cause, whose homes are desolate by the sacrifices of the war, are to do this in order that ambitious gentlemen in Edmonton and Vancouver may recover or secure certain jobs that are attractive to them. The Western Liberals will regard the proposition as an unspeakable infamy. They will reject it with scorn, with contempt, with blazing and wrathful indignation." The Winnipeg Tribune, independent Liberal, is equally vitriolic in its editorial review of the Convention. It emphasizes the enormous and unprecedented difficulties which the Borden Government has had to overcome in presence of war. It condemns the delegates as a crowd of party politicians bent on the achievement of office. It scores them for planning to use Sir Wilfrid Laurier in consolidating all the disloyal elements in the population against conscription. It declares that all true Liberals and loyal Canadians must unite in a determined effort to defeat such an unpatriotic conspiracy. The Great War Veterans' Association has already denounced the conclusions of the Winnipeg Convention as an insult to the Canadians and relatives at home, and to all decent-minded Canadians everywhere. The Convention was composed of hand picked machine delegates, many of them representative of the alien, anti-British sections of the community. Under the leadership of furious partisans and incurable idolaters like Hon. Frank Oliver and Hon. C. W. Cross, this packed gathering passed eulogies on Sir Wilfrid Laurier. It is also evaded the paramount issue of conscription for the support of the 150,000 Western Canadians overseas.

BURDEN FALLS UPON STATES AND CANADA

Toronto Globe (Liberal)—One of the Executive has received a letter from the Lieutenant-Colonel of a Canadian battalion overseas, the following extract from which shows the great need of activity by those who sympathize with the Win-the-war movement:
"Things are none too promising. You must agitate and get the country on fire. The struggle now is a struggle between the democracy of the new world and the military autocracy of Prussia. France can do but little more for us. Russia is a hopelessly broken reed. England and Scotland are drained of their best manhood.
The world's hope rests on the United States, Canada, Australia and New Zealand. Not many more men can be drafted from the last two. The burden falls on the States and Canada. Don't fail us. We'll need every possible man and every available dollar, but we will win.
The next five years will be equivalent to five hundred in the world's civilization. I would rather be my grandson than to have been my grandfather."

LAKEVILLE

Lakeville and Brooklyn Street held a very successful ice cream social on the lawn of Mrs. Arthur Johns last week. Several booths decorated with red, white and blue, offered different tempting dainties and were well patronized since over them hung the motto "Help Our Soldiers." One of the special attractions was an effigy of the Kaiser, which the boys took great pleasure trying to shoot. The splendid sum of eighty dollars was realized showing that all are only too glad to do their share to make "the boys" comfortable.
Mr. and Mrs. Harding Bligh of Ontario were the guests of Mr. and Mrs. Rupert Bligh on Thursday last. Quite a number enjoyed the picnic at the Experimental Station on last Wednesday.
Mrs. Rufus Morton and daughter Elsie have returned home after a very enjoyable trip to Sydney.

THE CORRECT WAY TO TREAT A COLD

A cough is not a distinct disease, it is the result of inflammation caused by a cold. Therefore, the only way to cure a cough is to allay the inflammation which invades the delicate bronchial tubes. All of the narcotics in the world will not correct the conditions which cause a cough—they simply deaden the senses and afford temporary relief.

Penslar White Pine and Spruce Balsam with Menthol will promptly soothe and heal the inflamed membranes and overcome the nervous irritation. Price, 25c and 50c the bottle.

Some years ago in Wyoming a bold bad man had been killed. There was scarcely any evidences against the man who shot him. The coroner's jury brought in the following verdict:
"We, the jury, find 'Bad Bill' was killed with his boots on. We're against killin'; but, thank God, Bill's dead."

Mrs. J. W. Churchill, Mrs. D. M. Welton, Dr. and Mrs. Rice and Miss Violet Churchill came from Hantsport in their motor car on Wednesday proceeding westward on a short tour.
